Attachment available until Apr 18, 2023

Candy,

Please find **1,059 attached public comment letters related to CF 21-0777-S1**. These include 807 letters written in support of the original version of this motion (CF 21-0777) plus an additional 252 letters written to PLUM Committee Members in the last 72 hours when Katy Yaroslavsky's revised motion was introduced.

These letters can also be found on the following link:

[https://drive.google.com/drive/folders/1zvZilbAJZ\\_7c9c9P4l1Xg8eqC5WGbx2h?usp=sharing](https://drive.google.com/drive/folders/1zvZilbAJZ_7c9c9P4l1Xg8eqC5WGbx2h?usp=sharing)

Please add them to the Council File so they are submitted into the public record.

With appreciation,  
Mark Levin

Subject: Question regarding submitting written comment

To: [CityClerk@lacity.org](mailto:CityClerk@lacity.org) <[CityClerk@lacity.org](mailto:CityClerk@lacity.org)>

To Whom It May Concern:

I represent Save Our Canyon, a community environmental organization in the Santa Monica Mountains. **We have an initial 418 letters written to the PLUM Committee Members in support of CF 21-0777 which is scheduled to be heard by the committee on Tuesday September 20th.**

I am having difficulty attaching the folder through the Public Comment form - likely because it is a folder containing so many individual letters and the total size of that folder is 13.5 MB. The folder is attached below and linked [here](#). Please advise the best way to ensure that these letters are submitted into the public record and shared with the committee.

Thank you in advance for your help with this matter,  
Mark Levin

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Guity Javid

I have lived in this community for 36 years and have already seen the traffic grow to a level where the streets are at their capacity. Access and egress during the extended rush hours  
Morning and afternoon are already very very difficult. Fire danger is high. This project does not belong in this community.

Honorable Members of the PLUM Committee:

We write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Renee and Brian Foster  
2552 Hutton Drive  
Beverly Hills 90210

As a 22-year resident of Benedict Canyon, I've witnessed enormous changes to our beautiful canyon due to increased traffic and non-resident disregard for fire safety. This proposed project would be an absolute travesty!

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Robert Wood

Further, the roads in the canyon and Oak Pass Road in particular, which is a private easement among adjacent homeowners and not a city street, range in width from 17ft to 20ft and can't possibly be improved to handle the routine and emergency traffic.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

This is from V. Hadfield-Hawks on Oakfield Dr. Sherman Oaks'. Ca. V Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

[add name]V. Hadfield-Hawks

[add address]3637 Oakfield Dr. Sherman Oaks, Ca.

Further, the roads in the canyon and Oak Pass Road in particular, which is a private easement among adjacent homeowners and not a city street, range in width from 17ft to 20ft and can't possibly be improved to handle the routine and emergency traffic.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

ps. It appears to me that there would be no apparent reason for the PLUM Committee to approve a new hotel in residential Benedict Hills unless there is some form of payment or kickback to Council members from the developer. Common sense please.

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

There is one main road to access Benedict Canyon and that is Benedict Canyon Drive, where I live. The added traffic alone would be excessive and dangerous, continuing day and night as the hotel never closes. A wildfire or major earthquake would become that much more dangerous with the addition of a hotel and the many people who would have to be evacuated. Access out of the canyon would be hampered by the added traffic, and emergency vehicles and fire equipment would take longer to access what is a heavily wooded residential area. Residents respect the fact that there is nature and animal life in the Santa Monica Mountains. Hotel guests couldn't possibly know. This hotel would do severe harm to the animals who roam the mountains, and would create a 24 hour noise problem. The sounds of people congregating in the evening and night hours, music from parties or a proposed restaurant, and loud luxury cars would make a peaceful canyon a place where you cannot sleep. Noise travels far in a canyon, and the whole canyon would hear the hotel noise, not just the immediate neighbors. Please don't allow this to happen. This is a residential area, not a commercial district.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

YH

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,  
Yigal Hay  
9734 Wendover Drive  
Beverly Hills, CA 90210

JF

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Jeanne Field

P.S. This proposed development presents a fire hazard and a very serious evacuation hazard in the event of a fire or other natural disaster that will pose a grave danger not only to the residents of the canyon itself but to the residents of the the surrounding hillside neighborhoods on both sides of Mulholland Drive.

