There is no additional impact on the General Fund.

Financial Policies Statement: The CAO reports that the recommendations provided in the February 21, 2024 CAO report, attached to the Council File, are in compliance with

the City's Financial Policies in that one-time grant funding will be utilized for one-time grant-eligible program expenditures.

Community Impact Statement: None submitted.

Summary:

On February 27, 2024, your Committee considered December 21, 2023 Board and February 21, 2024 CAO reports relative to application and award of a grant of \$15,650,000 for the 2022 ORTP from the California Board of State and Community Corrections for the period of October 1, 2023 through June 1, 2027. According to the CAO, the ORTP Grant Program was established in California State Senate Bill 154 to support local law enforcement agencies in preventing and responding to ORT, motor vehicle, or cargo theft. Through this grant funding, the LAPD will implement 'Project Blue Light', which aims to prevent, mitigate, and investigate these types of crimes and use an evidence-based strategy built in collaboration with businesses across the City.

The grant agreement service period commences October 1, 2023, and ends on December 31, 2026. There is an additional period of five months (January 1, 2027, through June 1, 2027) for the sole purpose of finalizing and submitting the required Local Evaluation Report and a required grant program financial audit. Project Blue Light will use \$7,784,893 of grant funds to purchase additional cameras for the Automated License Plate Recognition (ALPR) system expansion, and for the installation and maintenance of fixed cameras by the Bureau of Street Lighting. The project also aims to deploy an integrated technology platform (\$1,287,582) that will receive video feeds from the ALPR fixed and mobile cameras, and security cameras from business partners across the City. Grant funding for \$2,793,750 will be allocated for a Peregrine® Public Safety System, a decision and operations platform that will help officers and detectives deploy better strategies to keep communities safe and ensure accountability across the LAPD.

Professional service agreements will be executed for Justice and Security Strategies, Inc., (\$782,500) for data collection and program evaluation services, and an external accounting firm (\$25,000) for the required financial audit of the grant. A sworn overtime allocation of \$744,087 will be used by the LAPD's Commercial Crimes Division (CCD) to coordinate proactive enforcement for retail theft, vehicle theft, and cargo theft. The purchase of equipment such as video trailers, amplifiers, etching instruments, and eight vehicles for CCD detectives is also budgeted for \$2,055,119. Other costs such as vehicle tracker subscriptions have also been budgeted at \$11,506. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations contained in the CAO report and to note and file the Board report. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Public Safety Committee
