

BUDGET & FINANCE

MOTION

The Seventh Council District (CD 7) has received a request to donate 5758 boxes of nitrile gloves to Shelter Partnership. Shelter Partnership provides support to agencies and local governments on issues related to homelessness through policy analysis, program design, resource development, and advocacy. The organization also operates the S. Mark Taper Foundation Shelter Resource Bank to distribute unused donated goods to organizations serving the unhoused.

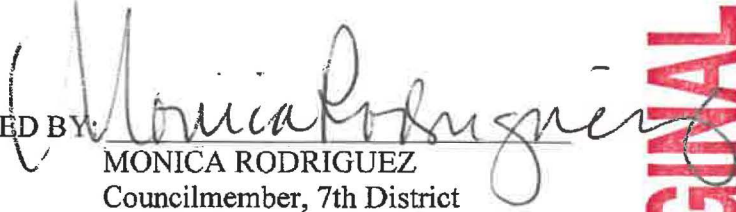

Section 22.547 of the Los Angeles Administrative Code provides that upon Council approval, surplus City equipment may be sold for less than market value to a non-profit organization in the City of Los Angeles when the donation would benefit the residents in the City. The donation of the equipment would be distributed by Shelter Partnership free of charge to homeless service agencies throughout Los Angeles.

Shelter Partnership is located at 520 S Grand Ave #695 in the City of Los Angeles. The total fair market value of the equipment is \$197,854, which will be foregone revenue should it be donated.

I THEREFORE MOVE that the City Council:

1. Find that Shelter Partnerships is eligible to purchase 5758 boxes of nitrile gloves (4897 boxes of medium gloves; 20 boxes of large gloves; and 847 boxes of small gloves) below market value (\$1.00) in accordance with LAAC Sec. 22.547 (Donation of Surplus City Equipment), as the recipient is a non-profit organization that has been established exclusively to further the services provided by the City;
2. Request the City Attorney to expedite preparation of appropriate documents to effectuate the sale and transfer; and
3. Instruct the City Clerk to inform Shelter Partnerships [Jennifer Marquez, Senior Director of Product Donations, (213) 688-2188, 520 S. Grand Ave #695, Los Angeles, CA 90071] that the surplus equipment must be claimed within 90 days from the date of Council approval of the request or notification of availability of the equipment, whichever occurs later, at which time the equipment will revert to the City's surplus equipment pool for disposal by the Department of General Services.
