

KAREN BASS  
MAYOR

June 20, 2024

Honorable Members of the Los Angeles City Council  
c/o City Clerk  
Room 395, City Hall

Re: Mayor's Office of Community Safety Gang Reduction and Youth Development Report

Dear Honorable Councilmembers,

The Gang Reduction and Youth Development (GRYD) program was established in 2007 with the primary goal of establishing data-driven gang prevention and intervention and reentry programs to reduce violent crime in the City of Los Angeles (City's) most gang-plagued communities. Since the establishment of GRYD, the work has been guided by two primary functions: to provide/support direct services to the community, and to coordinate efforts with key partners. GRYD directly and/or indirectly, provides services in twenty-three (23) GRYD zones, secondary areas, and sites designated to receive Summer Night Lights (SNL) programming. These services include gang prevention, gang intervention, violence interruption, reentry, community awareness and violence reduction programming via the SNL program.

GRYD contracts twenty-five community-based organizations (CBO's) that provide direct gang prevention and intervention services to youth and families impacted by gang violence. Currently, GRYD partners with Cal State LA, University Auxiliary Services, Inc., Harder+Company Community Research, and Bonterra, Inc. to fully evaluate all prongs of the GRYD Comprehensive Strategy. Over the years, GRYD has issued numerous evaluation reports on its programming.

Today, GRYD continues its mission to reduce gang violence by implementing the Comprehensive Strategy, which includes the following four major components: a) Gang Prevention; b) Gang Intervention; c) Violence Interruption; and d) Community Engagement.

In 2023, the successful implementation of GRYD's Comprehensive Strategy contributed to a decrease in gang-related crime in the City's GRYD zones, neighborhoods with high

incidences of community violence and related gang activity. Please see the crime reductions in the City's GRYD zones between the years 2022, and 2023 (LAPD Crime Statistics Week Ending 12/30/2023, Attachment A):

- 21.9% reduction in homicides
- 11.5% reduction in attacks on police officers
- 26.8% reduction in criminal threats
- 14.7% reduction in shots fired
- 12.9% reduction in victims shot

LAPD reported a 26% reduction in gang-related homicides across the City in 2023, including areas outside of the City's GRYD zones. (LAPD 2023 Crime Report, Attachment B).

## **I. GANG PREVENTION**

### **Gang Prevention Model of Services**

As part of its comprehensive strategy, GRYD continues to provide gang prevention services in twenty-three (23) GRYD zones across the City. Here, GRYD utilizes the Youth Services Eligibility Tool (YSET), to determine eligibility for the prevention program.

The YSET measures nine (9) high risk factors associated with joining a gang. These are as follows:

1. Antisocial Tendencies
2. Impulsive Risk Taking
3. Guilt Neutralization
4. Delinquency & Substance Abuse
5. Negative Peer Influence
6. Peer Delinquency
7. Critical Life Event
8. Weak Parental Supervision
9. Family Gang Influence.

In fact, in fiscal year 2022-2023 (FY 22-23), nearly 2,155 youth enrolled in GRYD services after participating in the YSET. FY 2023-24 data will be available after programming and data analysis is complete.

The GRYD Prevention model is designed to reduce risk factors and their associated behaviors by addressing youth as individuals at the family and peer level. The Prevention model identifies two participant types: Primary Prevention and Secondary Prevention. In FY 22-23, 23% percent of youth were enrolled in primary services, and 77% percent were enrolled in secondary services.

- B. **Primary Services** are delivered over the course of six (6) months. Services include case management, and linkage to family supportive services. Additionally, YSET reporting must show that youth exhibit 2-3 risk factors.
- C. **Secondary services** are designed to reduce risk factors and their associated behaviors by addressing the participant as an individual, at the family and the peer level. GRYD Secondary Prevention consists of a programming cycle with seven (7) phases. Each phase uses the vertical strategy (e.g., multigenerational coaching using strength-based genograms) and the horizontal strategy (e.g., use of problem-solving techniques) to address participant and family needs. Lastly, YSET reporting must show that youth exhibit 4 or more risk factors.

The Vertical Strategy implements multigenerational coaching, and focuses on multi-generational family history, and family relationships. This method supports long-term family resiliency, family engagement, and individual development of each client. The more one knows about its family origin, the more secure, high functioning, and "differentiated" one becomes.

The Horizontal Strategy uses problem-solving techniques, focused on family members/caretakers that live together as a part of a household. Said family members provide immediate problem-solving strategies to address gang-joining risk factors, as well as identify problem behaviors. The emphasis is placed on affirming and reinforcing parental/caretaker authority, identifying symptoms, and creating problem-solving intervention within the client's social context. The seven (7) phases of the GRYD gang prevention model of practice are as follows:

1. Referral Collaboration
2. Building Agreements
3. Redefining
4. Celebrating Changes
5. Mainstreaming
6. Next Level Agreements
7. Re-Assessment

Each phase of the model lasts thirty (30) days. During that time, agencies are required to emphasize the vertical and horizontal strategies by implementing the following:

1. Hosting one (1) strategy team meeting,
2. Hosting two (2) family meetings,
3. Hosting one (1) individual meeting, and
4. Hosting at least ten (10) group activities (youth development activities)

These meetings are administered over a six (6) month cycle, for each client enrolled in programming.

## **Youth Service Eligibility Tool**

The Youth Service Eligibility Tool (YSET) model delivers results with reductions to risk factors. Youth reaching the model's reassessment phase are reevaluated using the YSET-R. Here, data indicates significant reductions in risk factors for youth reaching the reassessment phase, wherein 54% of youth demonstrate an increase to protective factors. As such, after successfully completing the assessment phase, if youth were to retake the YSET, they would no longer be eligible for GRYD services.

GRYD's successful gang prevention model is attributed to multiple factors including, but not limited to, dedicated GRYD agencies, as well as the Mayor's Office coordinated community outreach campaign. In FY 22-23, approximately two thousand five hundred four (2,504) referrals were made by schools, law enforcement, and parents.

## **II. GANG INTERVENTION**

### **Gang Intervention Model of Practice**

The GRYD intervention Model of Practice has two focal points: (1) Family-Based Case Management (FCM), and (2) Crisis response & proactive peacemaking in the community. FCM provides mentoring and/or counseling, while crisis response and proactive peacekeeping provides immediate response to gang-related, and violent incidents (additional details provided below). Additionally, it provides activities to maintain peace before violence occurs or after it occurs. Lastly, community engagement is an integral part of the model, as it pulls community and law enforcement into community policing activities.

The Intervention Model of Practice is based largely on a conceptual framework derived from several social and psychological theories and practices. For intervention, the key principles of Relational Triangles (Bowen, 1983) and Self-differentiation (Kerr and Bowen, 1988; Bowen, 1993), lie at the core of the intervention work as it relates to crisis response, proactive peace-keeping and FCM. The Intervention Model of Practice, as a whole, is a multi-systemic relational approach that focuses on the individual gang member, the peer group or gang, the multi-generational family of which the gang member is a part of and the neighborhood or broader community in which the individual gang member and the gang claims.

Key to the success of the Intervention Model is the inter-relationship between LAPD, community intervention workers (CIW) and GRYD Office personnel. These relationships are rooted in communication, cooperation and collaboration on virtually every aspect of intervention work. Crisis response to gang-related incidents are the most visible ways these three (3) groups work together and also collaborate on proactive peacekeeping activities such as, town hall meetings, peace marches, sporting events, rumor control, truce maintenance, community outreach, and monitoring vigils and funerals.

## **Intervention Incident Response**

GRYD Incident Response (IR) is designed to address gang violence both by responding to incidents when they occur, and by engaging in ongoing proactive peacekeeping efforts within the community. GRYD's protocol involves coordination and communication between GRYD staff, LAPD and GRYD Intervention Providers. This triangle protocol works together in a relational triangle to reduce the potential for retaliation following an incident, and to support victims and families impacted by violence. The objectives of the Triangle response system include:

- Reducing the likelihood of gang retaliation after a gang-involved incident
- Deploy and provide community response (e.g. diffusion of rumors, crowd control)
- Providing services and assistance to crime victims and their families
- Negotiate peace treaties/ceasefire agreements
- Engage in proactive peacemaking activities and events (e.g. monitor hot-spots, conduct impact sessions)

## **Efforts to Outcome**

All gang-related incidents are recorded by both GRYD staff and CIWs on the GRYD database system - Efforts to Outcomes (ETO). Proactive peacemaking are activities that bring the community together to respond to violence and bring about neighborhood interfacing and community engagement. Activities may include but not be limited to rumor control, special events, field trips, street mediation, community outreach, etc are now also actively tracked and recorded on our online database system. A total of 48,467 proactive peacemaking activities (e.g. street intervention, community events) took place across twenty-three (23) GRYD Zones.

Community Intervention Workers (CIW's) are on call 24/7, and respond to violent incidents that occur in and around GRYD zones. CIW's do the following:

1. Connect with the victim's family to determine if they need immediate assistance,
2. Canvass the community to assess the temperature of the community and determine level of retaliation,
3. Engage in "street mediation" in order to defuse or de-escalate additional violence.

In fiscal year 2022-2023, GRYD responded to four hundred ninety-seven (497) violent incidents- 56% single victim shootings, 30% homicides, 8% multi victim shootings, and 6% shots fired.

## **Family Case Management Services (FCM)**

FCM services are directed at 14-25 year olds who are gang-involved, and link clients to existing services to meet individual needs within the community. Clients, and their families, receive a six (6) month of services, and the client's progress is logged on to the GRYD online database system. Participants that are eligible for FCM services have to

complete the Social Embeddedness Tool (SET), which is designed to measure how deeply enmeshed or immersed a participant is within his/her respective gang.

### **III. TRAINING**

#### **Intervention Training**

In April of this year, GRYD procured an expert to coordinate and implement Intervention, Ambassador, and Summer Ambassador training for Summer Night Lights (SNL). The selected contractor shall provide the following services:

- 24 hours of violence intervention and community engagement - Ambassador training
- 140 hours of Los Angeles Violence Intervention Training Academy (LAVITA) Certification for Community Intervention Workers (CIWs)- An extensive course that equips CIWs with the comprehensive skills necessary for effective community violence intervention
- 40 hours of SNL training designed to train and prepare seasonal Summer Ambassadors and law enforcement to effectively manage any potential issues that may arise during summer programming

#### **Trauma Informed Training and On-Call Clinicians**

Approximately two (2) years ago, GRYD procured an expert to coordinate and implement trauma informed training and on-call clinicians to Community Intervention Workers (CIWs). Funding for this project was awarded to The Reverence Project.

Since its inception, 98 CIW's have received training certification. Additionally, a CIW warm line was created to provide emotional support to GRYD intervention workers, linking them to services (e.g. 1-1 therapy, massage therapy, yoga). In 2023, a total of 69 calls and 634 text exchanges were made to the non-emergency warm line. GRYD intervention workers called to request support in different areas such as mental health services, massages, and personal training.

#### **Conflict Resolution Certification Course**

Approximately two (2) years ago, GRYD procured an expert to coordinate and implement conflict resolution training. Maximum Force was selected to implement said training. To date, 123 Community Intervention Workers (CIW's) have received 32-hours of conflict resolution training. CIW's are trained to mediate, diffuse conflict, and respond to crises.

### **IV. PROGRAM STRATEGIES**

#### **Watts Safety Partnership**

Due to a significant rise in crime in the Southeast 2 GRYD zone (Watts), on or about November 1, 2023, GRYD launched the Watts Safety Initiative. GRYD, in partnership with the Los Angeles Police Department (LAPD), Los Angeles Unified School District

(LAUSD), Housing Authority of the City of Los Angeles (HACLA), Los Angeles City Council District 15, and Community Based Organizations (CBOs) in Watts, collaborated to strategically deploy resources to reduce the potential for gang-violence by implementing the following:

1. Establishing a partnership with LAUSD to provide preventative measures of Safe Passage outside schools in Watts by hiring and training GRYD fellows to support with decreasing violent incidents,
2. Increased the presence of community Ambassadors in the Watts area, and
3. Provided weekly healing circles at Watts housing developments; i.e. Nickerson Gardens, Imperial Courts, Jordan Downs, and Gonzaque Village.

The Mayor's Office convenes community stakeholders and coordinates GRYD services as part of this initiative. Here, twenty (20) fellows were hired to ensure safe passage outside of three (3) schools located in the Southeast 2 GRYD zone. These fellows are trained to concentrate on supporting safe passage in the local schools and specific areas in the community. Additionally, fellows assist in organizing healing circles, promoting community peace efforts, and controlling rumors within their respective communities.

A total of nine (9) Ambassadors were hired to conduct outreach, support mediating peace efforts, monitor hotspots, and support with rumor control. Ambassadors support with additional skills and also provide expertise, assisting GRYD providers in real time, when there are upticks in violence.

### **Boyle Heights Additional Programming**

Last summer, Boyle Heights experienced an uptick in shootings and homicides in the communities surrounding Evergreen Park and Ramon Garcia Park. As a result, the Mayor's Office provided additional funding to Soledad Enrichment Action (SEA), the Hollenbeck III intervention agency. At GRYD's direction, SEA provided additional enhanced programming from mid-September to mid-December.