JK

Honorable Members of the PLUM Committee: I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning. Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Jo ANNA KORNGUTE

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. Our community has lost faith that the city's zoning and planning process has any connection to the health of our community or our environment. The only thing this developer seems to have going for him is lots of money. It is our hope that common sense and community empowerment factors into your analysis as much as campaign contributions and lobbyists.

I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion.

Stand with us. Approve the motion. We are watching.

Honorable Members of the PLUM Committee,

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning. Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion. Thank you.

Respectfully,

Molly Basler

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to **stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood**. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and **inappropriate** development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

There ARE, of course, fine places for hotels and resorts, however Benedict Canyon is NOT one of them. Having lived on the Santa Monica Mountains for nearly 45 years, I have a deep understanding of the environmentally sensitive area. We have squeezed the native animals into tiny corridors, excavated masses of soil for massive homes built without any care toward the natural landscape tearing at this beautiful natural landscape.

Enough is enough.

Please stand up to the greed of a few, for the well being of the many, and most of all, the precious surrounding ecosystem.

TS

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,  
Tracy Brooks Swope Avildsen

Honorable Members of the PLUM Committee:<BR> <BR>I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning. <BR><BR>Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion. Mitchell Wilen, 9827 Whitwell Drive, Beverly Hills, CA. 90210.

Dear Members of the PLUM Committee, I write you today to ask for your vote on 11/30/21 to approve the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood.

Please stand with our Councilmember and the thousands of members of our community who recognize this project as a massive scale environmental threat. The mere idea of a hotel in our neighborhood sets a negative precedent for the possible uncontrolled commercial development within our precious Santa Monica Mountains. The idea alone minimizes life-threatening, fire hazard risks and decades of carefully planned neighborhood zoning.

Our Councilmember has heard the voice of our community and has brought this motion to protect our rights from this outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project.

I kindly ask that you reject the developer's baseless assertions that you should not consider this motion. Please stand with us and approve the motion, as it is of the utmost importance for the well-being of our neighborhood and surrounding environment.

Respectfully,  
Josh Monkarsh & Alexx Monkarsh  
9828 Gloucester Drive  
Beverly Hills, CA 90210

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,  
Donna and James Gallagher

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,  
Erin Martin  
27557 Courtview Drive  
Valencia, CA 91354

Please address to the same people as the last one:

New subject line: CF 21-0777 Support for Motion

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,

Honorable Members of the PLUM Committee:

I am writing to ask for your vote on November 30, 2021 approving the motion filed by our Council member Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Council member and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning. The project's effect on traffic and fire safety will negatively impact hundreds of thousands of Angelenos on both sides of Mulholland.

Our Council member has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. The people who live in Benedict Canyon and the neighboring canyons are overwhelmingly against a zoning change for a hotel. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,  
Stella Green

SM

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,  
Sabrina Mahboubi  
1 W. Century Dr.

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Wendy

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood.

I have lived in Benedict Canyon for more than 40 years and grew up in a different canyon just a few miles away. What I love about this area would be ruined by the hotel project that has been proposed. It is quiet here. It is full of wildlife. Deer, raccoons, bobcats and other animals roam these hills. All of this would be spoiled by a project that would draw hundreds of workers and guests each day, none of whom would have any incentive to care about the homes they were passing as they drove to and from the hotel. There is already terrible traffic in this canyon in the morning and the late afternoon - a project of this size would bring traffic to a standstill.

Benedict Canyon consists only of single family residences - no apartments, no commercial businesses. This is why my husband and I bought our home here and why my parents bought their home in a neighboring canyon. The community has the rhythm of single family homeowners - we get up in the morning, we go to work, we come home in the evening, we go to bed, we sleep through the night. A hotel, on the other hand, operates 24 hours a day. The noise and disruption would be continuous. There is no justification for changing the zoning in a way that goes against all the reasons we purchased our homes, especially when this zoning change would threaten the domestic rhythm of every other canyon.

Those who live in this community know that we live in a fire zone. I remember too well the Bel Air fire that took the homes of many of my friends in the 1960s. The biggest fire danger will come from strangers who don't understand that a single cigarette thrown from a car or dropped in the grass can destroy an entire neighborhood. Why would they care? They're only here for a night or two. We are not their neighbors. We are the people they pass by to get to and from a hotel.

