

The Bureau of Street Lighting (BSL) is grappling with delays in the turnaround time for repairs across the City due to several challenges related to wire theft, vandalism and personnel shortages. The estimated wait times for repairs can take several months, which leaves residential and commercial streets in the dark for protracted periods of time.

In an effort to more expeditiously meet the serious public safety and quality of life concerns of residents and stakeholders across the 5th Council District, additional resources need to be allocated to support BSL personnel.

I THEREFORE MOVE that the Director of Accounting, Board of Public Works, be authorized to transfer / appropriate **\$100,000** from the **Public Works Trust Fund No. 834, Department No. 50, Revenue Source Code 574101 (CD 5 Special Project Deposits Account)** to the below listed Accounts and in the amounts specified in the **Street Lighting Fund No. 100-84** for street lighting repairs in Council District 5:

<u>Account No.</u>	<u>Name</u>	<u>Amount</u>
001090	Salaries – Overtime	\$60,000
008780	Street Lighting Improvements and Supplies	\$30,000
006020	Operating Supplies & Expense	\$10,000
		=====
		\$100,000

I FURTHER MOVE that the Department of Public Works be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means.