Workshops were conducted on Mondays and Fridays to everyone in the community which resulted in an inter-generational space for young people to engage with older adults in their neighborhood. During these workshops, SEA had approximately 8-10 youth from each community consistently participating for the 3 months. In total, there were approximately twenty-one (21) unique participants attending workshops from each community throughout the three (3) months. Workshop topics were: Self-esteem, parenting classes, resume building, and positive engagement.

As a result of said programming, SEA noticed a decrease in tension between the two targeted communities and GRYD did not receive notification of any gang-related homicides between August 2023 and late January 2024 in the Hollenbeck III GRYD zone.

## **V. COMMUNITY ENGAGEMENT**

Engaging in community activities during the off-season can significantly contribute to the success of SNL. Community Engagement activities play a critical role in fostering safe and secure environments within neighborhoods. By staying active in the community during the off-season, SNL can keep fostering relationships within the community promoting positive activities, and addressing local needs. By maintaining a presence in the community during the off-season keeps the momentum of the program going. It reinforces the message that safety and community well-being are ongoing priorities, not just seasonal initiatives. Here, GRYD works in partnership with local organizations, businesses, schools, and City departments to maximize resources and support for communities.

### **Summer Night Lights**

The Summer Night Lights (SNL) program was piloted during the summer of 2008 by GRYD as a response to research that demonstrated youth were most likely to commit violent crimes between the hours of 4 p.m. and midnight during the summer months in the City of Los Angeles. SNL was piloted at 7 local parks and 1 housing development. Today, SNL is offered at forty-four (44) sites across the City of Los Angeles.

Specifically, SNL provides extended programming to community stakeholders along the family life cycle (i.e., infant to elderly residents) between the hours of 6 p.m. to 11p.m., traditionally starting 4th of July weekend through Labor Day weekend. The notion of community stakeholders includes all members of the community, including those who may be potential perpetrators of violence (e.g., gang members) as well as those who may be potential victims of violence.

In 2023, the SNL program returned to forty-four (44) parks located throughout the City of Los Angeles. SNL was a success, as it hired 530 seasonal employees- 200 more than were hired the previous year. Additionally, 397,900 participated in SNL- 286,024 more participants than the previous year. (2023 Summer Night Lights Report, Attachment D)

### **2024 SNL Programming**

According to LAPD data, 67% of shooting victims were over 25 years old. As such, GRYD is working to modify SNL to address crime trends and feedback from community residents, SNL participants, LAPD, RAP and City Council district offices.

In 2024, SNL will take place from July 3rd - August 1, Thursdays - Saturdays, across 44 sites. Summer Night Lights will continue to offer extended programming from 6PM-11PM to youth, adults, and seniors. These additional hours will be filled with a variety of activities and events that take place aimed at engaging community members in positive and constructive ways. SNL staff will organize sports leagues, tournaments, and recreational activities such as basketball, soccer, volleyball, swimming, and more. These activities encourage physical fitness, teamwork, and sportsmanship among participants. SNL will

also offer opportunities for artistic expression through activities like arts and crafts, music performances, dance workshops, theater productions, and cultural celebrations. These activities promote creativity, cultural awareness, and talent development. Lastly, SNL staff will plan regional family-friendly events such as picnics, movie nights, concerts, talent shows, and community barbecues. These events will bring residents together, promote social interaction, and build community spirit. (2023 Summer Night Lights Report, Attachment D)

Additionally, MOCS and GRYD agencies will partner to provide workshops and programming targeted at youth and adults with the highest risk of experiencing violence, including legal services, employment and job readiness workshops, linkages to drug treatment and mental health programs, financial management workshops, and healing circles.

### **SNL Partnerships**

**SNL Staff:** Based on feedback from Recreation and Parks (RAP) staff, as the community, the Mayor's Office changed the titles of "Youth Squad" to "SNL Staff," expanding the age range of SNL staff. In addition, changing said title, aligns GRYD employee titles with RAP employee titles, which increases opportunities for employment with both SNL, and RAP.

By aligning roles to accommodate both youth, adults, and elders, SNL programs can expand employment opportunities to individuals from different age groups, promoting diversity and inclusivity within the workforce. These diverse teams expand on the unique skills and experiences of community members; benefiting from mentorship, and community connections. The restructured team promotes collaboration between staff members of different age groups, fostering a supportive work environment where knowledge sharing and mutual respect contribute to program innovation and effectiveness.

Revised employee titles provided below:

- Sr. Site Coordinator: Formerly referred to as Cluster Coordinator oversees two sites
- Site Coordinator: Remained the same
- Assist Site Coordinator: Formerly Lead Youth Squad
- SNL staff: Formerly referred to as "Youth Squad" is the entry level position of SNL

This approach supports the workforce, and also strengthens the program's ability to meet the diverse needs of the communities it serves. Here, the program is more inclusive of both youth and seniors, thereby enhancing community trust and participation in SNL activities.

**Summer Ambassadors:** Ambassadors engage in proactive peace-making activities such as developing non-aggression and peace agreements in their communities, they provide safe passage, and also violence interruption strategies

throughout the SNL programming. Summer Ambassadors address potential conflicts, assist in identifying resolutions, and reinforce ongoing inter-neighborhood agreements. Additionally, during programming hours, Ambassadors monitor the perimeter and inside the park to ensure residents safety. They also implement and monitor violence reduction programming- targeting gangs involving youth and young adults; linking participants to GRYD Intervention or Prevention Services. Lastly, the lead CIW and Ambassadors utilize the SNL program to establish and maintain relationships and enact proactive peace-making activities that will continue throughout the year.

Summer Ambassadors are required to attend 10 hours of training; reinforcing SNL best practices, providing adequate intervention skills, understanding conflict mediation/ resolution, effective communication, professionalism and safe passage 101. In preparation for SNL this year, GRYD hosted three (3) Regional Safety Meetings in June this month. Intervention partners throughout the city attended the meetings to understand hot spots and areas of concern. They were also provided guidance on recent incidents, while GRYD partners also provided updates on their communication with groups in close proximity to SNL parks.

**Law Enforcement & Community Engagement:** LAPD is an active partner and supporter of the GRYD strategy. As such, LAPD involvement in the SNL program occurs at multiple levels. Law enforcement presence at SNL sites consists of active participation and interaction with all community members in activities beyond suppression including sports, provision of community resources, and LAPD program opportunities for youth and residents during and beyond SNL.

**Program Partners:** SNL's success is greatly attributed to the year-round relationships created through the implementation of the GRYD's strategy. GRYD has established important and lasting relationships with City departments, government agencies, community-based, and non-profit organizations, businesses, and local philanthropies. SNL has also provided a unique opportunity for inter-departmental collaboration as well as city-county collaborations. The implementation of the program includes a partnership with Los Angeles Recreations and Parks Department (RAP), the Los Angeles Police Department (LAPD), City Council offices, Housing Authority of the City of Los Angeles (HACLA), Los Angeles Public Library (LAPL), Los Angeles City Zoo, EmpowerLA, PlannedParenthood, and ListosCA.

## SNL Projected Employment Opportunities

Each summer, SNL provides hundreds of employment opportunities to the community throughout the city. Please see Citywide employment projections for SNL programming this summer:

<b>Seasonal Staff</b>	<b>Total Employment Number</b>
Sr. Site Coordinator	27
Site Coordinator	61
Assistant Site Coordinator	44
SNL Staff	500
Regional Art Instructors	25
Regional Sports Instructors	25
Sports League Coaches	44
Sports League Officials	44
Prevention Coordinators	44
Summer Ambassadors	100
<b>Total Projected Seasonal Staff</b>	<b>884</b>

SNL programming will focus on a curriculum that highlights intergenerational programming that captivates all members of the community. SNL intergenerational programming not only enhances community cohesion and safety but also enriches the overall experience by creating opportunities for learning, sharing, and mutual support among different age groups. It strengthens social bonds and promotes a sense of belonging and pride in the community.

Programming, activities, and events will be focused on bringing together people of different ages within the community. Below are some ways in which intergenerational programming will be integrated into Summer Night Lights:

1. Family-oriented activities: Events such as movie nights, arts and crafts sessions, or sports tournaments that appeal to both children and adults, which fosters bonding between different generations within families.
2. Skill-sharing workshops: Encourage older adults in the community to share their skills and knowledge with younger generations. This will include cooking classes, gardening workshops, and/or storytelling sessions.

3. Cultural celebrations: Events that celebrate the diversity of the community through music, dance, and food.
4. Health and wellness programs: Fitness classes, yoga sessions, wellness workshops. This promotes healthy living and can be a shared activity for families and individuals alike.

Instructors develop workshops focused on themes encompassing celebration, power, and inter-connection of community culture and experiences. In addition, workshops promote familial and intergenerational participation as well as expose participants to new art forms, resources, and local organizations.

### **Employment Partnerships- Department of Recreation and Parks**

The Mayor's Office partners with the City of Los Angeles Department of Recreation and Parks (RAP) to centralize the hiring process for youth and seasonal employees for SNL and FFN. The SNL and FFN programs provide temporary and part-time employment opportunities for approximately 400 youth and young adults across the City. This includes hiring youth, and assisting with City's employment onboarding (i.e. fingerprinting and medical screening). In addition to youth hiring, RAP provides supplies to support programming such as grills and refrigerators for meals. RAP also partners with City Council Offices to ensure park facilities support additional programming such as movie nights.

### **SNL Street Teams**

After the pandemic, programs like Summer Night Lights (SNL) saw a drop in enrollment. The Mayor's Office was very intentional with community outreach, and decided to keep SNL staff onboarded throughout the year- operating as street teams to re-engage the community effectively. The "street team" became a crucial component of community engagement and significantly contributed to the onboarding and hiring of SNL's staff. Outside of summer programming, the street teams spread awareness about SNL job opportunities, upcoming events, encouraging community members and organizations to participate. They strengthen ties with local residents, businesses, and organizations to foster a supportive network.

Well-organized street teams, and robust community engagement strategies are essential for maximizing a positive impact to Summer Night Lights, as GRYD ensures it is meeting the diverse needs of the community.

## **VI. RESEARCH AND EVALUATION**

In each category of services, GRYD service providers are required to regularly report all GRYD related interactions with participants and their families, incidents of crime, gang related responses, and staff hours that are directed towards various forms of service delivery. GRYD compiles this data using the Efforts to Outcome (Supra) platform to measure GRYD contract competencies. Currently, the system is overseen by a research and evaluation team led by Cal State LA, University Auxiliary Services, Inc. to ensure the

implementation of best practices, monitor the effectiveness of GRYD programs and provide support services for the contracted agencies.

GRYD agencies are assessed twice annually using an evaluation tool that assesses participant numbers, the number of referrals, the outcomes of re-assessments to determine whether participants should remain in the GRYD program, the level of programming and services per participant and the number of community engagement activities facilitated by the agencies. For intervention agencies, the tool also assesses deployment, incident response, and proactive peacekeeping activities.

Additionally, the Mayor's GRYD staff meets with agencies monthly to provide technical assistance, assess hot spots, review monthly progress towards annual goals and program-related spending.

## **VII. PROCUREMENT & CONTRACT SELECTION PROCESS**

### **Procurement**

The Mayor's Office of Community Safety (MOCS) procures all contract services on behalf of GRYD. All prevention and intervention contracts are procured through a Request for Proposals (RFP) from 501(c)(3) organizations for contract terms of up to three years (four years during COVID-19). A panel of evaluators that have been deemed to have no conflicting interests are utilized to evaluate the proposals against pre-established metrics. A separate panel is convened to consider any appeals. After the panel completes the selection process, the final contract terms are negotiated prior to contract execution. Agencies contracted for FY 22-23; FY23-24 and FY24-25 were selected through a procurement process conducted on October 29, 2021. Contract amounts are determined by a variety of factors including, the capacity of agencies, crime rates, number of organized gangs and active conflicts in a particular GRYD zone, annual programming needs and GRYD's overall budget. The procurement and contracting procedures comply with City policies and are subject to review and approval by the City Attorney. (Fiscal Year 2024-2025 MOCS contract list, Attachment C).

Sincerely,

KAREN BASS  
Mayor

# 2023

# HOMICIDE REPORT

## LOS ANGELES POLICE DEPARTMENT

MICHEL R. MOORE  
CHIEF OF POLICE

***“to protect and to serve”***

## **LOS ANGELES POLICE DEPARTMENT**

# **MISSION STATEMENT**

It is the mission of the Los Angeles Police Department to safeguard the lives and property of the people we serve, to reduce the incidence and fear of crime, and to enhance public safety while working with the diverse communities to improve their quality of life. Our mandate is to do so with honor and integrity, while at all times conducting ourselves with the highest ethical standards to maintain public confidence.

# THE CORE VALUES

RESPECT FOR PEOPLE

COMMITMENT TO LEADERSHIP

QUALITY THROUGH CONTINUOUS IMPROVEMENT

INTEGRITY IN ALL WE SAY AND DO

SERVICE TO OUR COMMUNITIES

REVERENCE FOR THE LAW

---

## **RESPECT FOR PEOPLE**

Working with the Los Angeles Police Department should be challenging and rewarding. Our people are our most important resource. We can best serve the many and varied needs of our communities by empowering our employees to fulfill their responsibilities with knowledge, authority, and appropriate discretion. We encourage our people to submit ideas, we listen to their suggestions, and we help them develop to their maximum potential. We believe in treating all people with respect and dignity. We show concern and empathy for the victims of crime and treat violators of the law with fairness and dignity. By demonstrating respect for others, we will earn respect for the Los Angeles Police Department.