For our safety and peace of mind, for the safety and peace of mind of everyone in every canyon, please approve the motion to stop the hotel project.

Respectfully,

Lindsay Doran

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,  
Daniel Schwartz

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,  
Andrew Goldberg  
Los Angeles, CA

Honorable Members of the PLUM Committee:

I am deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations. My family home has been in Benedict Canyon for over 50 years. It is a tranquil oasis amidst the crowd of west L.A., and I treasure it.

Your colleague and my Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. There is no reason to destroy decades of careful zoning and planning. This is not the time, nor is there a need.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Honorable Members of the PLUM Committee: I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning. Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion. Respectfully, [add name] [add address]

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,  
Frederick Michael Blum  
2573 Greenvally Road  
Los Angeles

TS

Honorable Members of the PLUM Committee:

As a forty-two year resident of Benedict Canyon and a former Board Member of the Benedict Canyon Association for over twenty-five years, I strongly support Council Member Koretz's motion to stop the proposed hotel project now.

There is no justification for changing zoning from residential to commercial and change the General Plan to accommodate the self interest of a commercial developer. The damage to the community and the delicate environment would be irreversible and devastating.

Open Space in the Santa Monica Mts. benefits the entire city, only a self motivated developer would be willing to destroy the rhythm and established pattern of a community to make money. There are plenty of Luxury Hotels nearby. We are not in any "need" for a project like this. This proposal does not enhance the community, it destroys it. A hotel or any variation of one has no place in a community of single family homes. Please vote to stop this proposal now.

Thank you.

Rodney Kemerer

2337 Benedict Canyon Drive

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

Please, Council Members, do not abandon the Santa Monica mountain range. Should this horrible project be approved, development on the entire range is what waits. Vote for the city who appreciates and honors its environment. Which, I believe, means I am asking you to approve motion CF 21-0777

And now here is that request in council lingo.

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,

Honorable Members of the PLUM Committee:

I am writing to you on behalf of our Neighborhood Association, Upper Nichols Canyon. Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,

Stacy Sillins  
Upper Nichols Canyon Team

Honorable Members of the PLUM Committee:

My community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

I find it impossible to believe that the so-called “supporters” of this project actually live here - I don’t know a single resident in this neighborhood who supports this project. Why would they? They didn’t buy a house here so that there would be a nearby hotel or restaurants. There are plenty of those only a few minutes away. They moved here for peace and quiet and beauty, all of which would be disrupted permanently by the hotel project.

In fact, the only disadvantages of living in this beautiful area are the traffic and the fire danger, both of which would be greatly compounded first by construction crews and then by hotel guests and workers coming through our canyon at all hours. How can anyone pretend that these issues would not be a huge problem for the residents?

This project would only be an advantage to the developer, not the residents. Nothing could be more clear.

We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

Thank you,

Honorable Members of the PLUM Committee:

I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning.

Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Respectfully,

---

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this **unnecessary** commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association.

Sincerely,  
James and Donna Gallagher  
9825 Melinda Drive  
Beverly Hills, CA 90210

Honorable Members of the PLUM Committee:

Please help your community! We as residents must protect the safety of our local environment!

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone. This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association.

We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project. We urge you to approve the Motion.

Thank you,

I have lived in Benedict Canyon for 36 years. The traffic has increased to the point that I cannot even consider heading down to the San Fernando Valley between 3:30 pm and 6:30 pm. Our canyon roads cannot handle any additional traffic. There is no place for commercial development in our canyon

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project is going to set a dangerous precedent for future uncontrolled commercial development in the Santa Monica Mountains, which are one of the only natural resources we have left, not to mention the real life-safety hazards that will come with this sort of development. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. Why are you not standing with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project. We don't believe you've been bought off. Please prove it to us.

We urge you to approve the Motion.

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning. Traffic in the area is already at capacity. It's incredibly difficult for me to make a left turn out of my street onto Benedict Canyon due to the number of thoughtless commuters who don't live here and think it's a speedway and a garbage dump. We have already had a bicyclist killed this past year in a hit and run. And I fear daily the idiot who tosses a cigarette out their car window. An increase in this activity is unthinkable. Changing our residential zoning creates enormous safety hazards.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion. Please protect and support the residents of the Canyons.

