**Comments for Public Posting:** I strongly encourage the City Council to add Lumbini Child Development Center to the City Ordinance 41.18. With the addition of Project 180 and L.A. CADA on 3rd street several years ago, there has been an increase of graffiti and homelessness in the area. I can only assume that there is a connection to one or both of the organizations. Things became so bad that a business, AI's Beauty Salon, next door had to close shop. At times, you will find human excrement on the sidewalk on east side of 3rd street. I have no issue with a social agency being in the area but there should be some enforcement to keep the area safe and clean especially with a children in a day center near by.
