**Comments for Public Posting:** Mr. Marqueece Harris-Dawson, LA PLUM Chair My husband and I have lived in Eagle Rock on Argus Drive 48 years, a long time. We love Eagle Rock and we are grateful that the Colorado Specific Plan was put into place to watch over and protect and should in no way ever be ignored. We need to continue with the beautification of Eagle Rock, not allow a 45 ft. Cell Monster to be put in to tower over Colorado Blvd., and Argus Drive. Removing established trees and erecting this 45 ft. Massive Monster will be an eyesore to Colorado Blvd., Argus Drive, and surrounding areas, as it will be seen by all. Truth is no one would want to live by or see this up close or from a distance because it takes away from the beauty of Eagle Rock, it's just 45 feet Ugly. It's so unfortunate that a man who doesn't live in our community, made his money here and wants to sell his mini mall, and sweeten the sale with additional income is done at the expense of causing a 45 foot horrible monstrosity to be viewed by everyone in and traveling through Eagle Rock daily. I'm appreciative that Councilman DeLeon put forth a motion for City Planning to rescind its approval. Whether the decision maker is elected, appointed or hired, I want that someone to look out for the people. To look out for all of us in this matter. Verizon failed to follow the correct procedures, the public hearing was cancelled, I waited for further information I never received. I want correct procedures. Please, place Councilman DeLeons motion on the Committee's agenda. Give us the public hearing to voice our opposition and we will all be there. Thank you for your time in reading our concerns. Robert and Cathy Vacca, Argus Drive

**Comments for Public Posting:** - The project is a gross violation of the Colorado Blvd. Specific Plan, a law that was passed to protect our community from reckless, inappropriate development just like this. - We deserve to have our voices heard in a public hearing! This is our community, and we have the right to weigh in on decisions that affect it. - The preservation and beautification of Eagle Rock is extremely important to you. This project will permanently scar Colorado Blvd with a giant, ugly eyesore. I feel that if this violation is ignored, it may open up a way to approve future projects that go against the Colorado Blvd. Specific Plan. Please do not let this happen.