## **COMMITMENT TO LEADERSHIP**

We believe the Los Angeles Police Department should be a leader in law enforcement. We also believe that each individual needs to be a leader in his or her area of responsibility. Making sure that our values become part of our day-to-day work life is our mandate. We must each work to ensure that our co-workers, our professional colleagues, and our communities have the highest respect for the Los Angeles Police Department.

## **QUALITY THROUGH CONTINUOUS IMPROVEMENT**

We will strive to achieve the highest level of quality in all aspects of our work. We can never be satisfied with the "status quo." We must aim for continuous improvement in serving the people in our communities. We value innovation and support creativity. We realize that constant change is a way of life in a dynamic City like Los Angeles, and we dedicate ourselves to proactively seeking new and better ways to serve.

## **INTEGRITY IN ALL WE SAY AND DO**

Integrity is our standard. We are proud of our profession and will conduct ourselves in a manner that merits the respect of all people. We will demonstrate honest, ethical behavior in all our interactions. Our actions will match our words. We must have the courage to stand up for our beliefs and do what is right. Throughout the ranks, the Los Angeles Police Department has a long history of integrity and freedom from corruption. Upholding this proud tradition is a challenge we must all continue to meet.

## **SERVICE TO OUR COMMUNITIES**

We are dedicated to enhancing public safety and reducing the fear and the incidence of crime. People in our communities are our most important customers. Our motto, "To Protect and to Serve," is not just a slogan it is our way of life. We will work in partnership with the people in our communities and do our best, within the law, to solve community problems that affect public safety. We value the great diversity of people in both our residential and business communities and serve all with equal dedication.

## **REVERENCE FOR THE LAW**

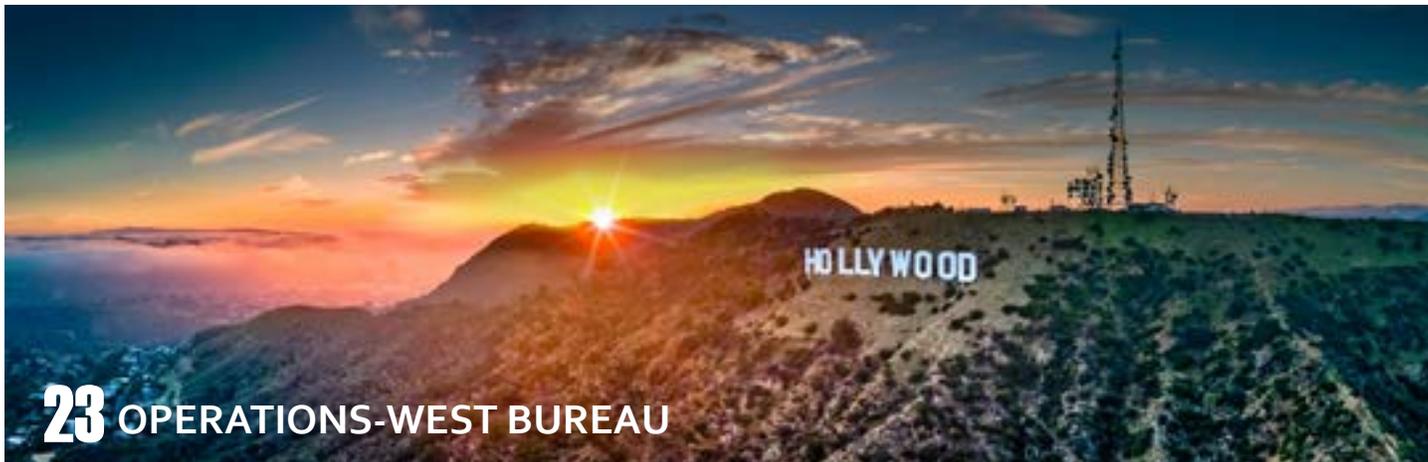

We have been given the honor and privilege of enforcing the law. We must always exercise integrity in the use of the power and authority that have been given to us by the people. Our personal and professional behavior should be a model for all to follow. We will obey and support the letter and spirit of the law.

# 2023 HOMICIDE REPORT

The consequences of a homicide extend far beyond the immediate loss of life. The emotional and psychological toll on the affected community is profound, leaving a lasting impact on the victims' families, friends, and loved ones. Homicide investigations are complex, demanding, and crucial for providing justice and closure to affected communities. The multi-step process involving various specialized divisions underscores the comprehensive approach taken by the LAPD to solve these cases.

The emphasis on the dedication of seasoned homicide investigators, support from specialized divisions like Forensic Science Division and Technical Investigation Division, and the integration of advanced technologies such as DNA analysis contribute to the LAPD's efforts in solving homicides.

The annual Homicide Report serves as a valuable resource for understanding the dynamics of homicides in Los Angeles and providing an analysis of the data, which includes statistical comparisons and clearance information for solved cases. This report not only offers transparency but also helps in identifying trends, patterns, and areas that may require specific attention or resources.

The decrease in the number of homicides from the prior year is noteworthy, and it reflects the ongoing efforts of the LAPD in addressing violent crime in the City.

Overall, the LAPD's commitment to thorough and comprehensive homicide investigations is evident, and the information provided will likely contribute to ongoing efforts to enhance public safety and address the root causes of violent crime in Los Angeles.

---

All information contained in this report was obtained from investigating officers handling each homicide investigation, from LAPD's ADSD, and COMPSTAT Division via the Crime Analysis Mapping System (CAMS) unless otherwise noted.

The ADSD is the Department's authoritative entity responsible for producing crime data reported to the CA DOJ, which must conform to the FBI UCR guidelines. The guidelines set forth by the UCR requires data to be submitted based on when the police received a crime notification versus when the crime occurred.

All percentages are rounded to the nearest whole number unless noted.

# PRIOR YEAR CASES

## RECLASSIFIED TO 2023 HOMICIDES

---

The LAPD's procedures for handling deaths and the involvement of the Los Angeles County Department of Medical Examiner-Coroner (MEC) underscores the complexity and diligence involved in death investigations particularly when it comes to cases that may be initially classified as "undetermined" and later reclassified as homicides. The comprehensive approach of initiating death investigations unless certain criteria are met ensures a thorough examination of circumstances surrounding a person's death. The involvement of the MEC, especially in cases where evidence suggests a cause of death other than natural or accidental, highlights the commitment to accuracy and transparency.

The reclassification of cases as homicides, based on updated findings by the MEC, and the subsequent notification to the LAPD for the completion of a homicide report align with established reporting guidelines,

including those outlined by the FBI's Uniform Crime Reporting (UCR) guidelines.

The recognition of the challenges posed by reclassified homicides due to the passage of time emphasizes the LAPD's awareness of the difficulties investigators may face in accessing crime scenes, witnesses, and evidence. The affirmation of the equal importance of reclassified cases reinforces the commitment to treating each case with the necessary attention and resources, regardless of when the death occurred.

Below are the seven instances where the person died before 2023, and the MEC reclassified their deaths to homicide in 2023.

---

### **DR No. 2202-06154**

On February 21, 2022, a 34-year-old male victim was shot one time by a gang member due to the erroneous belief that the victim was also a gang member. The investigation led to a suspect being arrested for the shooting on February 25, 2022. The victim died from his injuries on December 17, 2022 and the case was reclassified to a Criminal Homicide in 2023. Charges of Assault with a Deadly Weapon were filed by the Los Angeles County District Attorney's (DA) Office for the initial shooting.

---

### **DR No. 2303-08440**

On May 14, 2022, a 71-year-old male victim was repeatedly punched in the face by a fellow resident of a group home. The victim was knocked unconscious and transported to the hospital. He was later transferred to a convalescent hospital. The victim never regained consciousness and he died on June 18, 2022. On March 28, 2023, South Bureau Homicide Division (SBHD) learned that the MEC ruled the death a Criminal Homicide. The suspect was later booked for Criminal Homicide and charges were filed by the Los Angeles County DA's Office.

---

**DR No. 2308-05707**

On November 21, 2021, a 66-year-old male victim was involved in a physical altercation with the suspect at a retail location. The suspect caused serious injury to the victim due to blunt force trauma to the head and was arrested at the scene. The victim was transported to a hospital for treatment and later transferred to a skilled nursing facility. The victim died from his injuries on August 3, 2022. The MEC ruled the death a Criminal Homicide on January 20, 2023. Detectives amended the original charges with the Los Angeles County DA's Office to Criminal Homicide.

.....

**DR No. 2303-06423**

On June 28, 2009, an 18-year-old male victim was shot at a party after being confronted by two gang members and critically injured. The victim died August 6, 2022 and on February 16, 2023, the MEC ruled the death a Criminal Homicide. A suspect was arrested for the shooting in August 2009 and charged with Attempted Murder.

.....

**DR No. 2312-08154**

On July 24, 2016, a 19-year-old victim was found suffering from multiple gunshot wounds. He was transported to the hospital and treated for his injuries. On September 17, 2022, the victim was found deceased in his residence. On March 8, 2023, the MEC ruled the death a Criminal Homicide due to complications related to the initial crime. A suspect was arrested for the original shooting; however, the Los Angeles County DA's Office declined to file charges at that time.

.....

**DR No. 2218-05043**

On January 23, 2022, a 36-year-old male was shot multiple times. He remained hospitalized until his death on November 8, 2022. On July 31, 2023, the MEC notified SBHD that the death was ruled a Criminal Homicide. Two suspects were later arrested for Criminal Homicide.

.....

**DR No. 2318-14625**

In 1986, a 20-year-old male victim was shot after being confronted by a gang member. The shooting caused the victim to become paralyzed below the waist. The victim died on November 14, 2022 and on August 8, 2023, SBHD learned the MEC ruled the death a Criminal Homicide due to complications from the 1986 shooting. The suspect had already been arrested and convicted for the original shooting.

# Statistics

This represents 65 fewer homicide victims, which is a 17 percent Citywide decrease from the 392 homicide occurrences in 2022.

TOTAL NUMBER OF HOMICIDES BY THE DECADES

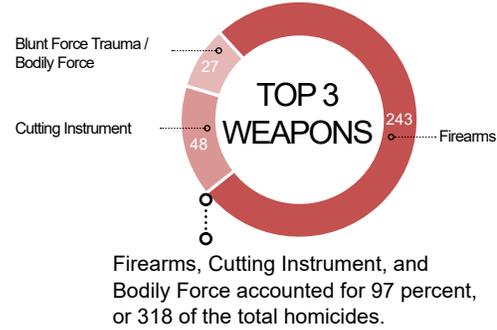

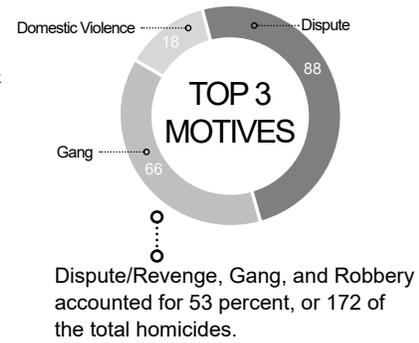

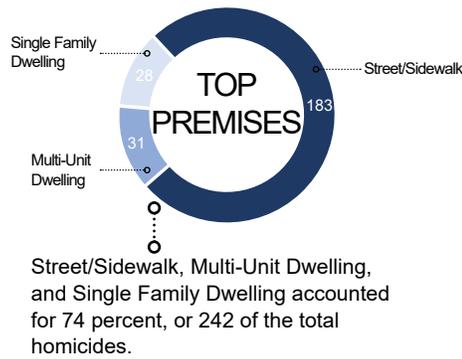

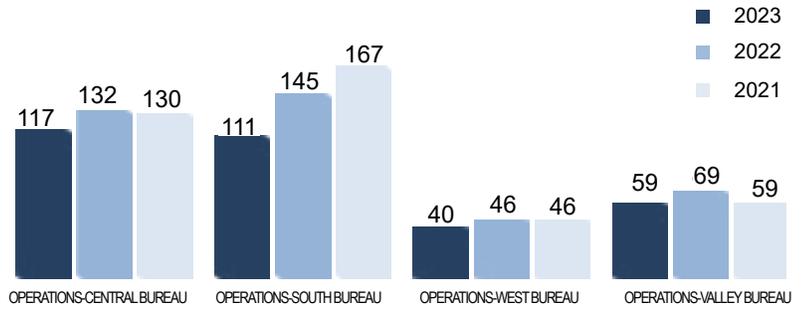

# YEAR-END REVIEW

## HOMICIDES BY BUREAU

In 2023, the City of Los Angeles had 327 homicides, 65 fewer than the 392 in 2022, and an overall decrease of 17 percent.

