SUBJECT

Request to award five-year contracts to both AAA Oil, Inc. and Merrimac Petroleum, Inc. in the amount of \$3,500,000 each for the supply and delivery of renewable diesel and unleaded gasoline fuels at Los Angeles International Airport and Van Nuys Airport for an aggregate total of \$7,000,000.

RECOMMENDATIONS

Management RECOMMENDS that the Board of Airport Commissioners:

1. ADOPT the Staff Report.
2. DETERMINE that this action is exempt from the California Environmental Quality Act (CEQA) pursuant to Article II, Section 2.f of the Los Angeles City CEQA Guidelines.
3. APPROVE the award of five-year contracts to both AAA Oil Inc. and Merrimac Petroleum, Inc. in an amount not to exceed \$3,500,000 each for the purchase of renewable diesel and unleaded gasoline fuels at Los Angeles International Airport and Van Nuys Airport for an aggregate total of \$7,000,000.
4. AUTHORIZE the Interim Chief Executive Officer, or designee, to execute the contracts after approval by the Los Angeles City Council and approval as to form by the City Attorney.

DISCUSSION

1. Purpose

The proposed action will establish two five-year contracts for the supply of renewable diesel and unleaded gasoline fuel to Los Angeles International Airport (LAX) and Van Nuys Airport (VNY) to ensure a steady supply for operational needs. Awarding two contracts provides Los Angeles World Airports (LAWA) the ability to utilize redundant fuel suppliers in the event of disruptions or other constraints preventing a vendor from delivering fuel.

- **June 1, 2023 – Resolution No. 27740 (DA-5646)**
The Board approved joining City of Los Angeles Contract No. ARC 40 59771 and awarded a one-year contract, with two one-year renewal options, to Falcon Fuels, Inc. for the supply and delivery of unleaded fuel for LAX and VNY Airports, for an amount not to exceed \$2,550,000. This contract will expire on March 31, 2024.

3. Background

The LAWA Facilities Management Division uses renewable diesel fuel for 62 vehicles and pieces of equipment that are either not available in an alternative fuel configuration or have

not yet been replaced by an alternative fuel unit. Renewable diesel fuel meets all California Air Resources Board diesel fuel specifications. Renewable diesel is a fuel produced from non-petroleum renewable sources, including vegetable oils and animal fats. The chemical and structural properties of renewable diesel and conventional diesel are similar. Renewable diesel meets the federal registration requirements for fuels and fuel additives, and the American Society for Testing Materials D975-21 specification (Standard Specification for Diesel Fuel).

Approximately 30 percent of the LAWA fleet uses unleaded gasoline (35 cars, 50 vans, 165 Sport Utility Vehicles, 30 motorcycles, 41 pick-up trucks, and 39 trucks), and five percent use diesel fuel (1 auto, 1 pick-up truck, 6 trucks, 25 various construction equipment, and 29 portable signs). The remaining 65 percent of LAWA's fleet use alternative fuels such as compressed natural gas, liquefied natural gas, battery-electric, and propane.

4. Current Action/Rationale

The terms of these contracts will allow LAWA to purchase fuel at a competitive rate, even with fluctuating fuel prices. The award of two contracts to purchase fuel (on an emergency/contingency basis) is necessary in the event of an unforeseen circumstance. For example, if one supplier cannot fulfill their contractual obligations for business or operational reasons, LAWA will still need the ability to purchase this type of fuel to ensure that critical operations continue.

The contractual rates are tied to the Oil Price Index Service (OPIS), which is used by both wholesalers and retailers to price their products. The OPIS is the most widely accepted pricing index for wholesale rack prices. Benchmark OPIS gasoline and diesel rack prices are used in wholesale transactions and fuel supply contracts to give both buyers and sellers an independent and unbiased price to reference. There are about 400 rack pricing indexes in the United States, including the City of Los Angeles. Using the OPIS wholesale rack rate report method guarantees LAWA will obtain the most current, competitive rate during volatile oil price fluctuation cycles.

Previously, LAWA conducted separate procurements for unleaded gasoline and diesel fuel contracts, but, in the interest of administrative efficiency, it was determined that conducting one Request for Bid (RFB) with two contract awards would be optimal.

5. Selection Process

Staff posted RFB No. 121-097 for public review on the City of Los Angeles website www.rampla.org to establish contracts for unleaded gasoline and renewable diesel fuel at LAX and VNY.

Bids were due on June 15, 2023. Los Angeles World Airports received three responses to the RFB. The bid prices were based on the estimated annual purchase of unleaded gasoline and renewable diesel fuels for LAX and VNY, including net payment and Local Business Preference Program (LBPP) discount rates as described in the table on the following page.

Vendor	Total of Bid as Submitted on Bid Worksheet	Local Business Discount (8%)	Net Bid Total
Merrimac Petroleum, Inc.	\$ 1,041,777	(\$83,342)	\$ 958,435
AAA Oil, Inc.	\$ 1,063,655	None	\$1,063,655
SC Fuels	\$ 1,155,710	None	\$1,155,710

Based on staff's bid evaluation, analysis, and review of their submittal, Merrimac Petroleum, Inc. and AAA Oil, Inc. were deemed the lowest priced, responsive, and responsible bidders with regard to the bid amounts listed above and their submittal package.

