Comments for Public Posting: Good afternoon. My name is Paul Moreno from Ironworkers 433. On behalf of Ironworkers 433, we strongly urge this committee, to move forward this project to the full City Council. Because of the Project Labor Agreement, this hotel will be built by local residents, veterans, apprentices, and folks who may need a second shot in life and who are starting their careers in the Building Trades. Our apprenticeship is currently training 900 apprentices and they need this on-the-job experience. Our journey members are the best skilled and trained workforce in the country who have passed their rigorous apprenticeship to get their journey card. Your future projects will be built the way it should, not just by the best skilled and trained workers in the country, but by the people who live in this community. Thank You and God Bless