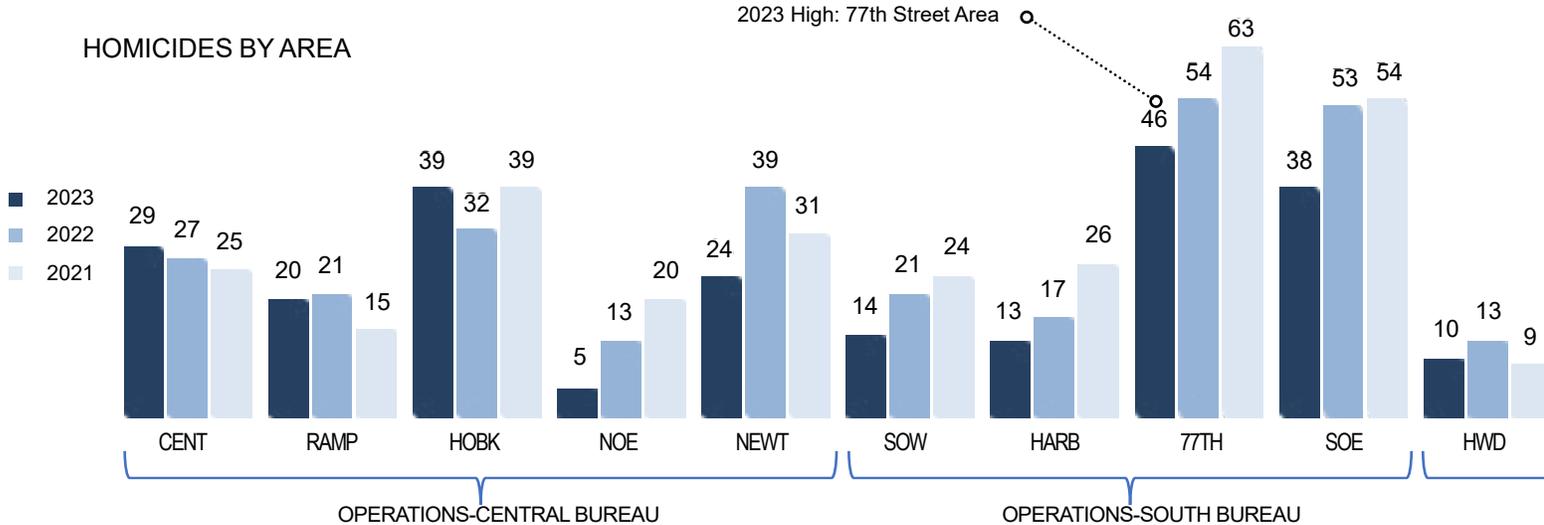

This report contains demographic, investigative, and statistical data from the investigators assigned to each of the reported homicides that occurred in 2023. It is essential to state that although this report analyzes homicide statistical data, it represents the loss of life. This report is not intended to dehumanize or devalue the tragic loss of life with the data, analysis, and percentages presented but merely for comprehension.

Detective Bureau and homicide investigators hold weekly meetings to review and provide investigative updates of the prior weeks' homicides. These meetings foster a cooperative peer review by sharing information and verifying the facts of each case to help identify patterns and repeated Modus Operandi (MO).

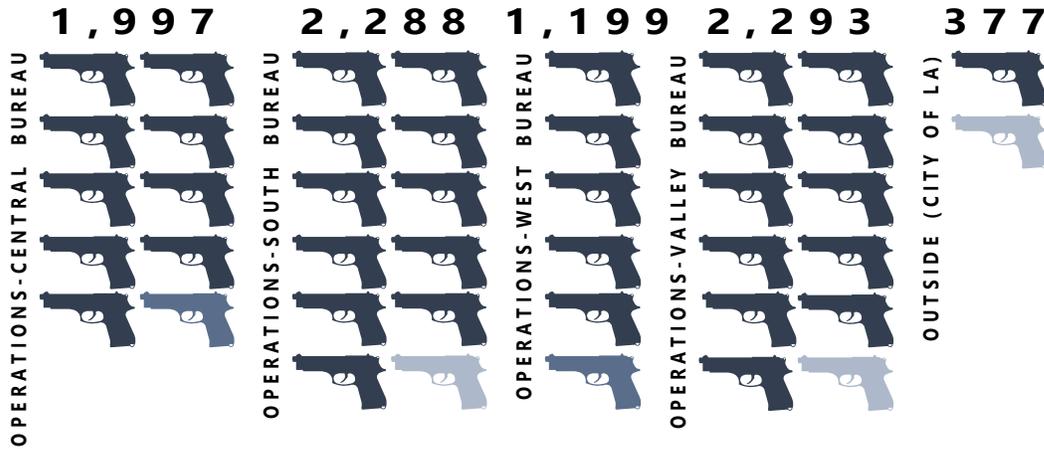

Hate Crime related Homicides are even in 2023 compared to 2022 with 1 incident.

## HOMICIDES BY AREA

Firearm refers to all types and kinds of handguns, rifles, and shotguns.

# 8,154 FIREARMS SEIZED

 = 200 FIREARMS SEIZED

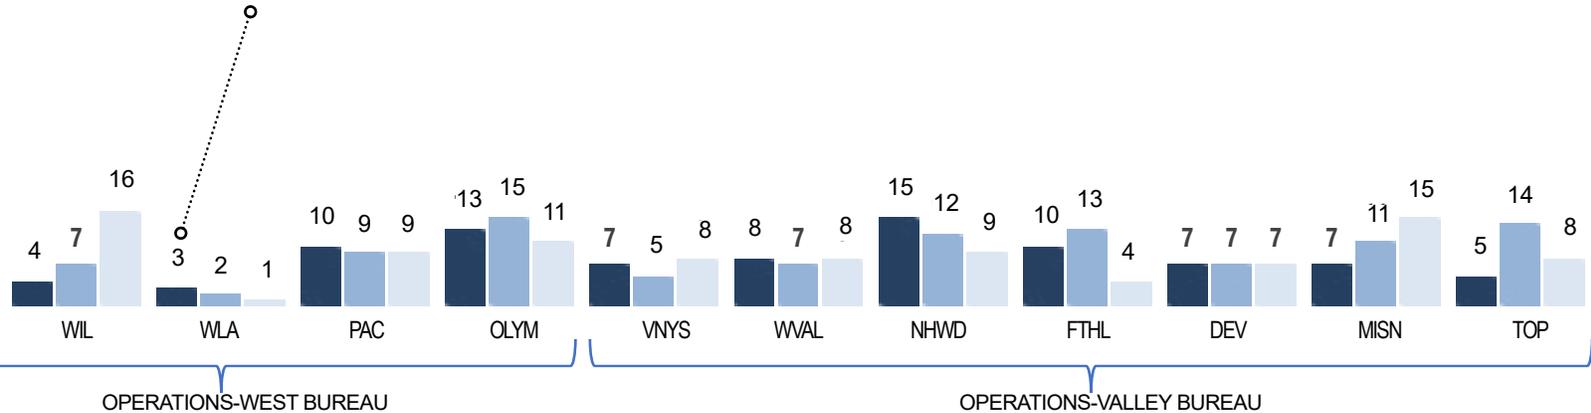

The Department seized 8,154 firearms in 2023, 273 fewer than the 8,427 from the previous year, a decrease of three percent Citywide.

The Department identified 1,232, or 15 percent, of the total firearms seized as "ghost guns", 474 fewer than the 1,706 ghost guns identified in 2022, a decrease of 28 percent. Ghost guns are generally homemade from an unfinished frame or receiver, often made from metal or polymer materials, and have no identifiable serial number or manufacturer's markings, making them virtually untraceable by law enforcement and an easily accessible firearm for those who are not legally allowed to purchase or possess firearms.

Firearms remain the suspects' predominant murder weapon, used in 244, or 75 percent, of the 327 homicides for 2023. As guns continue to present a significant officer and public safety risk, the Department's uniformed and specialized unit personnel continue to be vigilant in their relentless pursuit to remove firearms from criminals and others not legally allowed to possess them.

2023 Low: West Los Angeles Area

Information provided by Gang and Narcotics Division, Gun Unit.

# CLEARANCES

## CITYWIDE

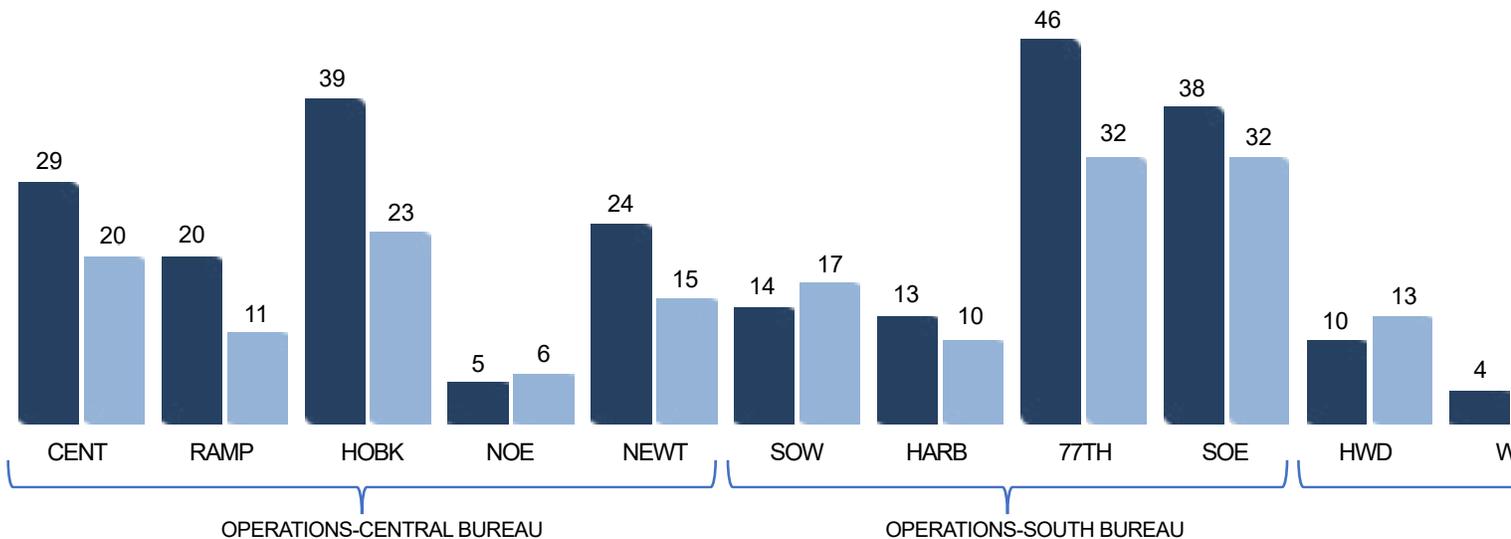

When a crime report's status is "cleared," it indicates that an investigator has solved the crime and has taken all possible appropriate action against at least one suspect. A cleared crime can have either a disposition status of "Cleared by Arrest" or "Cleared Other." "Cleared by Arrest" means a person has been arrested and/or charged with a crime. "Cleared Other" means a case has been investigated to the extent where no further action is possible based on specific criteria. Investigators are required to submit homicides cases that meet the specific criteria to Robbery-Homicide Division (RHD), which will review and approve them for reclassification to "Cleared Other."

	2023	2022	2021
CLEARANCES	251	291	275
CLEARANCE RATE	76%	75%	68%

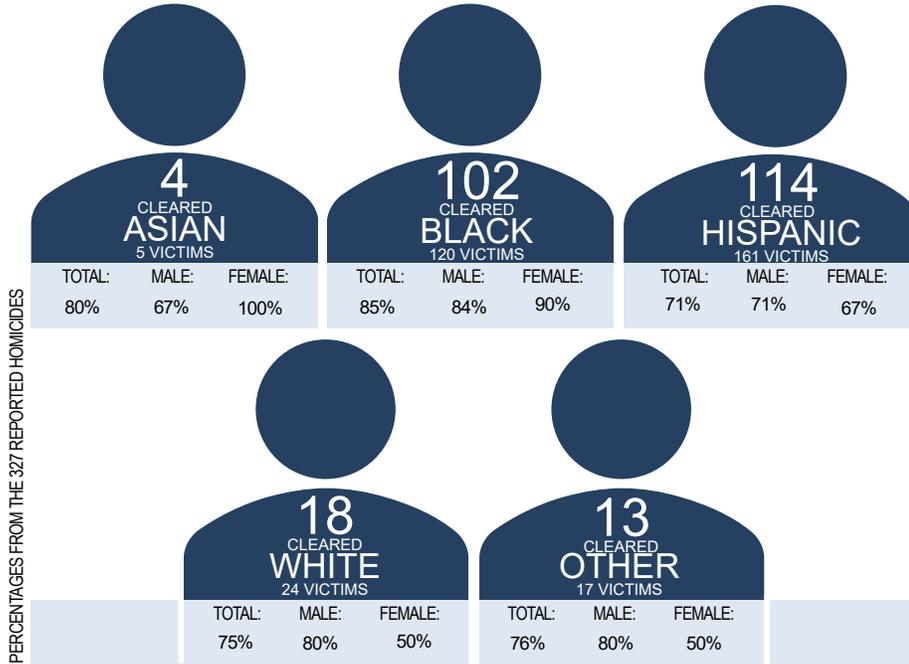

Citywide clearances include homicides from prior years, that were cleared in 2023. The clearance rate percentage was derived from the 329 total homicides reported to the California Department of Justice (CA DOJ) for 2023, inclusive of the seven prior year homicides reclassified to 2023 homicides.

### END-OF-YEAR REPORTED HOMICIDES / CLEARANCES BY AREA

All clearance information provided by ADSD.