6. Fiscal Impact

The costs related to these contracts will be recovered through terminal rates and charges.

7. Alternatives Considered

- ***Piggyback on an Existing City Contract***

On June 1, 2023, LAWA joined the City's contracts with Falcon Fuels Inc. for the supply and delivery of unleaded gasoline and renewable diesel fuel. These contracts were approved as interim contracts while LAWA staff completed the procurement for long-term fuel supplies.

WHEREAS, Contractor is engaged in the business of providing the fuels and services of the type sought by City; and

WHEREAS, the Board has now authorized the purchase of the fuels and the services specified in the Request for Bids.

TERMS and CONDITIONS

NOW THEREFORE, that for and in consideration of the covenants and conditions hereinafter contained to be kept and performed by the respective parties, IT IS AGREED AS FOLLOWS:

Section 1.0 Scope of Work. Contractor agrees to supply and deliver unleaded and renewable diesel fuel to Los Angeles International Airport and Van Nuys Airport in strict compliance with the conditions and specifications contained in the aforesaid Request for Bids and the prices contained in Contractor's Bid.

Section 2.0 Incorporation by Reference. It is expressly understood and agreed that the Request for Bids including all bid forms, the plans and specifications, including any addenda thereto, the Contractor's Bid and its submitted Bid documents including all of the Administrative Requirements, shall constitute, and are hereby incorporated, and made a part of this Contract, and each of the parties hereto does hereby expressly covenant and agree to carry out and fully perform

each and all of the provisions of said documents upon its part to be performed. Contractor also expressly acknowledges that this Contract is based upon the supply requirements contained in the Request for Bids issued by City. If there is a conflict between the Request for Bids and the Contractor's Bid, the Request for Bids will prevail. Contractor's Bid is attached hereto as Exhibit A.

Section 3.0 Term of Contract.

3.1 Notwithstanding any other provision herein, the term of this Contract shall commence upon the Effective Date stated above and shall expire no later than five (5) years thereafter; subject, however, to earlier termination pursuant to the terms of this Contract.

Section 4.0 Contractor's Payments.

4.1 For all fuel and services provided, for all costs, direct or indirect, and for all expenses incurred by Contractor pursuant to this Contract, City shall pay Contractor at the amounts set forth in Contractor's Bid, the total amount for which under this Contract shall not to exceed the total sum of Three Million Five Hundred Thousand Dollars (\$3,500,000). Contractor shall submit to City requests for payment of the amounts due after provision of the fuel and services to the City's satisfaction. City shall pay Contractor under this Contract at rate amount and at the times and in the manner specified in the aforesaid RFB and Bid.

4.2 Contractor shall promptly pay, when due, any and all amounts payable for labor and material furnished in the performance of this Contract, so as to prevent or make unnecessary the filing of any claim, lien, or notice to withhold, as provided under and by virtue of the applicable provisions of Division III, Part 4, Title 15 (commencing with §3082) of the Civil Code of the State of California, and Contractor shall promptly pay all amounts due under the Unemployment Insurance Act with respect to such work or labor.

4.3 Subcontractor Prompt Payment. Contractor or subcontractor shall pay to any subcontractor, not later than seven (7) days after receipt of each payment, the respective amounts allowed the Contractor on account of the work performed by the subcontractors, to the extent of each subcontractor's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a payment from the Contractor or subcontractor to a subcontractor, the Contractor or subcontractor may withhold no more than 150% of the disputed amount. Contractor shall include this provision in all subcontracts.

Section 5.0 Independent Contractor.

5.1 It is the express intention of the parties that Contractor is an independent contractor and not an employee, agent, joint venturer or partner of City. Nothing in this Contract shall be interpreted or construed as creating or establishing the relationship of employer and employee between Contractor and City, or between Contractor and any official, agent, or employee of City. Both parties acknowledge that Contractor is not an employee of City.

5.2 Contractor shall retain the right to provide supplies and perform services for others during the term of this Contract, unless specified to the contrary herein or prohibited by conflict of interest or ethics laws, regulations, or professional rules of conduct.

Section 6.0 Compliance with Applicable Laws.

Contractor shall be solely responsible for any and all damages caused, and/or penalties levied, as the result of Contractor's noncompliance with such enactments. Further, Contractor agrees to cooperate fully with City in its efforts to comply with the Americans With Disability Act of 1990 and any amendments thereto, or successor statutes.

6.2 Should Contractor fail to comply with this Section, then City shall have the right, but not the obligation, to perform, or have performed, whatever work is necessary to achieve equal access compliance. Contractor will then be required to reimburse City for the actual cost of achieving compliance, plus a fifteen percent (15%) administrative charge.

Section 7.0 Contract Contains Entire Agreement.

7.1 This Contract, the Exhibits attached hereto, and other materials referenced herein, including the Request for Bids, contains the entire agreement between the parties hereto and supersedes any and all prior written or oral agreements between them concerning the subject matter contained herein. There are no representations, agreements, or understandings, oral or written, between and among the parties relating to the subject matter contained in this Contract which are not fully set forth herein. This is an integrated agreement.

Section 8.0 Termination of Contract.

