PUBLIC WORKS

MOTION

The Sidewalk and Transit Amenities Program (STAP) provides bus shelters and other amenities that support the use of public transit throughout the City of Los Angeles. There is an urgent need to address power service concerns and to perform co-location plan reviews for STAP installation sites. The improvement of service infrastructure is crucial to energize bus shelters and program elements. The Bureau of Street Lighting requires overtime funding to perform such work and to meet the accelerated demands of transit shelter installations. This work is required to universally sustain the implementation and rollout of the program.

I THEREFORE MOVE that \$200,000 in Fund No. 67H, Dept. 50, Account No. 50YMPS be transferred and appropriated to the Bureau of Street Lighting, Fund No. 100, Dept. 84, Account No. 001090 (Salaries, Overtime).

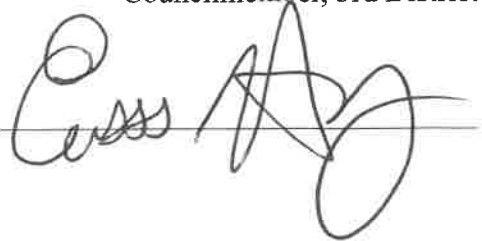

I FURTHER MOVE that the Bureau of Street Services be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections/ clarifications/ changes may be made orally, electronically or by any other means.
