Council File No: 22-0392

Comments for Public Posting: I am strongly opposed to 22-0392- the Digital Billboard Plan. These light polluting, driver distracting boards are not needed. These billboards are a huge distraction to drivers that we cannot afford. This is a money grab by advertisers at the expense of public lives. The idea that these boards will increase public transportation ridership is absolute nonsense. You want to increase ridership (a whole other issue) make public transportation safe. Communities were not asked if they want this intrusion and pollution. Do not support this plan.