8.1 For Convenience. LAWA may terminate this contract, with or without cause and without liability for costs or damages of any kind, upon giving the Contractor thirty (30) days advance written notice or as otherwise provided herein. In case of default by Contractor, the City reserves the right to procure the articles or services from other sources and to hold the Contractor responsible for any excess costs occasioned the City thereby.

8.2 For Cause. In the event the Contractor fails to abide by the terms, covenants, and conditions of the awarded contract, LAWA may give the Contractor written notice to correct the defect or default. If LAWA provides such notice and the same is not corrected, or substantial steps are not taken toward accomplishing such correction, within two (2) calendar days after LAWA's mailing of notification, LAWA may, at its sole discretion, terminate the awarded contract forthwith upon giving the Contractor a ten (10) day written notice. Upon notice (written or otherwise) to the Contractor of LAWA's decision to terminate the awarded contract, the Contractor shall immediately surrender to LAWA all LAWA property including, but not limited

to, items of authority (badges, permits, etc. issued by LAWA) that are in the possession, custody, and care of the Contractor and/or its agent(s).

8.3 Force Majeure. Neither party shall be liable for its delay or failure to perform any obligation under and in accordance with this Contract, if the delay or failure arises out of fires, floods, earthquakes, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by the party or any of the party's Subcontractors), freight embargoes, terrorist acts, insurrections or other civil disturbances, or other similar events to those described above, but in each case the delay or failure to perform must be beyond the control and without any fault or negligence of the party delayed or failing to perform (these events are referred to in this provision as "Force Majeure Events").

Notwithstanding the foregoing, a delay or failure to perform by a Subcontractor of Contractor shall not constitute a Force Majeure Event, unless the delay or failure arises out of causes beyond the control of both Contractor and Subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for the delay or failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit Contractor to perform timely. As used in this Contract, the term "Subcontractor" means a subcontractor at any tier.

In the event Contractor's delay or failure to perform arises out of a Force Majeure Event, Contractor agrees to use commercially reasonable best efforts to obtain the goods or services from other sources, and to otherwise mitigate the damages and reduce the delay caused by the Force Majeure Event.

Non-ERISA Benefits shall include, but not be limited to, all benefits offered currently or in the future, by Contractor to its employees, the spouses of its employees or the domestic partners of its employees, that are not defined as “employee welfare benefit plans” or “employee pension benefit plans”, and, which include any bereavement leave, family and medical leave, and travel discounts provided by Contractor to its employees, their spouses and the domestic partners of employees.

15.2 Contractor agrees to post the following statement in conspicuous places at its place of business available to employees and applicants for employment:

“During the term of a Contract with the City of Los Angeles, the Contractor will provide equal benefits to employees with spouses and its employees with domestic partners. Additional information about the City of Los Angeles’ Equal Benefits Ordinance may be obtained from the

Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance at (213) 847-6480.”

15.3 The failure of Contractor to comply with the EBO will be deemed to be a material breach of the Contract by City. Unleaded pricing shall be based on OPIS NEWSLETTER PRICES WITHOUT CAR COST LOS ANGELES, CA **OPIS GROSS CARFG ETHANOL (10%)** – RACK AVG.

State and other mandatory fees will be listed separately within the monthly invoices. **THE OPIS PUBLISHED DATE TO BE USED FOR THIS RFB WILL BE PROVIDED WITHIN THE BID DOCUMENTS.**

Emergencies

The successful bidder shall maintain a fueling facility or a contract with a fueling facility capable of supplying LAWA's fueling needs 24 hours-a-day, 7 days-a-week. Award of this contract also includes a commitment by the successful bidder to support LAWA in the event of a local or regional emergency. Vendors understand this commitment and agree to maintain at least one each 10,000 gallon unleaded and diesel fuel truck in constant readiness and availability for delivering fuel to LAWA within 4 hours of notification. Further, in case of earthquake, flood, wild land fires or other calamity, the vendor will assign those trucks to service LAWA at the LAX location, give LAWA priority ahead of other customers and continue to make deliveries during the event.

Product Qualification

The fuel delivered under this contract shall comply with the latest requirements of the California Air Resource Board (CARB) as well as all provisions of the South Coast Air Quality Management District (SCAQMD) and American Society of Testing and Materials (ASTM) laws, regulations and standards. Renewable Diesel and Diesel fuel will be the current formulation of clear ultra-low sulfur diesel.

Fuel Quality and Warranty

Vendor shall provide petroleum fuels of such quality as to be equal to or better than other commercial customers and carry the same fuel warranty. Fuels will be processed to meet all Federal and State standards. Deliveries

Vendor will be required to have the ability to fuel both above and underground storage tanks (AST & UST) and meet LAWA requirements in addition to any other commitments the bidder may have. A copy of this document shall be provided to Fleet Services prior to departure.

Delivery Problems

Vendor will be required to contact the Director of Maintenance Services or his designee to report any delivery problems or delays. If delays should occur due to problems at the fueling rack, including fuel shortages, crowding, technical or pipeline problems, the vendor will make every effort to obtain fuel at another rack and make the delivery as ordered/scheduled. If delivery cannot be completed on the day scheduled, the vendor must notify the Director of Maintenance Services or his designee. This notification is mandatory and cannot be avoided by rescheduling delivery for the following day.

