

I MOVE that the matter related to the Los Angeles Department of Transportation (LADOT) report relative to a Citywide equity framework for transportation project prioritization and resource allocation, Item No. 9 on the Transportation Committee agenda (CF 23-0935), be amended as follows to add the following instruction:

- Instruct the Board of Public Works Bureaus to report back on what equity frameworks they currently use for selection and implementations of services and plan on incorporating the Department of Planning's Community Health and Equity (CHE) index into their project prioritization and resource allocation.