## HOMICIDE CASES CLEARED BY ETHNICITY

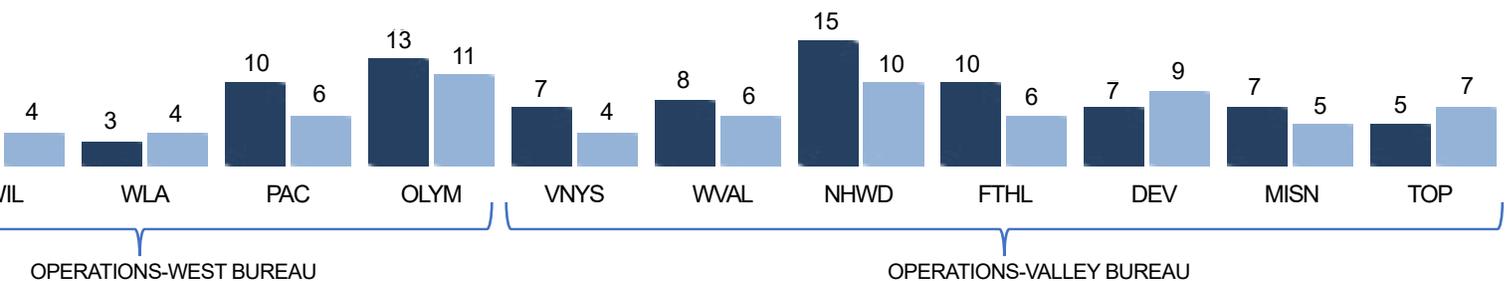

There were 251 reported homicide clearances for 2023. This included four Asian clearances (80 percent), 102 Black clearances (85 percent), 114 Hispanic clearances (71 percent), 18 White clearances (75 percent), and 13 Other clearances (76 percent).

Occasionally, the LAPD will update homicide clearance information previously submitted to CA DOJ when they discover that an investigator solved a homicide for a concerned year. When the numbers are updated, the clearance rate is changed for that particular year.

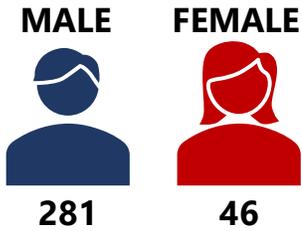

The Department reported 251 cleared homicides to the CA DOJ in 2023, 40 fewer than in 2022, a decrease of 14 percent. These 251 solved cases represent an overall Citywide clearance rate of 76 percent, compared to the 75 percent clearance rate in 2022.

■ 2023 Total Homicides ■ 2023 Homicides Cleared

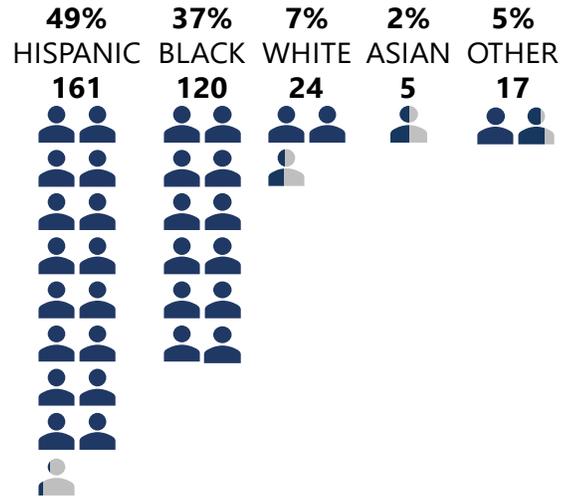

# VICTIM PROFILES

## VICTIM GENDER

In 2023 there were 281 male and 46 female victims, with males accounting for 86 percent of homicides and females accounting for 14 percent. In comparison to 2022, the total number of male victims decreased by 68 victims, while the total number of female victims increased by three (ten percent).

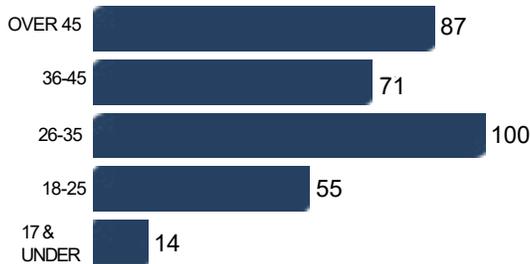

## VICTIM ETHNICITY

EACH HUMAN FIGURE = 10 VICTIMS

The number of Other victims increased to seventeen in 2023, up from ten in 2022 (70 percent increase). Hispanic victims decreased by nine percent to 161 in 2023 versus 177 in 2022. Black victims, the second largest ethnicity killed (37 percent of the 327), also decreased in 2023 by 44 compared to 164 in 2022, a decrease of 27 percent.

## VICTIM AGE

Victims between the ages of 26 and 35 accounted for 31 percent of homicides in 2023. This was 17 fewer (a 15 percent decrease) than the 117 in 2022. Persons over 45 years old accounted for 27 percent of victims, a 20 percent decrease from 109 victims in the same age group in 2022. The largest decrease from the year prior was from victims 17 and under at a decrease of 26 percent, down five from 19 in 2022.

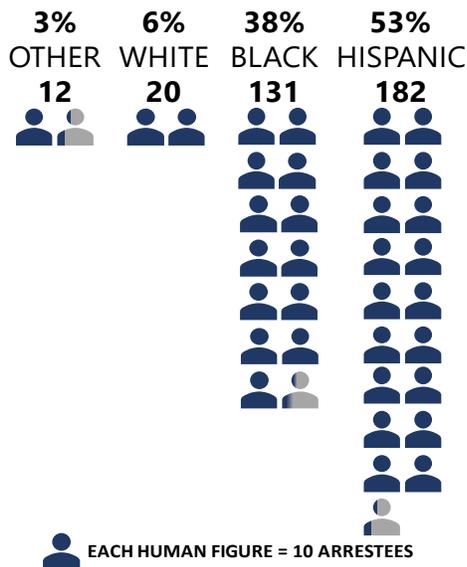

## MENTAL HEALTH

The LAPD's Mental Evaluation Unit had one or more prior contacts with 42 victims and placed 21 on mental evaluation holds. However, it is unknown if the victim's mental illness was a factor in their death.

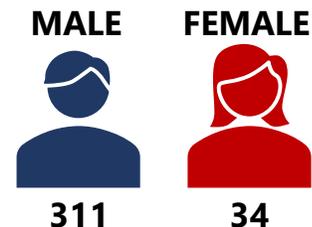

# ARRESTEE PROFILES

## ARRESTEE ETHNICITY

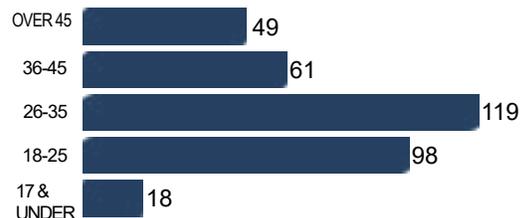

When looking at the ethnicities of those arrested in 2023, there were 20 arrests of White suspects, down nine (31 percent) from 29 arrests in 2022. During the same period, there were 182 arrests of Hispanic suspects, which is an increase of 18 arrests (11 percent) compared to 2022. There were also 131 arrests of Black suspects, down 41 (24 percent) compared to 2022. In 2023, there were 12 arrests of suspects Identified as "Other," which is up 6 (100 percent) compared to 2022.

## ARRESTEE GENDER

LAPD made 345 homicide arrests during 2023. This is a decrease of seven percent compared to the 371 homicide arrests in 2022. Ninety percent of those arrested in 2023 were male. This percentage is up from 2022 when 89 percent of those arrested for homicide were male.

## ARRESTEE AGE

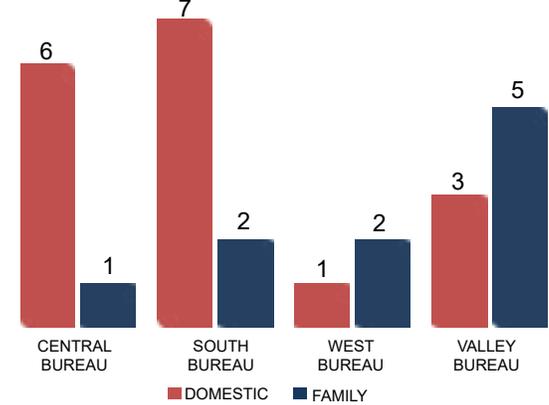

Sixty-three percent of those arrested for homicides in 2023 were between the ages of 18 and 35. In 2022, the same age group accounted for 65 percent of the total homicide arrests. Those 17 and under accounted for five percent of the homicide arrests in 2023.

# DOMESTIC-RELATED

Reducing and preventing domestic violence remains one of the LAPD's highest priorities. The Department relies heavily on the Domestic Abuse Response Team (DART) model. The DART model partners a specially trained police officer with a trained domestic violence advocate from a community-based social service organization. The mission of DART is to have law enforcement work collaboratively with social service partners to reduce the incidents and impact of domestic violence while increasing access to services for entire families.

In 2023, there were 17 domestic-related and 10 family-related homicides, totaling 27. The 27 accounted for eight percent of the citywide annual total of 327 homicides.

DOMESTIC/FAMILY HOMICIDES BY BUREAU

DOMESTIC/FAMILY-RELATED HOMICIDES

	2023	2022	2021

# HOMELESS-RELATED

Homicides are categorized as homeless-related when either the victim, suspect, or both, were experiencing homelessness during the time of occurrence. Homeless-related homicides accounted for 21 percent of the 327 Citywide homicides in 2023. There were 70 total homeless-related homicides in 2023, which is 40 fewer homicides and a 36 percent decrease from 110 in 2022 and a 35 percent decrease from 107 in 2021.

Information provided by CAMS and the investigators of each homicide case.

## HOMELESS-RELATED HOMICIDES BY AREA/BUREAU

## HOMELESS-RELATED HOMICIDES

	2023	2022	2021
TOTAL HOMICIDES	327	392	402
HOMELESS-RELATED	70	110	107
HOMELESS-RELATED %	21%	28%	27%

○ Homicide investigators determined either the victim, the suspect, or both were experiencing homelessness during the time of the homicide.

○ Investigators cleared 32 of 70 homeless-related homicides, equal to 46 percent.

## 2023 vs 2022 % Change

○ There were 40 fewer homeless-related homicides than the 110 in 2022, resulting in a 36 percent decrease.

## 2023 vs 2021 % Change

○ There were 37 fewer homeless-related homicides than the 107 in 2021, resulting in a 35 percent decrease.

# GANG-RELATED

Gangs within the City have continued to grow since their inception in the early 1920s and continue to plague the City today. With street gang members and associates estimated to be in the tens of thousands, gang activity continues to be a major contributor to crime in the City.

To combat the ever-growing community impact and damage that gangs can inflict, the LAPD has a dedicated Gang Enforcement Detail (GED) in each of its 21 geographic Areas. Each GED is staffed with experienced officers who have developed specialized knowledge specific to local gangs. Additionally, the Department continues to utilize the following resources to reduce gang violence:

- Community Safety Partnership Bureau (CSPB);
- Working in partnership with community members;
- Collaboration of intervention and prevention programs such as Gang Reduction and Youth Development (GRYD);
- Community Law Enforcement and Recovery (CLEAR) Program model;
- Relentless follow up through COMPSTAT command accountability process;
- Gun Unit investigations focused on gang members;
- Partnerships with federal, state, and local law enforcement; and,
- Using technology within geographic Areas and Department-wide, such as social media platforms to increase community awareness of gang activity.

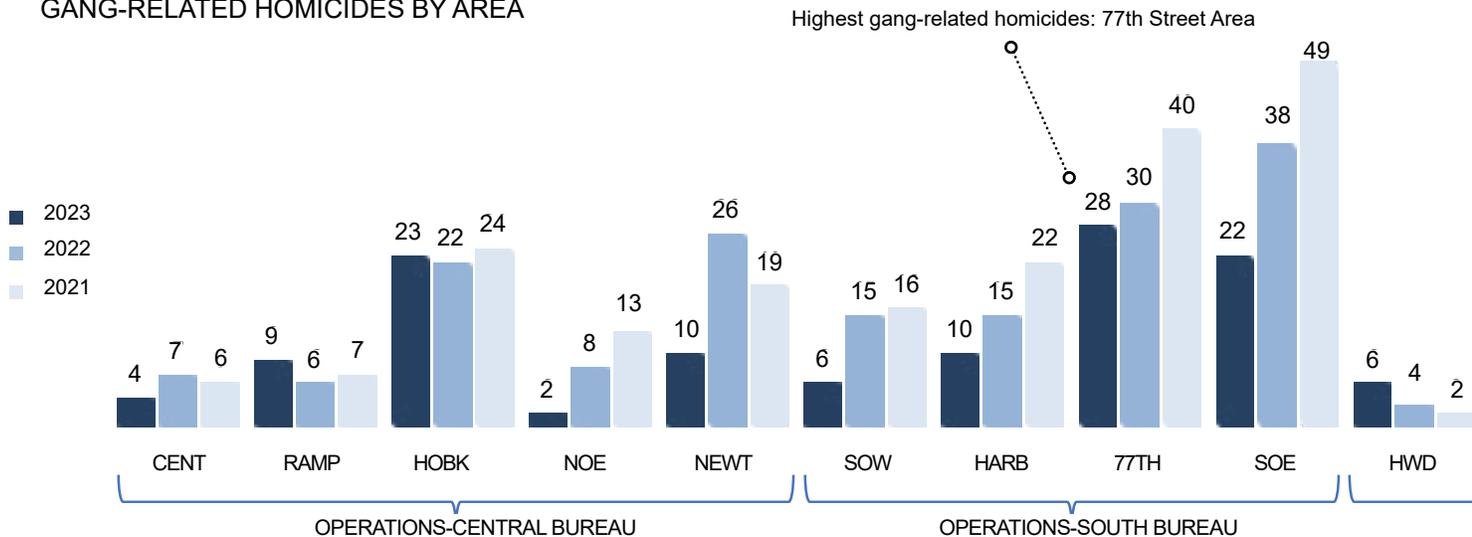

## GANG-RELATED HOMICIDES

	2023	2022	2021
TOTAL HOMICIDES	327	392	402
GANG-RELATED	154	209	230
GANG-RELATED %	47%	53%	57%

Homicide investigators determined either the victim, suspect, or motive was gang-related.

