Comments for Public Posting: My name is Luis Lopez, and I am with the organization Alliance for a Better Community, an advocacy organization focusing on advancing social and economic justice for the Latina and Latino community in the Los Angeles region. At ABC, we launched the Fuerza Fund to provide immediate emergency cash assistance to displaced workers and households affected by the Los Angeles wildfires. The fund focuses on direct relief, ensuring that essential and displaced workers receive immediate support. The Guaranteed Basic Income Program proposed by CIFD, also known as the WE Fund, will greatly complement the efforts led by ABC and other organizations committed to providing cash assistance to victims of the LA wildfires. We want to thank you for passing the motion in support of the WE Fund. We urge for this fund to be funded at the maximum possible amount to allow our essential workers and displaced families to quickly rebuild their lives. Thank you for the opportunity to comment.
