**Name:** Geary Juan Johnson  
**Date Submitted:** 02/25/2024 09:39 AM  
**Council File No:** 24-0185  
**Comments for Public Posting:** 24-0185. Motion (Rodriguez – McOsker) relative to women employed in the Los Angeles Fire Department (LAFD) in sworn and civilian positions. PUBLIC SAFETY COMMITTEE. I object. (For Feb 27). Subject: Parking Stalls Are Available at 1522 Hi Point St. Intercom Still Not working Unit 9. Ongoing harm and new evidence. Case CRD Case 202305-20745222 From: G Johnson (tainmount@sbcglobal.net) To: (mayor and council) Date: Friday, February 23, 2024 at 10:22 AM PST To whom it may concern Nisi Walton et al: (Excerpt above. Full email appears at <https://wp.me/P57D2C-t>.) Public Records Request to Los Angeles Fire Department. 2/7/2024. Request 24-1339. At this address 1522 Hi Point St South, Los Angeles, CA 90035. 5068018035 APN. The intercom system says "no access" for deliveries, guests, friends, and emergency responders. Two persons in the past died in this building, IMO one died because emergency responders did not have full intercom access. As of today, there is no intercom access for any of the 18 units. The intercom contact list at the front door says "no access" when the button is pushed thus Fire Department employees have no access unless they break down the door. This had been reported to the Fire Department before. The Fire Dept Los Angeles is asked to supply all documents that indicate why the Fire Dept has not inspected the intercom system and thus endangering the health and safety of tenants of 18 units. Some of the tenants in the building have disabilities. I am a tenant in the building since 2010. Public Records Request to City Clerk office. 24-1340. (redacted). I submitted numerous submissions to <https://cityclerk.lacity.org/publiccomment/> between January 8-January 9 for city council agenda items.
