

TRANSPORTATION COMMITTEE REPORT relative to an update on the Residential Speed Hump Program methodology.

Recommendations for Council action:

1. APPROVE the Los Angeles Department of Transportation's (LADOT) Residential Speed Hump Program equity-focused criteria to identify and prioritize neighborhood locations to install speed humps.
2. INSTRUCT the LADOT, in coordination with local Council Offices, to utilize LADOT's preliminary indicators for residential speed hump prioritizations, to identify eligible streets for speed humps with consideration given to segments along the neighborhood enhanced network.
3. DIRECT the LADOT to report in 120 days with a ranked list of corridors for the 2025 Residential Speed Hump Program based on an equity-focused methodology.

Fiscal Impact Statement: The LADOT reports that there is no anticipated impact to the General Fund with this action. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: Yes

For if Amended:
North Westwood Neighborhood Council

Summary:

On April 9, 2025, your Transportation Committee considered a March 4, 2025 LADOT report, relative to an update on the Residential Speed Hump Program methodology. According to the report, an equally distributed program, at current funding levels, would only provide 1-2 speed hump locations in each district, and further weaken the program's ability to address safety and mobility priorities. Due to these challenges, the LADOT will not launch the portal for the annual open Citywide application process this year, and recommends transitioning to a policy-driven program that identifies neighborhoods with the highest need for speed humps each year. After consideration and having provided an opportunity for public comment, the Committee moved to approve the report recommendations, as amended. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Transportation Committee
