Comments for Public Posting: Please support the Sunset4all project. As a resident of Echo Park and a cyclist, Sunset Boulevard is a vital cycling route and a vibrant small business district, and the fact that it still prioritizes high speed private vehicle traffic over walkability, safety, and community is a disgrace. I support City of LA staff working with Sunset4All crowdfunded engineers Rock Miller and GTS Engineering to support the innovative design of the project, and to bring Sunset Boulevard into the 21st century to create a true community main street.
