**Comments for Public Posting:** Please support legislation in Los Angeles City and County that reduces unnecessary waste and saves restaurants money. We can "skip the stuff" by requiring takeout and delivery "extras", like single-use utensils, straws, condiments, napkins, and more, to be provided only \*upon request\*. Switching to an "upon request" model both reduces unnecessary waste and saves restaurants money during a time when small businesses are struggling to stay open. We support these ordinances as a win-win for our LA communities, businesses, and environment.???
