Comments for Public Posting: I strongly urge you to DENY the appeal and APPROVE the density bonus. LA's ongoing housing shortage is made much worse by opposition to new housing construction. 3676 Kelton will enable 43 households to find housing in an area that offers very high quality of life, including 11 low income families. Palms is walkable, well served by transit, and in close proximity to many employment opportunities, and is nowhere near to being "filled up".