## GANG-RELATED HOMICIDES BY AREA

Gang-related refers to homicides where the victim or suspect is a gang member or affiliate, or if the motive of the homicide is determined to be gang-related.

### 2023 vs 2022 % Change

2023 had 55 fewer gang-related homicides than the 209 in 2022, resulting in a 26 percent decrease.

### 2023 vs 2021 % Change

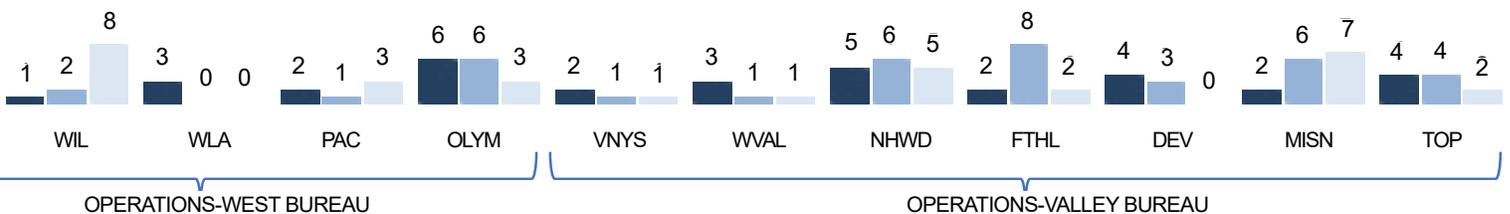

2023 had 76 fewer gang-related homicides than the 230 in 2021, resulting in a 33 percent decrease.

In 2023, there were 154 gang-related homicides, down 55 from the 209 in 2022 (26 percent decrease), and down 76 from the 230 reported in 2021 (33 percent decrease). The 154 gang-related homicides accounted for 47 percent of the 327 total homicides in 2023.

Three of the four geographic bureaus (OCB, OSB, OVB) experienced a decrease in gang-related homicides. The only geographic bureau to experience an increase was OWB, having 18 gang-related homicides, five more than the 13 in 2022.

77th Street Area, a part of OSB, had the highest gang-related homicides Citywide, ending the year with 28.

Over the years, street gangs have had a devastating impact on the communities in Los Angeles. Gang violence, specifically gang-related and gang-motivated homicides, continue to be a Citywide issue, impacting neighborhoods with fear. Patrol and specialized GED officers diligently work to reduce the impact of gangs by partnering with communities and Community-Based Organizations.

Information provided by CAMS and the investigators of each homicide case.

# COMMUNITY SAFETY PARTNERSHIP BUREAU

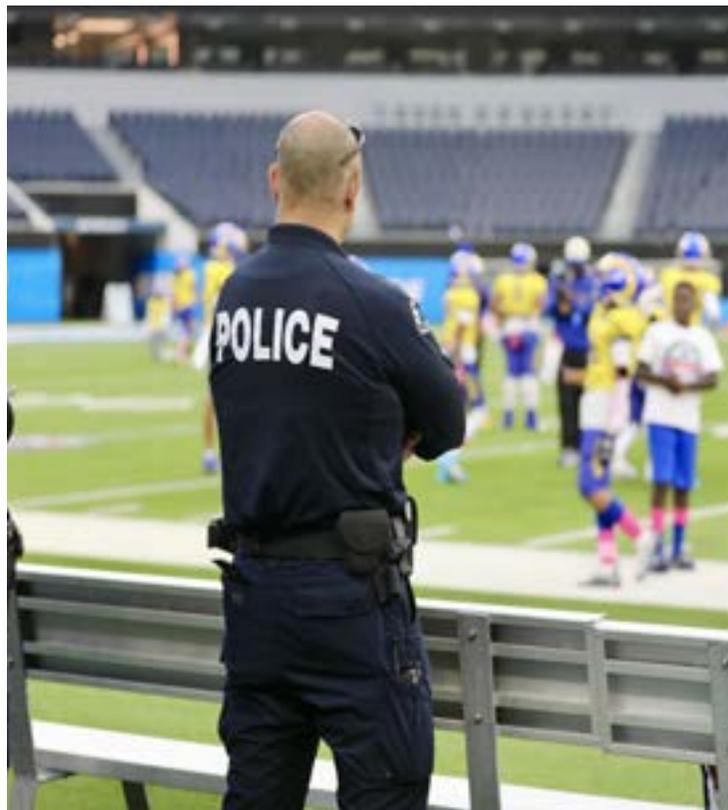

The Community Safety Partnership Bureau (CSPB) embraces a policing philosophy that is rooted in relationship building, transparency, trust, and a collaboration to solve social issues, including public safety, through a public health approach. There is no larger event that traumatizes a community more than a homicide. The loss of life not only impacts the victim and their loved ones, but also impacts the witnessing community, and the involved perpetrator.

Community Safety Partnership Bureau responds in a manner that respects the impacted community and works in tandem with Community-Based Organizations, local government, and investigators to deliver an outcome to bring justice to the victim. While planning a response, CSPB personnel are always guided by, “Community-led solutions that are supported by law enforcement.”

Community Safety Partnership Bureau has established a consistent community response plan after a critical incident occurs. While a substantial amount of work is conducted after a homicide, trust building and fostering key relationships is a continuous effort.

Community Safety Partnership Bureau engages community members exposed to violence through our trusted partners. Community Safety Partnership Bureau connects community members with resources through conducting household assessments. The intent of the assessments is to expand our service base and referrals to Community Safety Partnership (CSP) partners. The services will stabilize households exposed to trauma with the hope of amplifying the success of each individual engaged in a program. Currently, CSPB has adult and youth program partners that provide services in the following areas:

- Youth Programs and Sports;
- Victim and Community Advocacy;
- Community Wellnes;
- Career Development; and,
- Educational Advancement.

## HOMICIDES IN THE CSP SITES

	2023	2022	2021
TOTAL HOMICIDES	327	392	402
TOTAL CSP	10	5	17
IMPERIAL COURTS	2	0	2

CSP %	3%	1%	4%

2023 vs 2022 % Change

2023 had 5 additional homicides in the CSP sites than in 2022, resulting in a 100 percent increase.

2023 vs 2021 % Change

2023 had seven fewer homicides in the CSP sites than in 2021, resulting in a 41 percent decrease.

Investigators cleared five of the ten 2023 homicides in CSP Sites.

# OPERATIONS CENTRAL BUREAU

CENTRAL · RAMPART · HOLLENBECK · NORTHEAST · NEWTON

Operations-Central Bureau (OCB) is home to Central, Rampart, Hollenbeck, Northeast, and Newton Areas and is roughly 65 square miles. In 2023, there were a combined total of 117 homicides. The homicides in OCB accounted for 36 percent of the 327 homicides Citywide. Hollenbeck Area saw an increase in homicides. They had 39 homicides in 2023, seven more than 32 the year before, a 22 percent increase. Northeast Area experienced a 62 percent decline, ending 2023 with 5 homicides, eight fewer than the 13 in 2022.

# CLEARANCES BY AREA

Clearances include all prior years' homicides reported as cleared in 2023. The clearance rate percentage is based on 118 OCB homicides.

Gang-related refers to homicides where the victim or suspect is a gang member or affiliate and may include the motive for the homicide. Firearm refers to handguns, rifles, and shotguns. Clearances by Area and clearance rate reflect updated numbers current as of this report.

# OPERATIONS SOUTH BUREAU

SOUTHWEST · HARBOR · 77TH STREET · SOUTHEAST

Operations-South Bureau (OSB) is home to Southwest, Harbor, 77th Street, and Southeast Areas and is the smallest geographic bureau at 58 square miles. In 2023, there were 111 homicides in OSB, which was 34 percent of the Citywide total and a 23 percent decrease from 2022. All Areas within OSB saw fewer homicides in 2023 when compared to 2022. Southeast Area's 38 homicides represented the largest numerical decrease of homicides in 2023 compared to 53 in 2022.

# STRATEGIES

---

The LAPD remains committed to safeguarding and assisting the extensive population of Angelenos living in the City, as well as the numerous visitors who come to the City daily. In order to diminish both the occurrence of crime and the anxiety associated with it throughout the entire City, the LAPD consistently establishes objectives and employs inventive and practical strategies to enhance public safety, striving to minimize crime and victimization. These strategies include:

- Publishing a Department homicide victims website, which focuses on the victims and seeks any information from the public about the tragic homicides that occurred in Los Angeles (see victim profile page for the link to this year's homicide victims webpage).
- Conducting increased probation searches pertaining to firearm-related investigations.
- Targeting firearm-related cases to identify, arrest, and successfully prosecute gun violence suspects.
- Investigating and recovering firearms that are in possession of prohibited persons.
- Identifying, arresting, and successfully prosecuting major violators and gun traffickers.
- Ghost Gun Guidelines were completed, and Section 55.22 was added to the Los Angeles Municipal Code which prohibits the possession, purchase, sale, receipt, or transport of non-serialized unfinished firearms, firearm frames, or receivers.
- Developing partnerships with Crime Stoppers to provide monetary rewards for tips that lead to the arrest, prosecution and recovery of ghost gun manufacturers/traffickers within the City of Los Angeles.
- Developing federal partnerships with Alcohol Tobacco, Firearms, and Explosives (ATF) and Homeland Security Investigations (HSI) to obstruct and impact interstate firearms trafficking, both foreign and domestic.
- Creating the Regional Illegal Firearms Trafficking Team Task Force (RIFTT) between the LAPD, Los Angeles World Airports Police, and HSI. This task force works to impede international firearms trafficking and to obstruct the flow of Glock switches and suppressors.
- Conducting surveillance and arresting identified suspect(s) involved in violent gun-related crimes.
- Thwarting gang activity/crime and serving search warrants on individuals.
- Continue 29-year partnership with the San Fernando Valley Coalition on Gangs to reduce the fear of crime and strengthen neighborhood cohesion.
- Working with federal law enforcement partners to obtain information and intelligence from tipsters for information involving firearm-related crimes.
- Coordinating Gun Buyback programs and events with community-based agencies throughout the year to reduce the number of firearms in the City.
- Increasing community outreach and overall awareness of current gang issues and prevention resources within the community.
- Utilizing the LAPDHQ social media account (i.e., X, Instagram, etc.) as the main platform to quickly inform the public on gun reduction strategies, efforts, and reinforcing the Department's Core Values and Motto.
- Facilitating community dialogue between the Department and the community members about gun-related violence.
- Focusing weekly COMPSTAT inspections on shooting and violent crime efforts in Area commands.
- Utilizing the Area Crime and Community Intelligence Center (ACCIC) in conjunction with COMPSTAT to develop timely and relevant strategies to help reduce shootings and violent crime.
- Continuing to work closely with prosecutors from the City Attorney's Office and District Attorney's Office to increase the effectiveness of overall criminal filings.
- Coordinating assistance of the FBI Fugitive Task Force to locate and arrest identified violent crime suspects.
- Assessing the Project Safe Neighborhood plans to address violent crime reduction strategies specific to each Area's circumstances, resources, and crime drivers.
- Expanding the Department's National Integrated Ballistic Information Network (NIBIN) to link ballistic evidence to outstanding cases to solve violent crimes.
- Working with other law enforcement agencies and the community to acquire illegal firearms by conducting joint operations to arrest individuals who are prohibited from possessing firearms.

The LAPD continues to seek the best solutions in crime-fighting strategies to minimize crime and violence in the City of Los Angeles.

# 2023 GRYD SUMMER NIGHT LIGHTS

## SUMMARY REPORT | FEBRUARY 2024

City of Los Angeles Mayor’s Office of Gang Reduction & Youth Development (GRYD)

Prepared by *Harder+Company Community Research*

## Background

The Summer Night Lights (SNL) Program plays an important role in the City of Los Angeles Mayor's Office of Gang Reduction and Youth Development (GRYD) effort to create communities that are healthy, peaceful, and thriving environments.<sup>1</sup> GRYD established the first Summer Night Lights (SNL) program in 2008 to engage community members of all ages in the evenings throughout the summer months when youth violence historically spikes. SNL was implemented in eight locations initially and grew over time. By the summer of 2023, SNL was held in 44 parks and recreation centers citywide.

SNL prioritizes place-based partnerships that facilitate community cohesion and civic engagement and promote connection to services and programs. SNL seeks to:

- Increase access to prosocial activities;
- Increase awareness of community resources;
- Facilitate relationship-building between the community and LAPD;
- Provide access to safe community spaces.