Unacceptable Service

Any deficiencies or violation of these specifications as part of this contract will be documented with a *Notice to Correct Unacceptable Service* (NTCUS) issued to the contractor. A NTCUS is formal written documentation of the Contractor's lack of performance or non-performance for contracted work. If two (2) NTCUS' are issued to the Contractor within the contract, LAWA reserves the right to terminate the contract within ten (10) days after the Contractor receives the second NTCUS. In the event the contractor fails to provide products/services as described within these specifications, LAWA will obtain the

products/services by whatever means available and will charge the contractor any costs incurred, plus a 15% administrative fee.

Truck Requirements

Fuel deliveries will be made using vendor-owned or leased trucks equipped for pumping or by major carriers with pumping capabilities. Additional charge for pumping fuel into tanks is not permitted. Although not anticipated, there may be the rare occasion where a same-day delivery is needed due to unforeseen circumstances or emergencies. Vendor must have the ability to deliver same-day on an as-needed basis. Under these situations, it is understood that same-day deliveries are outside of the norm and delivery times and schedules will be flexible and not held to the 5:00pm deadline.

The delivery reports are to include, but not be limited to; invoice number, order date, delivery date, delivery time, quantity of delivery, total cost of delivery, delivery site, type of delivery (scheduled, emergency, tank check, etc.) and status of payment. **LOS ANGELES WORLD AIRPORTS
CONTRACTOR RESPONSIBILITY PROGRAM
QUESTIONNAIRE**

On December 4, 2001, the Board of Airport Commissioners adopted Resolution No. 21601, establishing LAWA's Contractor Responsibility Program (CRP). The intent of the program is to ensure that all LAWA contractors have the necessary quality, fitness and capacity to perform the work set forth in the contract. To assist LAWA in making this determination, each bidder/proposer is required to complete and submit with the bid/proposal the attached CRP Questionnaire. If a non-competitive process is used to procure the contract, the proposed contractor is required to complete and submit the CRP Questionnaire to LAWA prior to execution of the contract. Submitted CRP questionnaires will become public records and information contained therein will be available for public review for at least fourteen (14) calendar days, except to the extent that such information is exempt from disclosure pursuant to applicable law.

The signatory of this questionnaire guarantees the truth and accuracy of all statements and answers to the questions herein. Failure to complete and submit this questionnaire may make the bid/proposal non-responsive and result in non-award of the proposed contract. During the review period if the bidder/proposer or contractor (collectively referred to hereafter as "bidder/proposer") is found non-responsible, he/she is entitled to an Administrative Hearing if a written request is submitted to LAWA within ten (10) working days from the date LAWA issued the non-responsibility notice. Final determination of non-responsibility will result in disqualification of the bid/proposal or forfeiture of the proposed contract.

All Questionnaire responses must be typewritten or printed in ink. Where an explanation is required or where additional space is needed to explain an answer, use the CRP Questionnaire Attachment A. Submit the completed and signed Questionnaire and all attachments to LAWA. Retain a copy of this completed questionnaire for future reference. Contractors shall submit updated information to LAWA within thirty (30) days if changes have occurred that would make any of the responses inaccurate in any way.

IRAN CONTRACTING ACT OF 2010 COMPLIANCE AFFIDAVIT

(California Public Contract Code Sections 2200-2208)

The California Legislature adopted the Iran Contracting Act of 2010 to respond to policies of Iran in a uniform fashion (PCC § 2201(q)). The Iran Contracting Act prohibits bidders engaged in investment activities in Iran from bidding on, submitting proposals for, or entering into or renewing contracts with public entities for goods and services of one million dollars (\$1,000,000) or more (PCC § 2203(a)). A bidder who "engages in investment activities in Iran" is defined as either:

1. A bidder providing goods or services of twenty million dollars (\$20,000,000) or more in the energy sector of Iran, including provision of oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or
2. A bidder that is a financial institution (as that term is defined in 50 U.S.C. § 1701) that extends twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created by the California Department of General Services (DGS) pursuant to PCC § 2203(b) as a person engaging in the investment activities in Iran.

The bidder shall certify that at the time of submitting a bid for new contract or renewal of an existing contract, the bidder is not identified on the DGS list of ineligible businesses or persons and that the bidder is not engaged in investment activities in Iran in violation of the Iran Contracting Act of 2010.

California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts (PCC § 2205).

To comply with the Iran Contracting Act of 2010, the bidder shall provide its vendor or financial institution name, and City Business Tax Registration Certificate (BTRC) if available, in completing ONE of the options shown below.

ALTERNATIVE FUEL VEHICLE REQUIREMENT PROGRAM (LAX ONLY)

I. Definitions.

The following capitalized terms shall have the following meanings. All definitions include both the singular and plural form.

"Airport Contract" shall mean a contract awarded by LAWA and pertaining to LAX, and subcontracts of any level under such a contract.