Thank you,

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,  
[add name]

Honorable Members of the PLUM Committee:

I stand with the vast majority of my community that a hotel does not belong in Benedict Canyon, and that any changes to the current zoning regulations would cause irreparable harm to this canyon as well as the other hillside canyons and communities of Los Angeles.

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

Honorable Members of the PLUM Committee: Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone. This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project. We urge you to approve the Motion.

Thank you,  
Joel Van Luchene Cordeiro

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague, Councilmember Paul Koretz, has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Aside from the many negatives of this proposed project, the road system is woefully overloaded and there is no way possible to widen and improve them. This project even has the audacity to suggest that a private easement known as Oak Pass will be used for secondary access to the hotel. This 17ft-20ft substandard driveway will be required to handle the northbound emergency exiting of the Oak Pass Road residents while the LAFD is attempting to enter in the opposite direction during an area-wide emergency. And the developer is asking the City allow the hotel and all its guests also to use this PRIVATE street at the same time. Besides being illegal, it will be an impossible situation leading to the potential massive loss of life.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,

BG

Dear Councilmember,

On November 30 you will be asked to vote on a motion submitted by our Councilmember Paul Koretz, with respect to a proposed commercial hotel development in our residential Benedict Canyon neighborhood. I live at 9722 Oak Pass Road, three houses away from the proposed second entry to the hotel project--and am one of the most hugely affected residents.

I am writing to you to urge you to support Councilman Koretz's motion.

Benedict Canyon is the only canyon in the Santa Monica Mountains that is and always has been entirely free of commercial development. One single developer is now proposing to build a huge commercial hotel that would operate 24 hours a day, bring in hundreds of guests, employees, automobiles day and night and disrupt the ecology and environment of our hillside community forever. Think of the noise, visualize driving on the already wildly overburdened Benedict Canyon corridor road which connects the West Side to the Valley. Imagine the enormous increase in traffic and pollution--which would spill over into all the other canyons and displace commuting onto Beverly Glen Canyon, Coldwater Canyon, Laurel Canyon, Sepulveda Boulevard, and the 405 Freeway. The burden of the hotel on the traffic patterns alone would be a nightmare that would haunt the city until the end of time.

Councilmember Koretz, who has been intimately involved for over two years in the debate over this project, recognizes that the project creates substantial fire danger, destruction of wildlife, would set a precedent for commercial development in all the hillside/canyon areas and spur massive future uncontrollable construction of the Santa Monica Mountains. For these reasons, Councilman Koretz publicly opposes the project with such passion that he has filed the motion that will end consideration of the commercial hotel portion of the project.

Save Our Canyon, the non-profit formed by members of our community, (of which I am on the Board) has obtained nearly 11,000 signatures from concerned residents who strenuously oppose this project. For these residents this matter is of extreme importance—they are greatly energized and are intensely involved in the political process to bring this commercial project to an end.

We ask that you hear the voice of our community, recognize the overwhelming opposition of our community, and that you stand by our community. Help us save the Santa Monica Mountains. Help us turn back this audacious effort to destroy decades of careful planning and zoning. Vote to approve the motion.

Thank you,

Bruce Goldsmith

Honorable Members of the PLUM Committee:

The entire mountain community is distressed concerning the prospect of their being a lack of protection for the Santa Monica mountains and the communities who live in these mountains. Our community is not only concerned but also determined to protect the Santa Monica Mountains - and the zoning regulations that have been essential to wildlife and our mountain communities in the Los Angeles region for generations.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Councilmember Paul Koretz has responded to the appeals of his constituents and other Los Angelenos to save the Santa Monica Mountains as planning without commercial development.

Please support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

Our community and most in the Los Angeles area are very supportive of Councilmember Koretz's motion that the Director of Planning bring an end to this proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

Every major environmental group in the region stands with our community in opposing this project - among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and Bel Air Hills community along with others.

Sincerely, Valerie Henderson  
Charles Henderson

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Please do the right thing!

Thank you,

Linda Markovits  
9630 Highridge Drive  
Beverly Hills, CA 90210

Honorable Members of the PLUM Committee:

I have been living on Hutton Drive in the Benedict Canyon area for the past 22 year. In the past two years, I have been consumed with the audacity of a man who is attempting to change the environment that attracted me to this area. It is not only the noise and pollution that is of concern, but the danger of fire, the removal or established and mature oaks and other trees, the increase of traffic in the two lane and some single lane streets, and tremendous danger to the environment.