In turn, the intention of SNL is to contribute to violence reduction as much as possible given the limited time it is implemented.<sup>2,3</sup>

This report summarizes the accomplishments and challenges of SNL during the summer of 2023. See Appendix A for a description of the data and methods used in this report.

### GRYD Vision

To create communities that are healthy, peaceful, and thriving environments.

### GRYD Office Mission

To improve the overall health and well-being of families and communities through engagement and by preventing violence and promoting prosocial decisions and behaviors among young people and emerging adults.

# SNL Implementation in 2023

In 2023, SNL was held in

**44** parks across the City of Los Angeles

Mayor Karen Bass visited five different SNL sites over the summer and engaged and interacted with community members and numerous community-based organizations.

Over the past two years, GRYD has expanded its reach – 11 new sites were added in 2022. The SNL expansion was supported via funding from a CaliforniansForAllYouth Workforce Development grant from the Governor's Office, California Volunteers Office. The grant supports employment opportunities for youth and adults ages 16-30 years old.

## Partners

- City of Los Angeles Department of Recreation and Parks
- Los Angeles Police Department (LAPD)
- LA County Department of Public Health
- LA County Department of Mental Health
- Mayor's Fund for Los Angeles
- Los Angeles Rams
- Angel City FC

## Activities

Hot meals and Everytable sandwiches

Sports and fitness

Family-friendly activities

Community resource connections

## Employment

GRYD hired **269 seasonal employees**, including intervention workers, site coordinators and sports and arts instructors

Additionally, **261 youth were hired** as part of the SNL Youth Squad

**165%** increase in hiring from 2022!

# Who Attended SNL in 2023?

Community members who attended an SNL event in 2023 were invited to take a short online survey that asked them about their experiences at SNL that day. Surveys were completed at 34 of the 44 SNL parks this summer and a total of 921 community members completed a survey in 2023. Characteristics of survey respondents are described below.

**397,900**

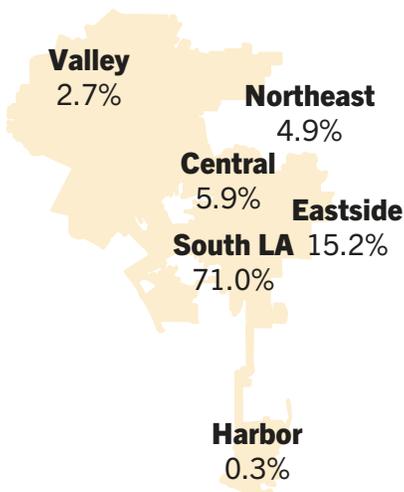

community members  
attended SNL

**21** years

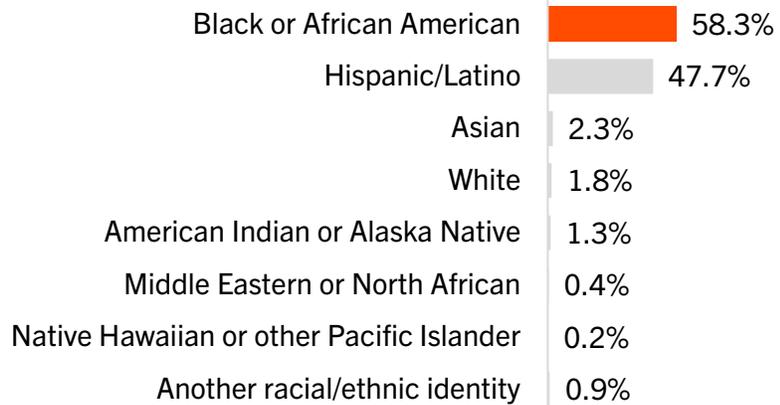

Survey respondents were  
between 12 and 71 years old,  
with an average age of 21

Surveys were completed by  
participants at SNL locations  
across the City of Los Angeles

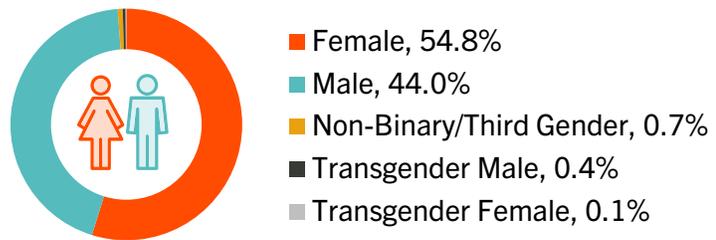

## Most of the survey respondents identified as Black/African American or Hispanic/Latino

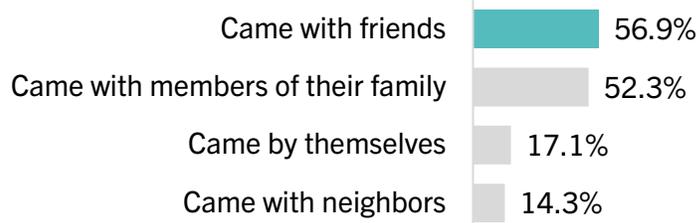

*Note: Survey respondents could select multiple options. Percentages may add up to more than 100.*

## Over half of survey respondents identified as female

## The largest percentage of attendees came to SNL with either their friends or their family

*Note: Survey respondents could select multiple options. Percentages may add up to more than 100.*

## How did SNL increase access to prosocial activities?

SNL programming is designed to provide GRYD communities with access to a variety of safe, family-friendly activities throughout the summer. This includes hot meals, opportunities for creative expression, community access to sports and use of sports to defuse neighborhood conflicts, seasonal employment, and youth development and job readiness for Youth Squad members. During the summer of 2023:

**1,540** nights of SNL programming across 44 parks and recreation sites\*

**9.8K** activities offered per site, per night on average

**1,327** sports and fitness activities including Zumba, basketball, soccer, and dancing

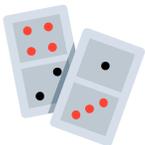

**431,566** hot meals provided

**50** mental health and wellness activities

**187** education and literacy activities

**2,036** games like Loteria, Connect 4, Jenga, and Dominoes

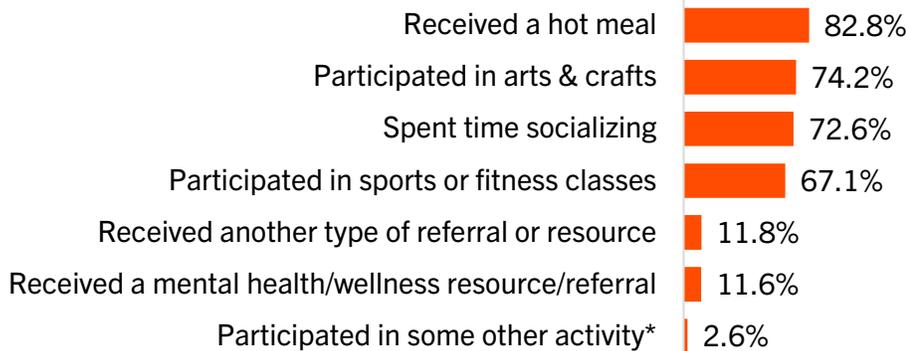

**1,933** activities with arts and crafts, including drawing, painting, and chalk art

**783** other activities like movie night, food distribution and prize giveaways

\*41 Recreation & Park Sites; 11 of RAP sites are California 4 All Grant Sites, and 3 HACLA Sites

### Community members participated in a variety of activities while at SNL

\*such as Loteria, a scavenger hunt, movie night or a backpack giveaway

Note: Survey respondents could select multiple options. Percentages may add up to more than 100.

**Most survey respondents had previous experience with GRYD SNL**

**SNL participants reported positive experiences at SNL events in 2023**

**99.8%**

**I feel welcome here at SNL today**

**99.3%**

**I feel like I belong here at SNL today**

**96.8%**

**I see people I know from my neighborhood here today**

**Reasons for Coming to SNL**

Community members reported various reasons they like coming to SNL. One community member wrote “Being with the community is really great, the kids are having fun, and the food is great.” Those with families, especially children, enjoyed seeing their children meet and play with other children – “I like watching my kids play and have fun with other kids.” They find the activities, such as sports, arts and crafts, board games, glow parties, and dance battles, to be age appropriate for their child(ren) and help keep their child(ren) occupied. Community members also attend SNL to enjoy the free, hot food and snacks and to learn more about the resources for their community.

**engaging fun welcoming interactive friendly**

According to community members, Youth Squad workers contribute to the success of SNL as community members described them as “interactive,” “fun,” “welcoming,” “engaging,” and “friendly.”

Overall, community members found SNL to be beneficial to their community as it provides a safe space for them to connect with each other in a fun, safe, family-friendly environment.

“I like coming to SNL because I get the kids involved in outdoor activities and socialize with new people. I feel like the City can do more to better the area where a lot of young kids play to keep them safe.”

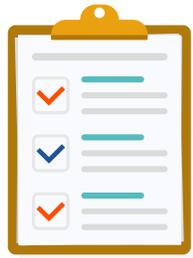

“I like coming to SNL because I like to give good service to the community in order to enrich their experience here at SNL”

## How did SNL increase awareness of community resources?

SNL offers opportunities to link community members to needed community resources. At SNL 2023, community members were offered linkages to public health education, screenings and resources, as well as mental health and wellness opportunities. Resource fairs were held at eight different SNL locations, bringing numerous resources - such as the Department of Public Health, Department of Mental Health, along with financial and educational resources from local nonprofit organizations - to each community. Across all sites in 2023, SNL offered:

17

public health education, screenings, and resource activities

Helping to create awareness in GRYD communities of local resources is another important goal of SNL. During SNL 2023, SNL offered **114 resource booths** about GRYD services and other city services.

Nearly all (98%) SNL participants who completed a survey reported that they are **more aware of resources** available in their community after attending SNL.

## Food Security

96%

said that the **opportunity to receive a free, hot meal** was a big reason why they came to SNL today

17%

had **cut the size of their meals or skip meals** because there wasn't enough money or food in the last 30 days

## How did SNL facilitate relationship-building between the community and LAPD?

GRYD SNL seeks to create access to spaces where community members can have positive interactions with other community members, the Los Angeles Police Department (LAPD), and other city departments. In 2023, SNL participants were surveyed about their perceptions of safety during SNL and asked to reflect on whether SNL partners care about their communities.

88% of SNL participants reported seeing LAPD officers at the SNL event they attended. Of those,

**97%** reported feeling safe seeing LAPD at SNL

### SNL participants reported feeling that SNL community partners care about their neighborhood

97%

reported that City of Los Angeles Department of Recreation and Parks cares about their neighborhood

95%

reported that the City of Los Angeles Mayor's Gang Reduction Youth Development (GRYD) Office cares about their neighborhood

93%

reported that Los Angeles Police Department (LAPD) cares about their neighborhood

# How did SNL provide access to safe community spaces?

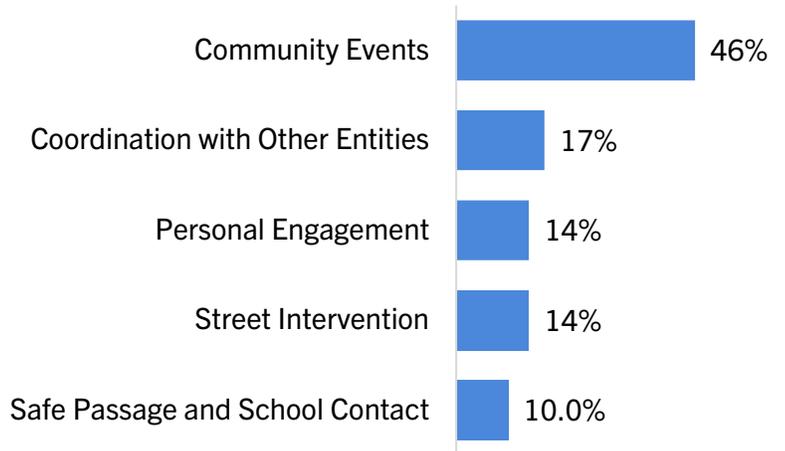

## GRYD Violence Interruption

### Proactive Peacemaking

GRYD Community Intervention Workers (CIWs) engage in a variety of Proactive Peacemaking activities in the community to prevent violence from occurring.<sup>4</sup> These activities leverage the experience and credibility of CIWs in the communities they serve to promote safety and diffuse conflict before it escalates.

For SNL 2023, CIWs conducted a total of

**1,634** Proactive Peacemaking activities

### Incident Response

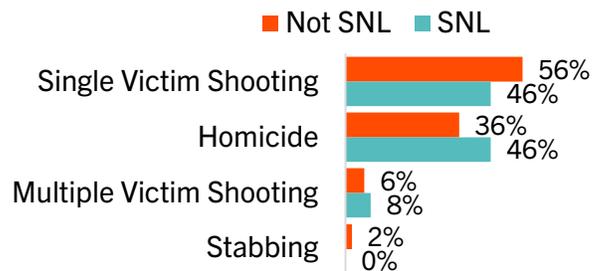

The GRYD Incident Response Program (IR), works to coordinate responses to violent incidents with the intention of preventing further violence.<sup>5,6</sup>

#### While SNL 2023 was active:

GRYD was notified of **157** violent incidents;

GRYD acted on **124** violent incidents;

and of those violent incidents, **13** occurred in or around SNL locations.

