ATTENTION: APPELLATE TEAM

I am writing to appeal the board's decision on hearing file # 240002.

[3701 Glenridge Dr., Sherman Oaks CA 91423](#)

I am strongly opposed to the proposed project at [3701 Glenridge Drive](#) as it would negatively impact the entire Glenridge Drive community.

Construction would not only be intrusive to residents but I fear this project would weaken the integrity of our hillside as well as our actual street. This project is extremely dangerous in regards to slope stability as removal of tons of dirt is certain to affect the foundations of surrounding homes.

Glenridge Drive is a subpar street and is not logistically suited for large trucks hauling the approximate 4000 cu yards of dirt from our hillside, let alone all the heavy equipment needed to do so. Such traffic would be very damaging to our street. Additionally there is no way for these trucks to turn around as it is virtually a single lane for two way traffic with no exit at the south end.

Additionally, there would be a devastating effect on the wildlife in this Habitat Zone 11.

Please take these concerns into consideration and reject this project.

Lisa Bruwiler
