Comments for Public Posting: We need a protected bike lane on Venice Blvd between Arlington and Fairfax. This would also work towards the Mobility Plan 2034 along Venice that we have been pushing for. Also, this is a very dangerous stretch of road and I think that dedicated 24x7 bus lanes would help decrease car traffic and incentivize transit use. This is such a dangerous area and having both protected bike lanes and 24x7 bus lanes would really make such a difference to make it a safer street for everyone.
