Comments for Public Posting: I am against this project being done. Take old abandoned buildings and fix them up. Lower rents but NO on this project

Comments for Public Posting: I am against the construction they are proposing to build on 7947 Wilbur and 7745 Wilbur. I feel it's an invasion of privacy and will double in traffic due to the traffic we already get from the high school. Please take our request into consideration. Thank you.

Comments for Public Posting: I am against this project as it is important to retain areas of the San Fernando Valley as horse properties. This has been and should continue to be an important part of how the city looks at the future of how land is developed. There are many areas of the valley that can incorporate more density but this is not all areas. Please do not let this project move forward. Sincerely, Lorelei Buda

Comments for Public Posting: Even though the Mayor and Councilman are under hot seats, scrambling to build low income housing, you can not, because you are the government, destroying other people lives. I'm referring to the developers proposal to build a 220 unit apt on 7745 Wilbur St in Reseda neighbourhood. Although SB9, AB1033 are approved, it suppose for ADU, single houses only, which was fairly making sense. But 220 units apt, sorry to say, it's a joke! Behave like respects leaders as we voted for you to do the jobs!!!!

Comments for Public Posting: As a resident of Reseda Ranch for 43 years, I am vehemently against this development. This will only succeed to bring more crowding and crime to our area. Our community is a quiet and spread out oasis in this vast city we live in and I want to keep it that way.

Comments for Public Posting: We bought our home in this neighborhood 22 years ago to get away from a fast and crowded area in Los Angeles. These massive buildings will just crowd the area and make it hard to enjoy. I am against this project being allowed.