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association.

I hope that the PLUM Committee will also stand by Councilmember Koretz and this community in supporting motion CF21-0777.

Honorable Members of the PLUM Committee:<BR> <BR>I write to ask for your vote on November 30, 2021 approving the motion filed by our Councilmember Paul Koretz to stop the commercial hotel project proposed for our entirely residential Benedict Canyon neighborhood. I ask that you stand with our Councilmember and the thousands of members of our community who recognize that this project will create an environmental disaster, set a horrible precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, create a significant life-safety hazard in our severe fire zone, and destroy decades of careful zoning and planning. <BR><BR>Our Councilmember has heard the voice of our community and he has brought this motion to protect our rights from this completely outrageous and inappropriate development proposal. Our neighborhood organization, Save Our Canyon, has obtained signatures of more than 10,000 people who oppose this project. I urge you to reject the developer's scare tactics, his attack on Councilmember Koretz, and his baseless assertions that you should not consider this motion. Stand with us. Approve the motion.

Best regards,

Honorable Members of the PLUM Committee:

Our community is deeply concerned and determined to protect the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region for generations.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. We ask that you support motion CF 21-0777, and that you stand with thousands of Los Angelenos who actively oppose this unnecessary commercial project in a residential community that sits in a high fire severity zone.

This project will create an environmental disaster, set a dangerous precedent for future uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. This is no time to destroy decades of careful zoning and planning.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, and the Benedict Canyon Association. We urge you to stand with Councilmember Koretz (who has been attacked by the developer for standing up for his constituents). Please join the thousands of members of our community who need your support in ending this project.

We urge you to approve the Motion.

Thank you,

Todd Durham

Honorable Members of the PLUM Committee: I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment. Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today. With gratitude, [add your name] [add your address]

MG

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
ALEXANDRA Gordon  
9713 Oak Pass Road  
Beverly Hills 90210

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Kristin Konig

10026 Westwanda Drive  
Beverly Hills, CA 90210

Honorable Members of the PLUM Committee:

Thank you for your time and consideration of this VERY IMPORTANT situation.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavy and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
Sunny Russ

Honorable Members of the PLUM Committee:

I am a member of the impacted community and I urge you to support motion CF 21-0777 because there is literally no public minded reason to support this development other than enriching a developer at the expense the environment and our community. This developer isn't doing much to engage our community, protect the environment, or respect some of the last remaining urban beauty in Los Angeles — but he is doing all he can to hire high priced lobbyists and curry favor within city hall.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. The remaining wildlife in these mountains, which are already in jeopardy, would be destroyed by taking over their habitat with an enormous hotel project.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation and Tree People.

The signs opposing the Bvulgary Hotel are on almost every property in the Beverly Glen, Benedict Canyon, Deep Canyon area and all surrounding streets that would be impacted by the horrendous traffic, pollution, noise, trucks, cars, pollution, etc. from such a project. Benedict Canyon only has one lane in each direction from the Valley to the city side and vice versa, and is already jam packed every day with commuters. Adding trucks and cars and delivery vans for a hotel would create absolute gridlock at all hours, every day. Not to mention the many years of pollution, horrible traffic, noise and gridlock that would be created by the trucks, cars and heavy equipment needed to construct the hotel and roads to the hotel.

DO NOT ALLOW THE BVULGARY HOTEL TO BE BUILT. STOP IT NOW BEFORE IT'S TOO LATE. DO NOT ALLOW ZONE CHANGES IN THIS HIGHLY RESIDENTIAL AREA WITH OPEN CORRIDORS FOR WILDLIFE WHICH WILL BE DESTROYED BY THE HOTEL..

