Comments for Public Posting: This motion beggars belief- but considering Monica Rodriquez' name is on it- I guess I shouldn't be surprised- When I read the motion- talking about "ever more books being banned"- I wondered whatever could Monica be talking about as I couldn't think of a single book which had been banned in decades- - then I realized the motion references the Eugene Airport kiosks which prints out little books for children- And then the light came on- Monica wants to sneak in those same ugly books to children - Books that parents are fighting to have removed from our schools- books on transgenderism, books with graphic sexual imagery, books on CRT and DEI- books which are blatantly propaganda - Communist propaganda- Anti American, racist, pedophilic propaganda- Shame on Monica and shame on Traci Park who lowered herself to put her name on this piece of woke indoctrination- -and shame on any of you who vote- lock step- to approve this- do you people even read these motions or do you just let everything go to a "Yes" because you are afraid if you vote against abominations like this bill- Monica won't vote for your bill? Parents have a right to raise their children the way they see fit- not the way some communist regime- government wants- This City Council and this State are undermining parents at every turn and it shows in the children of today- lost, confused and full of drugs, full of hate- Shame on you and your Godless, anti American communist agenda-
