Comments for Public Posting: I strongly support Sunset4All and the BikeLA proposals of adding additional biking infrastructure. I have friends and neighbors who have been injured and killed due to hazardous biking infrastructure in what's supposed to be one of the best cities in the world. We can transform Sunset Boulevard and the rest of Los Angeles to be bike friendly without sacrificing the needs of car owners. I am a single issue voter and I will be aligning myself entirely with candidates who support stronger bike infrastructure in LA city for my local counsel, LADOT, and all the way up the ballot.
