**Comments for Public Posting:** I support draft #3 of the CHIP ordinance, without any options from exhibit D. The reason I feel that way is because it's absolutely unnecessary to mix multi-family dwellings amongst single-family dwellings. That would totally destroy the ambience of those single family residential neighborhoods that have been like that for so many years. The people that live in single-family dwellings don't deserve to be punished that way when they didn't do anything wrong in the first place. It's just not right and unfair!
