Dear Councilman Haris-Dawson,

I am writing on behalf of LA Promise Fund to express my concern about the inappropriate language, racial slurs, and offensive behavior that continues to take place during LA City Council Meetings.

As an organization dedicated to promoting equity and positive change for our communities, these council meetings are essential to our proceedings.

Our community should not have to endure this vulgar behavior in order to voice concerns with the City Council. Additionally, groups that use violent language distract from real, meaningful conversations.

We urge Councilmembers to enforce clear standards to restore order and ensure a productive environment for public discourse. Violators of these rules should not be tolerated.

Sincerely,

A handwritten signature in black ink, appearing to read 'Edgar Campos'. The signature is stylized with large, overlapping loops.

Edgar Campos
