Summary: The Sherman Oaks Neighborhood Council (SONC) opposes CF 22-0392 that would allow for digital advertising signage located on Transportation Communication Network Program (TCNP) Structures, unless the plan is amended to prohibit non-freeway facing structures from being used as outdoor advertising, and furthermore, includes a provision to require the operator sufficiently dim the brightness level on any TCNP digital advertising signage during overnight hours to reduce light pollution, hazards, and harm for drivers, pedestrians, residents, workers, and visitors.