"Airport Contractor" shall mean (i) any entity awarded an Airport Contract, and subcontractors of any level working under an Airport Contract; (ii) any contractors that have entered into a contract with an Airport Lessee to perform work on property owned by LAWA and pertaining to LAX, and any subcontractors working in furtherance of such a contract; and (iii) any contractor that have entered into a contract with an Airport Licensee to perform work pertaining to LAX, and any subcontractors working under such a contract.

"Airport Lessee" shall mean any entity that leases or subleases any property owned by LAWA and pertaining to LAX.

"Airport Licensee" shall mean any entity issued a license or permit by LAWA for operations that pertain to LAX.

"Alternative-Fuel Vehicle" shall mean a vehicle that is not powered by petroleum-derived gasoline or diesel fuel. Alternative-Fuel Vehicles include, but are not limited to, vehicles powered by compressed or liquefied natural gas, liquefied petroleum gas, methanol, ethanol, electricity, fuel cells, or other advanced technologies.

"CARB" shall mean the California Air Resources Board.

"Covered Vehicle" is defined in Section II below.

"Compliance Plan" is defined in subsection VII.C. below.

"EPA" shall mean the United States Environmental Protection Agency.

"Independent Third Party Monitor" shall mean a person or entity empowered by LAWA to monitor compliance with and/or implementation of particular requirements in this Requirement.

"LAWA" shall mean Los Angeles World Airports.

"LAX" shall mean Los Angeles International Airport.

"Least-Polluting Available Vehicle" shall mean a vehicle that (a) is determined by an Independent Third Party Monitor to be (i) commercially available, (ii) suitable for performance of a particular task, and (iii) certified by CARB to meet the applicable engines emission standard in effect at the time of purchase. Where more than one vehicle meets these requirements for a particular task, LAWA, working with the Independent Third Party Monitor, will designate as the

Least-Polluting Available Vehicle the vehicle that emits the least amount of criteria air pollutants.

“LEV” shall mean a vehicle that meets CARB’s Low-Emission Vehicle standards for criteria pollutant exhaust and evaporative emissions for medium-duty vehicles at the time of vehicle manufacture.

“LEV II” shall mean a vehicle certified by CARB to the “LEV II” Regulation Amendments that were fully implemented as of 2010. A qualifying “LEV II” vehicle shall meet the least polluting standard in the LEV II category that is available at the time of purchase.

“LEV III” shall mean a vehicle certified by CARB to the increasingly stringent “LEV III” Regulatory Amendments to the California greenhouse gas and criteria pollutant exhaust and evaporative emission standards, test procedures, and on-board diagnostic system requirements for medium-duty vehicles.

“Low-Use Vehicle” shall mean a Covered Vehicle that makes less than five (5) trips per month to LAX.

“Operator” shall mean any Airport Contractor, Airport Lessee, or Airport Licensee.

“Optional Low NOx” shall mean any vehicle powered by an engine that meets CARB’s optional low oxides of nitrogen (NOx) emission standards for on-road heavy-duty engines applicable at the time of purchase.

II. Covered Vehicles.

A. **Covered Vehicles.** These Requirements shall apply to all on-road vehicles, including trucks, shuttles, passenger vans, and buses that are 8,500 lbs gross vehicle weight rating or more and are used in operations related to LAX (“Covered Vehicles”).

B. **Exemptions.** The following vehicles are exempt from this Requirement:

- i) Public safety vehicles.
- ii) Previously approved vehicles. Vehicles previously approved under the 2007 LAX Alternative Fuel Vehicle Requirement Program are exempt from the Maximum Allowable Vehicle Age Requirement, Section III, but are subject to the Annual Reporting Requirement, Section VI.
- iii) Low-Use Vehicles. Low-use vehicles are exempt from the Compliance Schedule, Section IV, the Maximum Allowable Vehicle Age Requirement, Section III, but are subject to the Annual Reporting Requirement, Section VI.

III. Maximum Allowable Vehicle Age Requirement. In accordance with the Compliance Schedule dates outlined in Section IV, no Covered Vehicle equipped with an engine older than thirteen (13) model years or that has 500,000 or more miles, whichever comes first, shall operate at LAX.

IV. Compliance Schedule.

A. By April 30, 2019, one hundred percent (100%) of the Covered Vehicles operated by a Covered Vehicle Operator shall be (a) Alternative-Fuel Vehicles, (b) Optional Low NOx vehicles or (c) LEV II standard vehicles through 2019 or LEV III standard vehicles thereafter.

B. A new Covered Vehicle Operator who plans to begin operations at LAX prior to April 30, 2019, must comply with the requirement set forth in Section III and subsection IV.A. prior to commencing operations at LAX.

V. Least-Polluting Available Vehicles. In cases where an Operator cannot comply with the requirements established pursuant to Sections III and IV above because neither Alternative-Fuel Vehicles, Optional Low NOx standard vehicles, or LEV II standard vehicles through 2019 and LEV III standard vehicles thereafter, are commercially available for performance of particular tasks, LAWA will instead require Operators to use the Least-Polluting Available Vehicles for such tasks. An Independent Third Party Monitor will determine whether Alternative-Fuel Vehicles, Optional Low NOx standard vehicles, or LEV II standard vehicles through 2019 and LEV III standard vehicles thereafter are commercially available to perform particular tasks, and, in cases where neither Alternative-Fuel Vehicles, Optional Low NOx standard vehicles, nor LEV II standard vehicles through 2019 and LEV III standard vehicles thereafter are commercially available for performance of a particular task, will identify the Least-Polluting Available Vehicle for performance of that task.

