Council File No: 24-1063

Comments for Public Posting: Dear Members of City Council, I am writing in support of the revised motion (24-1063) introduced by Councilwoman Jurado to rezone the 710 Freeway corridor. Through multiple meetings, Councilmember Jurado and her staff actively sought community input to ensure that the proposed rezoning reflects the interests and needs of El Sereno residents. The motion aligns zoning designations with the existing built environment, while preserving the historical integrity of the corridor's original housing. Importantly, the proposed changes maintain the R1-1 single-family zoning in most of the corridor, which El Sereno residents have long advocated for. El Sereno has faced years of uncertainty following the halted 710 freeway expansion. This motion promotes stability for current residents and represents a crucial step toward restoring the vitality and livability of our neighborhood. I strongly encourage members of the City Council to vote in favor of the motion. Thank you for your consideration.