CIWs acted on **54** incidents and more frequently acted on SNL incidents, relative to other incidents.

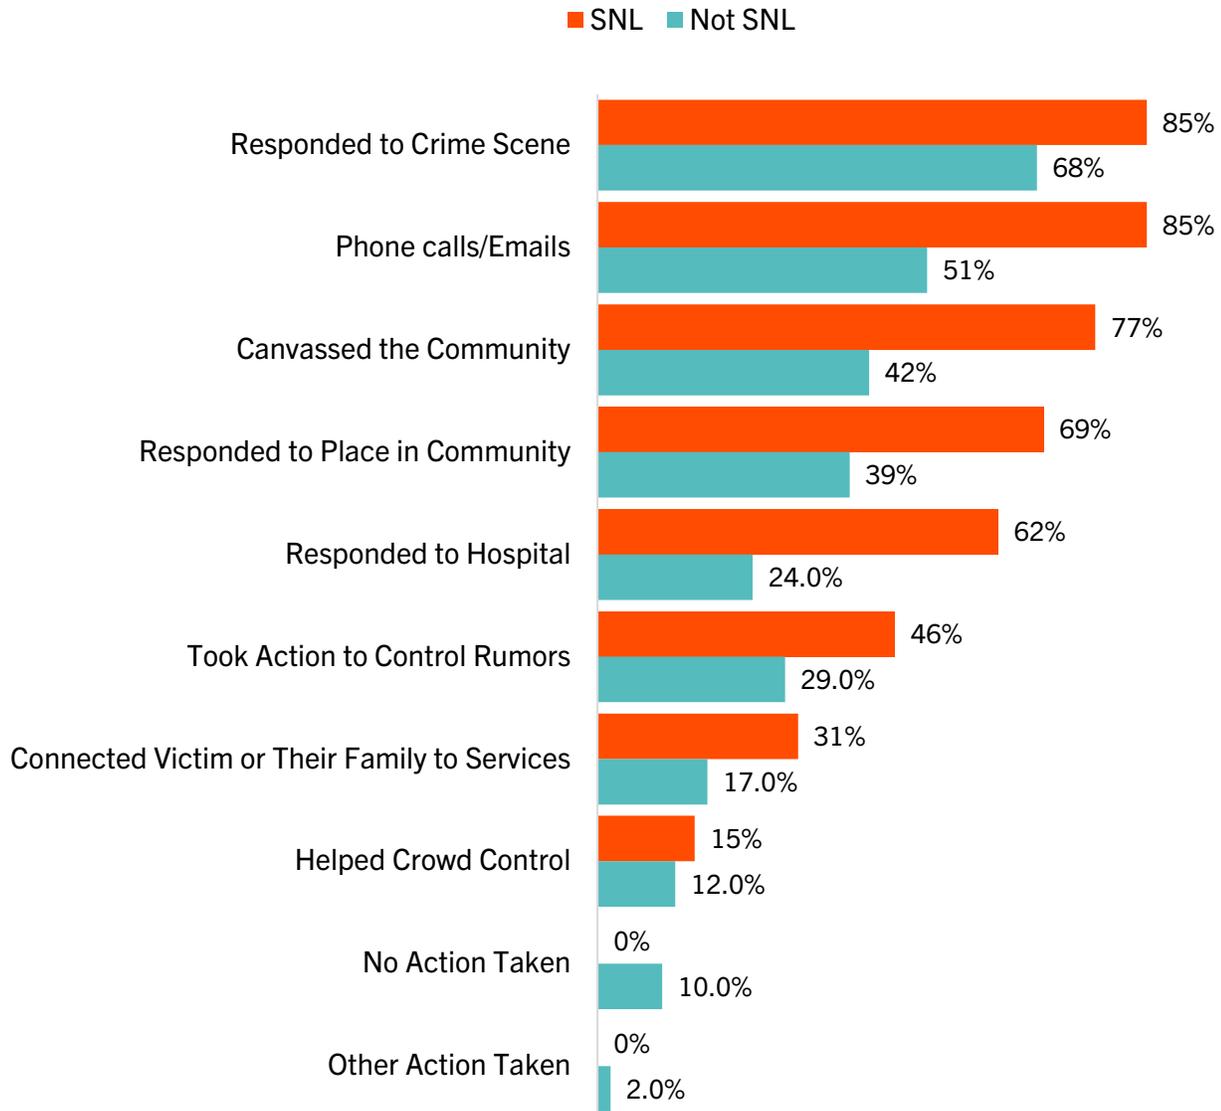

#### CIWs responded to the scene for:

**85%** of SNL incidents      **68%** of non-SNL incidents

Though the numbers of incidents for SNL are small, this may suggest that CIWs are able to respond to SNL incidents in a highly effective way due to the presence of CIWs at SNL locations which allows for proximity to events, real-time notifications, and access to the network of community members, SNL staff and other partners in and around SNL sites during the summer.

## Types of Actions taken by CIWs for both SNL and Non-SNL Incidents (June 2023-August 2023)

\*More than one action may be taken for an incident so total % is greater than 100%.

## Safety

### SNL participants largely reported feeling safe at SNL events

**99%** would come back to SNL again

**99%** felt safe while at SNL today

**94%** reported that the park is a safe place for them and their family when SNL is not going on there

**20%** saw other people from their neighborhood at SNL who make them scared or uncomfortable

### **A Message from the Mayor's Office of Community Safety**

In 2023, the Summer Night Lights program experienced violent incidents in four GRYD zones – Watts, Hollenbeck 2, Hollenbeck 3, and Harbor – which, in turn, affected operations at SNL sites in these communities. These incidents were precipitated by a range of factors, including gang involvement, challenges of unhoused community members, and internal disputes between residents. Tragically, we mourned the loss of several community members who held immense importance within our community.

The Mayor's Office of Community Safety was devastated by these losses and mobilized quickly to wrap our arms around the communities impacted to unite and begin to heal. GRYD activated its proactive peacemaking and incident response strategies described in the sections above after each incident to provide effective communication and a coordinated response to prevent additional violence. This response included deploying Community Intervention Workers (CIWs) who have lived experience and credibility to canvas the communities, do rumor control, and conduct mediations between gangs. Further, in acknowledgement of the impact of this violence on the broader community, the Mayor's Office of Community Safety and its GRYD partner agencies offered additional resources in partnership with the communities impacted such as healing circles, community-led vigils, community forums, and a joint press conference between Council District 15 and the Mayor's Office, calling for a ceasefire in Watts.

While we will continue to work to liberate our communities from gang violence, we are proud of GRYD's ability to respond quickly when violence does happen in a way that attunes to unique individual and community needs. We are also grateful to our funded community partners for their commitment to building stronger communities together.

## Key Takeaways

During the summer of 2023, GRYD SNL:

- Was implemented in **44 parks** across the City of Los Angeles
- Was attended by at least **397,900 community members** across **1,540 nights** of programming
- Provided **431,566 hot meals** for community members
- Offered **1,327 sports and fitness activities**
- Offered **90 mental health and wellness activities**
- Hired more than **500 seasonal employees**, including more than 260 youth from SNL communities

Of those community members who attended SNL in 2023:

- **98%** reported feeling more aware of the resources in their community after attending SNL
- **97%** felt safe seeing LAPD at SNL
- **100%** felt welcome and a sense of belonging at SNL
- **96%** were drawn to SNL for the opportunity to receive a free, hot meal
- **99%** would come back to SNL again

# Appendices

## Appendix 1. Methodology

This report summarizes SNL 2023 data from three main sources: 1) nightly site activity logs entered by GRYD SNL site managers into an online database at the end of each individual SNL event (n=1,454) 2) an online SNL participant community survey that was advertised at all SNL sites and was available to be taken by any SNL attendee over 12 years old (n=921); 3) GRYD Proactive Peacemaking and Incident Response data between June 28, 2023 – August 25, 2023 recorded in GRYD’s web-based case management database that documents services and activities.

Below is a description of each data source.

**Nightly Site Activity Logs.** GRYD SNL site managers entered details of each individual SNL event to an online database between June 28, 2023 to August 25, 2023. These nightly site activity logs asked GRYD SNL site managers to report the number of participants, demographics of participants, details of the hosted activities, and any incidents or injuries. A total of 1,454 logs were received from all 44 sites. For the purposes of this report, activity data was summarized.

**Community Survey.** Community members who attended an SNL event in 2023 were invited to take a short online survey that asked them about their experiences at SNL that day. The survey was advertised at each SNL site and promoted by site staff. Participants were instructed that they had to be at least 12 years old to participate. Surveys were completed at 34 of the 44 SNL parks this summer and a total of 921 community members completed a survey in 2023. It should be noted that a large portion (65%) of the survey responses came from one site, Nickerson Gardens, so results may not represent community members across all sites. Descriptives and open-ended are summarized throughout the report .

**GRYD Proactive Peacemaking and Incident Response Data.** The data summarized here was drawn from the GRYD Database, a web-based case management system built on Bonterra’s Apricot and Efforts to Outcomes (ETO) software. GRYD providers are contractually required to document all services and activities provided in the GRYD Database. GRYD Intervention providers – specifically GRYD Community Intervention Workers (CIWs) – record ongoing Proactive Peacemaking activities and the number and type of actions taken as part of the GRYD Incident Response (IR) Program when an incident does occur.

## Appendix 2. List of GRYD SNL Site Locations

In 2023, GRYD SNL was offered at the following locations across the City of Los Angeles:

SNL Site	Location
Algin	8800 S Hoover St, Los Angeles, CA 90044
Costello	3141 E Olympic Blvd, Los Angeles, CA 90023
Cypress	2630 Pepper Ave, Los Angeles, CA 90065
Delano	15100 Erwin St, Van Nuys, CA 91411
El Sereno	4721 Klamath St, Los Angeles, CA 90032
Glassell Park	3650 Verdugo Rd, Los Angeles, CA 90065
Green Meadows	431 E 89th St, Los Angeles, CA 90003
Harvard	1535 W 62nd St, Los Angeles, CA 90047
Hazard	2230 Norfolk St, Los Angeles, CA 90033
Highland Park	6150 Piedmont Ave, Los Angeles, CA 90042
Humphrey	12560 Filmore St, Pacoima, CA 91331
Imperial Courts	2250 E 114th St, Los Angeles, CA 90059
Jim Gilliam	4000 S La Brea Ave, Los Angeles, CA 90008
Jordan Downs	9900 Grape St, Los Angeles, CA 90002
Lanark	21816 Lanark St, Canoga Park, CA 91304
Lemon Grove	4959 Lemon Grove Ave, Los Angeles, CA 90029
MLK Jr.	3916 S Western Ave, Los Angeles, CA 90062
Montecito	4545 Homer St., Los Angeles, CA 90031
Mt. Carmel	830 W 70th St, Los Angeles, CA 90044
Nickerson Gardens	11251 Compton Ave. Los Angeles, CA 90059
Normandale	22400 Halldale Ave, Torrance, CA 90501
Normandie	1550 Normandie Ave, Los Angeles, CA 90006
Ramon Garcia	1016 S Fresno St, Los Angeles, CA 90023
Ross Snyder	1501 E 41st St, Los Angeles, CA 90011
Sepulveda	8825 Kester Ave, Panorama City, CA 91402
Slauson	5306 South Compton Ave. Los Angeles, CA 90011
South Park	345 E 51st St, Los Angeles, CA 90011
Sun Valley	8133 Vineland Ave, Sun Valley, CA 91352
Toberman	1725 Toberman St, Los Angeles, CA 90015
Valley Plaza	12240 Archwood St, North Hollywood, CA 91606
Van Ness	5720 2nd Ave, Los Angeles, CA 90043
Wilmington	325 N Neptune Ave, Wilmington, CA 90744
109th Street	1464 E 109th St, Los Angeles, CA 90059
Harbor City	24901 Frampton Ave., Harbor City, CA 90710
Rosecrans	840 W 149th St, Gardena, CA 90247
Saint Andrews	8701 S St Andrews Pl, Los Angeles, CA 90047
Evergreen	2844 E 2nd St, Los Angeles, CA 90033
David M. Gonzales	10943 Herrick Ave, Pacoima, CA 91331
Denker	1550 W 35th Pl, Los Angeles, CA 90018
Gilbert Lindsay	429 E 42nd Pl., Los Angeles, CA 90011
Rancho Cienega	5001 Obama Blvd, Los Angeles, CA 90016
Lafayette	625 S La Fayette Park Pl, Los Angeles, CA 90057
Trinity	2415 Trinity St, Los Angeles, CA 90011
Wabash	2765 Wabash Ave, Los Angeles, CA 90033

### Appendix 3. Zip codes of Community Members (n=911)

Zip code	Frequency	Percentage
90001	4	0.4
90002	11	1.2
90003	11	1.2
90004	13	1.4
90006	6	0.7
90007	3	0.3
90008	2	0.2
90011	14	1.5
90012	3	0.3
90017	2	0.2
90018	1	0.1
90019	2	0.2
90020	4	0.4
90022	9	1.0
90023	33	3.6
90028	1	0.1
90029	3	0.3
90031	20	2.2
90032	16	1.8
90033	39	4.3
90037	2	0.2
90038	1	0.1
90039	2	0.2
90042	12	1.3
90043	1	0.1
90044	3	0.3
90047	4	0.4
90057	7	0.8
90058	4	0.4
90059	601	66.0