VI. Annual Reporting Requirement.

A. By January 31st of each calendar year, Covered Vehicle Operators must submit to LAWA the vehicle information required on the reporting form accessible online at <https://online.lawa.org/altfuel/> for the prior calendar year.

B. Low-Use Vehicles shall be included in the annual reporting. Where monthly trip data is used to establish low-use, the operator must provide proof such as transponder data records or an attestation acceptable to LAWA.

C. A Covered Vehicle Operator who plans to begin operations at LAX must comply with this reporting requirement prior to commencing operations, and thereafter comply with the annual reporting deadline of January 31st of each calendar year.

VII. Enforcement.

A. **Non-Compliance.** The following circumstances shall constitute non-compliance for purposes of this Section VII:

- i) Failure to submit an annual report pursuant to Section VI above.
- ii) Failure to use an Alternative Fuel Vehicle, an Optional Low NOx vehicle, a vehicle meeting LEV II standards prior to December 31, 2019, or LEV III standards thereafter, an approved Least-Polluting Available Vehicle, or a vehicle approved under LAWA's former Alternative Fuel Vehicle Requirement, including approved comparable emissions vehicles.

- iii) Failure to submit a Compliance Plan as defined in subsection VII.C. below within 30 days of notice of non-compliance from LAWA.
 - iv) Failure to adhere to an approved Compliance Plan as defined in subsection VII.C. below.
- B. Notice of Non-Compliance.** Covered Vehicle Operators found not to be in compliance with the Alternative Fuel Vehicle Requirement as set forth in subsection VII.A. above will be given a notice of non-compliance. Covered Vehicle Operators will have 30 days to correct the deficiencies documented in the notice of non-compliance by completing the annual report as defined in Section VI or submitting a Compliance Plan as defined in subsection VII.C. below, as applicable to the reason cited for non-compliance.
- C. Compliance Plan.**
- i) Operators shall transition to compliant vehicles as soon as practicable.
 - ii) Non-compliant Covered Vehicle Operators will be required to submit a Compliance Plan indicating the disposition (salvage, replace, remove from service, etc.) date for each non-compliant vehicle ("Compliance Plan") within 30 days of receiving a notice of non-compliance for a vehicle in the Operator's fleet. The Compliance Plan shall provide dates by which the non-compliant vehicle or vehicles in the Operator's fleet will meet the requirements of the LAX Alternative Fuel Vehicle Requirement and a justification for the new date. The Compliance Plan shall be signed under attestation.
 - iii) LAWA's Chief Executive Officer or his/her designee shall review the Operator's Compliance Plan and justification to determine its acceptability and authorize approval or disapproval.
 - iv) Covered Vehicle Operators shall have 30 days to seek review of LAWA's rejection of a Compliance Plan or any parts thereof by LAWA's Chief Executive Officer or his/her designee.
- D. Default.** Three or more instances of non-compliance with the LAX Alternative Fuel Vehicle Requirement as defined in subsection VII.A above within two years shall be considered a default of the applicable LAX permit, license, contract, lease, Non-Exclusive License Agreement (NELA), concessionaire agreement, and/or Certified Service Provider (CSP) Program. LAWA's Chief Executive Officer or his/her designee may, pursuant to the applicable terms provided therein, suspend or cancel a permit, license, contract, lease, NELA, concessionaire agreement or certified provider certification of non-compliant Covered Vehicle Operators who are not in compliance with this Alternative Fuel Vehicle Requirement. In addition, LAWA's Chief Executive Officer or his/her designee may seek to recoup LAWA's administrative costs from non-compliant operators.

IX. Periodic Review. This Requirement will be reviewed and updated periodically as deemed necessary by LAWA.

Section 1.0 Scope of Work. Section 2.0 Incorporation by Reference. It is expressly understood and agreed that the Request for Bids including all bid forms, the plans and specifications, including any addenda thereto, the Contractor's Bid and its submitted Bid documents including all of the Administrative Requirements, shall constitute, and are hereby incorporated, and made a part of this Contract, and each of the parties hereto does hereby expressly covenant and agree to carry out and fully perform

each and all of the provisions of said documents upon its part to be performed. Contractor also expressly acknowledges that this Contract is based upon the supply requirements contained in the Request for Bids issued by City. If there is a conflict between the Request for Bids and the Contractor's Bid, the Request for Bids will prevail. Contractor's Bid is attached hereto as Exhibit A.

Section 3.0 Term of Contract.

3.1 Notwithstanding any other provision herein, the term of this Contract shall commence upon the Effective Date stated above and shall expire no later than five (5) years thereafter; subject, however, to earlier termination pursuant to the terms of this Contract.

Section 4.0 Contractor's Payments.

4.1 For all fuel and services provided, for all costs, direct or indirect, and for all expenses incurred by Contractor pursuant to this Contract, City shall pay Contractor at the amounts set forth in Contractor's Bid, the total amount for which under this Contract shall not to exceed the total sum of Three Million Five Hundred Thousand Dollars (\$3,500,000). Contractor shall submit to City requests for payment of the amounts due after provision of the fuel and services to the City's satisfaction. City shall pay Contractor under this Contract at rate amount and at the times and in the manner specified in the aforesaid RFB and Bid.