Sincerely,

**Judith and Laurence Dornstein**  
3120 Deep Canyon Drive  
Beverly Hills, CA 90210

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
Kathleen Steinbauer  
9862 Easton Dr  
Beverly Hills, CA 90210

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Honorable Members of the PLUM Committee:

I have lived in Benedict Canyon for 36 years. I have watched the traffic increase continually and seen development of many residential homes. This area cannot bear any more traffic and certainly does not need a hotel which will bring traffic associated with hotel maintenance, guest traffic, event traffic, etc. our roads cannot accommodate such commercial traffic.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

MA

Honorable Members of the PLUM Committee:

I, Mark K. Ameli, a resident of Hutton Drive, urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
Jessica Iovenko

Honorable Members of the PLUM Committee: I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

Bill and Susan Ehrlich

Have we not had enough demonstration of how corrupt civil servants are in the pockets of developers who would compromise our precious environment....???? Even today on Hutton Dr between Deep Canyon and Oak Pass, where there are 12 houses, permits were given to destroy simultaneously 50% of the houses replacing them with oversized constructions completely out of proportion to the street and the lots cutting down protected California Oak Trees clandestinely to avoid prosecution. Is this a reflection of your careful oversight of our fragile environment ????

---

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, etc.

Folks, this makes no sense for the residents (and wildlife) that call Benedict Canyon and the vicinity home. Please approve the motion to bring an end to this hotel.

JK

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
Jo Anna Korngute  
2617 deep canyon drive bh 90210

Honorable Members of the PLUM Committee,

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone.

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards.

At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment. Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations.

We urge you to continue that legacy and approve the Koretz Motion today.

Blessings,

Rebecca Mahboubi and The Mahboubi Family

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
[add your name]Robert Brofman

Honorable Members of the PLUM Committee:

**I urge you to support motion CF 21-0777.**

Please stand with the thousands of Angelenos who actively oppose this unnecessary and unsafe commercial hotel project in a residential community that sits within a CAL FIRE-mapped Very High Fire Hazard Severity Zone (VHFHSZ).

Your colleague, Councilmember Paul Koretz, has heard the pleas of his constituents and has made a motion to recommend that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to a future of uncontrolled commercial development in the City's precious natural resource of the Santa Monica Mountains, and create additional safety hazards in an area already subject to increasing wildfire risks as our climate changes. This is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz; both of the Los Angeles Mayoral Candidates, Karen Bass and Rick Caruso; and both CD5 City Council Candidates, Katy Young Yaroslavsky and Sam Yebri -- all of whom have vocally and unequivocally opposed this project.

Every major environmental group in the region, as well as local neighborhood organizations, stands with our community in opposing this project — among them, the Santa Monica Mountains Conservancy, the Sierra Club Santa Monica Mountains Task Force, the Hillside Federation, the Bel Air-Beverly Crest Neighborhood Council, the Benedict Canyon Association, and Tree People.

Please join the thousands of Los Angeles citizens who need your support in bringing an end to this scandalous and highly inappropriate proposed General Plan Amendment.

We urge you to protect the natural resources that remain in our City, and support the Koretz motion today.

Sincerely,

Linda Whitford, Ph.D.  
Bel Air

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
Beth Rubin

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents, including myself, and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. I am also very concerned about the likely additional fire risk, heavier traffic, and resulting increases in crime to our neighborhood.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project.

Thank you very much.

Sincerely,  
Carolyn Hunt Trattner

Honorable Members of the PLUM Committee:

Please....I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

Everyone knows and it is not a mystery or anything remotely logical.

Come drive Benedict Canyon in the morning or afternoon. Furthermore, if Benedict gets over crowded and people the take Coldwater or Beverly Glen, it will be a total traffic disaster.

Of course a solution is a freeway through the canyons. Maybe a four lane. We just have to stop believing the developer who have already made our wonderful city and country a traffic nightmare.

I beg you, this is ludicrous to continue even considering this preposterous proposal. A new hotel is going up in Beverly Hills, the Beverly Hilton will expand, etc. We the People of this great city and County do not need more hotels and especially in a residential area or where our last frontier for our wildlife resides.

This project would create an environmental disaster, a traffic disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,  
Phil Yaney  
9911 Anthony Place  
Beverly Hills, CA 90210

Honorable Members of the PLUM Committee:

As a Benedict Canyon neighborhood resident for over 10 years, I am very concerned with the proposed Bulgari Hotel project, as this will have a significant, negative impact on the environment and the quality of life to us residents of this beautiful and preserved areas of Lo Angeles.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People,

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

RL

Honorable Members of the PLUM Committee:

