I am appealing the decision on file #240002 [3701 Glenridge Dr, Sherman Oaks, CA 91423](#)

Please help us put a stop to this project. Glenridge Drive is already in need of repair and erosion is clearly visible across the street from 3962 Glenridge. I'm scared to death that multi-ton trucks will further damage many weakened areas up and down our street. I can't imagine trying to navigate the road with giant trucks. Garbage day is scary enough even though the city truck drivers are very experienced. The hairpin turn on Weslin and Glenridge causes delays regularly, and the stop sign has been knocked over too many times to count.

It seems to me that the approval of this development will only benefit the developer and his bank account, leaving the rest of us fearful of the structural integrity of our canyon hillside as well as the road we drive.

May I also mention the disruption to wildlife? Our canyon is home to hawks, coyotes, raccoons and vermin. I fear we'll be inundated with displaced animals looking for new homes. Please consider rejecting this project. It's too massive of a project to not have serious ramifications to our families.

Thank you,

Rachel Good