4.2 Contractor shall promptly pay, when due, any and all amounts payable for labor and material furnished in the performance of this Contract, so as to prevent or make unnecessary the filing of any claim, lien, or notice to withhold, as provided under and by virtue of the applicable provisions of Division III, Part 4, Title 15 (commencing with §3082) of the Civil Code of the State of California, and Contractor shall promptly pay all amounts due under the Unemployment Insurance Act with respect to such work or labor.

4.3 Subcontractor Prompt Payment. Contractor or subcontractor shall pay to any subcontractor, not later than seven (7) days after receipt of each payment, the respective amounts allowed the Contractor on account of the work performed by the subcontractors, to the extent of each subcontractor's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a payment from the Contractor or subcontractor to a subcontractor, the Contractor or subcontractor may withhold no more than 150% of the disputed amount. Contractor shall include this provision in all subcontracts.

Section 5.0 Independent Contractor.

5.1 It is the express intention of the parties that Contractor is an independent contractor and not an employee, agent, joint venturer or partner of City. Nothing in this Contract shall be interpreted or construed as creating or establishing the relationship of employer and employee between Contractor and City, or between Contractor and any official, agent, or employee of City. Both parties acknowledge that Contractor is not an employee of City.

5.2 Contractor shall retain the right to provide supplies and perform services for others during the term of this Contract, unless specified to the contrary herein or prohibited by conflict of interest or ethics laws, regulations, or professional rules of conduct.

Section 6.0 Compliance with Applicable Laws.

6.1 Contractor shall, at all times during the performance of its obligations under this Contract, comply with all applicable present and/or future local, Department of Airports, State and Federal laws, statutes, ordinances, rules, regulations, restrictions and/or orders, including the hazardous waste and hazardous materials regulations, and the Americans With Disabilities Act of 1990. Contractor shall be solely responsible for any and all damages caused, and/or penalties levied, as the result of Contractor's noncompliance with such enactments. Further, Contractor agrees to cooperate fully with City in its efforts to comply with the Americans With Disability Act of 1990 and any amendments thereto, or successor statutes.

6.2 Should Contractor fail to comply with this Section, then City shall have the right, but not the obligation, to perform, or have performed, whatever work is necessary to achieve equal access compliance. Contractor will then be required to reimburse City for the actual cost of achieving compliance, plus a fifteen percent (15%) administrative charge.

Section 7.0 Contract Contains Entire Agreement.

7.1 This Contract, the Exhibits attached hereto, and other materials referenced herein, including the Request for Bids, contains the entire agreement between the parties hereto and supersedes any and all prior written or oral agreements between them concerning the subject matter contained herein. There are no representations, agreements, or understandings, oral or written, between and among the parties relating to the subject matter contained in this Contract which are not fully set forth herein. This is an integrated agreement.

Section 8.0 Termination of Contract.

8.1 For Convenience. LAWA may terminate this contract, with or without cause and without liability for costs or damages of any kind, upon giving the Contractor thirty (30) days advance written notice or as otherwise provided herein. In case of default by Contractor, the City reserves the right to procure the articles or services from other sources and to hold the Contractor responsible for any excess costs occasioned the City thereby.

8.2 For Cause. In the event the Contractor fails to abide by the terms, covenants, and conditions of the awarded contract, LAWA may give the Contractor written notice to correct the defect or default. If LAWA provides such notice and the same is not corrected, or substantial steps are not taken toward accomplishing such correction, within two (2) calendar days after LAWA's mailing of notification, LAWA may, at its sole discretion, terminate the awarded contract forthwith upon giving the Contractor a ten (10) day written notice. Upon notice (written or otherwise) to the Contractor of LAWA's decision to terminate the awarded contract, the Contractor shall immediately surrender to LAWA all LAWA property including, but not limited

to, items of authority (badges, permits, etc. issued by LAWA) that are in the possession, custody, and care of the Contractor and/or its agent(s).

8.3 Force Majeure. Neither party shall be liable for its delay or failure to perform any obligation under and in accordance with this Contract, if the delay or failure arises out of fires, floods, earthquakes, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by the party or any of the party's Subcontractors), freight embargoes, terrorist acts, insurrections or other civil disturbances, or other similar events to those described above, but in each case the delay or failure to perform must be beyond the control and without any fault or negligence of the party delayed or failing to perform (these events are referred to in this provision as "Force Majeure Events").

Notwithstanding the foregoing, a delay or failure to perform by a Subcontractor of Contractor shall not constitute a Force Majeure Event, unless the delay or failure arises out of causes beyond the control of both Contractor and Subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for the delay or failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit Contractor to perform timely. As used in this Contract, the term "Subcontractor" means a subcontractor at any tier.

In the event Contractor's delay or failure to perform arises out of a Force Majeure Event, Contractor agrees to use commercially reasonable best efforts to obtain the goods or services from other sources, and to otherwise mitigate the damages and reduce the delay caused by the Force Majeure Event.