I take this issue very personally, as this inappropriate commercial development is planned for half a block from my house. It threatens my family and the main investment we have in our home. We invested in Los Angeles by purchasing a wonderful canyon home in wooded, quiet stretch of Oak Pass Road that is, of course, zoned for residential, not commercial. We have young children (5 and 10), and worry enough with the current level of traffic and speeders racing through our streets (for which the city, as it is, provides no enforcement). The value to our family of our home stands to be destroyed if the neighboring property is turned into a hotel, with years of heavy construction traffic and noise, followed by decades of hundreds of extra cars daily. This is a truly horrific and poorly conceived plan. If implemented, it will destroy the peace and enjoyment my family has in our main asset, our home. And it will destroy a wonderful neighborhood.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Sa

Honorable Members of the PLUM Committee:

Please, no hotel in the canyon! We do not need this kind of intensive use development in a largely open space area.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, the Benedict Estates Association and the Tree People.

Thank you for your support!

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

PLEASE DO NOT ALLOW BULGARI TO DESTROY THE CANYONS!!! THIS WILL DESTROY OUR NEIGHBORHOOD!

I HAVE LIVED IN BENEDICT CANYON ALMOST MY ENTIRE LIFE. THIS WOULD BE AN UNMITIGATED DISASTER. IT WOULD RUIN THE LITTLE REMAINING NATURAL HILLSIDE IN THE CANYONS AND CREATE TERRIBLE TRAFFIC, NOISE AND COMMERCIAL ACTIVITY TO A RESIDENTIAL AREA. IT WOULD BECOME UNSAFE TO WALK IN THE AREA, AND CRIME IS ALREADY INCREASING.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People.

Best regards,

Greg Trattner

Honorable Members of the PLUM Committee: I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city. This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Sa

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

Guity Javid

Honorable Members of the PLUM Committee: I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards.

As a former LAFD Battalion Chief who serve this area within the proposal development, this project is within the very high serve fire hazard area which should not be further developed with commercial properties.

At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task.

Honorable Members of the PLUM Committee:

As a Benedict Canyon neighborhood resident for over 10 years, I am very concerned with the proposed Bulgari Hotel project, as this will have a significant, negative impact on the environment and the quality of life to us residents of this beautiful and preserved areas of Lo Angeles.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

RL

Honorable Members of the PLUM Committee:

I take this issue very personally, as this inappropriate commercial development is planned for half a block from my house. It threatens my family and the main investment we have in our home. We invested in Los Angeles by purchasing a wonderful canyon home in wooded, quiet stretch of Oak Pass Road that is, of course, zoned for residential, not commercial. We have young children (5 and 10), and worry enough with the current level of traffic and speeders racing through our streets (for which the city, as it is, provides no enforcement). The value to our family of our home stands to be destroyed if the neighboring property is turned into a hotel, with years of heavy construction traffic and noise, followed by decades of hundreds of extra cars daily. This is a truly horrific and poorly conceived plan. If implemented, it will destroy the peace and enjoyment my family has in our main asset, our home. And it will destroy a wonderful neighborhood.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. VB

Honorable Members of the PLUM Committee:

Dear Councilmembers,

I am writing to you as I am a 35 year resident/homeowner living in Benedict Canyon. I know you will soon be asked to vote on Koretz Motion CF-21-077. I urge you to support Councilmember Paul Koretz motion and oppose the consideration of the Hotel portion of this project. I live on Oak Pass Road, the private street directly adjacent to the proposed development. Myself & my family are horrified that this project is even being considered, given what it will do to the character of our bucolic neighborhood and the precedent it would set for future development of the Santa Monica Mountains. Our community needs you to stand by us and not allow this destruction of our canyon. Please, do the right thing, and vote to approve Motion CF-21-077.

Sincerely,

Virginia Ball

Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards.

As a former LAFD Battalion Chief who serve this area within the proposal development, this project is within the very high serve fire hazard area which should not be further developed with commercial properties.

At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment. I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Sa

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Robert Zarnegin

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
William Rouse

Honorable Members of the PLUM Committee:

This horrendous proposal must be stopped in its track without further delay. It is only a disaster waiting to happen. Nothing to be gained of any value yet much danger and destruction will occur as one entity attempts to line its pockets with profit.

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary and dangerous commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

It is a dire necessity to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this extremely inappropriate project. Every major environmental group in the region stands together with all hillside communities in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club.

All of Los Angeles looks to you to preserve the ecological balance of the unique natural treasure that belongs to us all. Do not cave in to speculators seeking untoward advantage, causing deleterious permanent cumulative affect on the Santa Monica Mountains.

Thank you,  
Very truly yours,  
Nicole Miner

MK

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Molly Kublicki

---

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Hunter Drohojowska-Philp  
9822 Millboro Place

Honorable Members of the PLUM Committee:

I am a long time canyon resident (since 1975) and am absolutely SHOCKED that you would even CONSIDER building a HOTEL in Benedict Canyon!! Just mortified. I oppose it with all my might and will do whatever I can to stand up to it. It makes me want to scream and cry at the thought of it and all the damage it will create over so many fronts.

Cathie Forstmann

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
[add your name]

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-SAFETY hazards. The only access to the proposed site through Benedict Canyon does NOT support the project. The roads and unstable hillsides cannot handle such a large and long (estimated at 5 years) construction disaster, nor the then additional traffic load post-construction. This is NOT VIABLE!! At this moment of unprecedented climate crisis, Do NOT destroy decades of careful zoning and planning that affect the safety of our neighbors. This project does not serve our city in any way. This is about the greed of one landowner who couldn't care less about the impact to thousands of residents.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Honorable Members of the PLUM Committee:

The City saw fit to pass the Wildlife Ordinance to preserve the land for animals. The Wildlife Ordinance greatly impacts homeowners, particularly those who reside on the ridges. It would be outlandishly hypercritical to now turn around and pass this ordinance that will allow commercial development on this "protected" land.

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

---

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude  
Robert A Frantz

To the Honorable Members of the PLUM Committee:

As a 50 year resident on WANDA PARK DRIVE, we would be horribly impacted by the e proposed Bulgari Hotel project, and we are terribly concerned that this ill-conceived endeavor would set a dangerous precedent of COMMERCIALISING the canyon an opening the entire area to unlimited and disruptive exploitation.

I urge you to support motion CF 21-0777-S1, and stand withh the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. Honorable Members of the PLUM Committee:

I am resending my email because I forgot to sign it

have been a resident of Benedict Canyon since 1986. I love off of Deep Canyon. I have seen traffic grow and grow on our canyons. As it is now, leaving our neighborhood to head north in the late afternoon is a nightmare. It can take 25 minutes to get from my house to Beverly Glen (maybe 2 miles) on some days. To add a hotel to this canyon would just add more and more traffic to our narrow streets. The other environmental concerns are equally important.

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Andrea & Chad Knowles  
1824 Benedict Canyon Dr

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
[add your name]

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Reagan Restall  
2060 Benedict Canyon Drive

---

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Janine Milne  
4304 Goodland Ave  
Studio City 91604

At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Honorable Members of the PLUM Committee:

I have been a resident of Benedict Canyon since 1986. I have seen traffic grow and grow on our canyons. As it is now, leaving our neighborhood to head north in the late afternoon is a nightmare. It can take 25 minutes to get from my house to Beverly Glen (maybe 2 miles) on some days. To add a hotel to this canyon would just add more and more traffic to our narrow streets. The other environmental concerns are equally important.

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Please don't let one individual ruin thousands of others lives.

With gratitude,  
Janet and Jay Silverman  
2955 Hutton Dr  
Beverly Hills 90210

---

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,

Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. I have personally witnessed people who don't live in the neighborhood tossing lit cigarettes out of car windows, blowing through stop signs, speeding down narrow streets where people walk their dogs, and tossing their trash in the street. To permit development that would increase both traffic and the volume of people who do not understand what it means to live in a high fire severity zone would be disastrous. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

---

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777-S1, and stand with the more than ten thousand Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Katy Yaroslavsky has heard the pleas of her constituents and she has made a motion to request that the Director of Planning bring an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Yaroslavsky and Mayor Karen Bass, both of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task Force.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

With gratitude,  
Susan Kay  
2640 Benedict Canyon Dr

Hello,

Thank you for taking the time to contact my office, and we appreciate your message. Due to the high volume of messages we receive, we will respond to your message in a timely manner.

Please do not hesitate to contact any of the district offices if you have any additional questions.

For media requests, please email: [cd7.comms@lacity.org](mailto:cd7.comms@lacity.org)

We look forward to working together to provide the best services for our neighborhoods.