13.2 Pursuant to §10.10(b) of the Los Angeles Administrative Code, failure of Contractor, or an applicable subcontractor, to comply with all applicable reporting requirements, or to implement lawfully served Wage and Earnings Assignment Orders and Notices of Assignment, or the failure of any principal owner(s) of Contractor or applicable subcontractors to comply with any Wage and Earnings Assignment Orders and Notices of Assignment applicable to them personally, shall constitute a default of this Contract, thereby subjecting this Contract to termination, where such failure(s) shall continue for more than ninety (90) days after notice of such failure(s) to Contractor by City (in lieu of any time for cure provided elsewhere in this Contract).

Section 14.0 Contractor Responsibility Program.

During the term of this Contract Contractor shall fully comply with Contractor Responsibility Program and the LAWA Contractor Responsibility Program Rules and Regulations. In addition:

- (e) Contractor shall ensure that their subcontractors comply with paragraphs (b) and (c) of this Section.

The CRP Rules and Regulations are available at <http://www.lawa.org>.

Section 15.0 Equal Benefits Ordinance.

15.1 Unless otherwise exempt, Contractor certifies and represents that it will comply with the applicable provisions of the Equal Benefits Ordinance (“EBO”), §10.8.2.1 of the Los Angeles Administrative Code throughout the term of this Contract. Contractor shall not, in any of its operations within the City of Los Angeles or in other locations owned by the City of Los Angeles, including the Airport, discriminate in the provision of Non-ERISA Benefits (as defined below) between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration. As used above, the term “Non-ERISA Benefits” shall mean any and all benefits payable through benefit arrangements generally available to Contractor’s employees which are neither “employee welfare benefit plans” nor “employee pension plans”, as those terms are defined in §§3(1) and 3(2) of ERISA. Non-ERISA Benefits shall include, but not be limited to, all benefits offered currently or in the future, by Contractor to its employees, the spouses of its employees or the domestic partners of its employees, that are not defined as “employee welfare benefit plans” or “employee pension benefit plans”, and, which include any bereavement leave, family and medical leave, and travel discounts provided by Contractor to its employees, their spouses and the domestic partners of employees.

15.2 Contractor agrees to post the following statement in conspicuous places at its place of business available to employees and applicants for employment:

“During the term of a Contract with the City of Los Angeles, the Contractor will provide equal benefits to employees with spouses and its employees with domestic partners. Additional information about the City of Los Angeles’ Equal Benefits Ordinance may be obtained from the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance at (213) 847-6480.”

15.3 The failure of Contractor to comply with the EBO will be deemed to be a material breach of the Contract by City. If Contractor fails to comply with the EBO, the City may cancel or terminate the Contract, in whole or in part, and all monies due or to become due under the Contract may be retained by the City. The City may also pursue any and all other remedies at law or in equity for any breach. Failure to comply with the EBO may be used as evidence against Contractor in actions taken pursuant to the provisions of Los Angeles Administrative Code §10.40, et seq., Contractor Responsibility Ordinance. If the City determines that Contractor has set up or used its contracting entity for the purpose of evading the intent of the EBO, the City may terminate the Contract.

Section 16.0 Assignment of Anti-Trust Claims.

16.1 Pursuant to California Government Code §4550 et seq. regarding Anti-Trust Claims, it is the policy of the City of Los Angeles to inform each Bidder/Proposer that in submitting a bid/proposal to LAWA the Bidder/Proposer offers and agrees to assign LAWA all rights, title and interest in and to all causes of action it may have under the Clayton Act or Cartwright Act, arising from purchases of goods, services or materials. This assignment is made and becomes effective at the time LAWA tenders final payment to the Contractor.

Section 21.0 Miscellaneous.

21.1 This Contract, and every question arising hereunder, shall be construed, and determined, according to the laws of the State of California. The venue shall be at the Torrance Branch of the Los Angeles County Superior Court.

21.2 It is the intention of the parties hereto that if any provision of this Contract is capable of two constructions, one of which would render the provision void, and the other of which would render the provision valid, then the provision shall have the meaning which renders it valid.

21.3 In the event any covenant, condition, or provision herein contained is held to be invalid by final judgment of any court of competent jurisdiction, the invalidity of such covenant, condition, or provision shall not in any way affect any other covenant, condition, or provision herein contained.

21.4 The Section headings appearing herein shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of this Contract.

Section 22. Electronic Signature.

This Agreement and any other document necessary for the consummation of the transaction contemplated by this Contract may be executed in counterparts, including counterparts that are manually executed and counterparts that are in the form of electronic records and are electronically executed. An electronic signature means a signature that is executed by symbol attached to or logically associated with a record and adopted by a party with the intent to sign such record, including facsimile or e-mail signatures. All executed counterparts shall constitute one agreement, and each counterpart shall be deemed an original. The parties hereby acknowledge and agree that electronic records and electronic signatures, as well as facsimile signatures, may be used in connection with the execution of this Contract and electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called PDF format shall be legal and binding and shall have the same full force and effect as if a paper original of this Contract had been delivered that had been signed using a handwritten signature. All parties to this Contract (i) agree that an electronic signature, whether digital or encrypted, of a party to this Contract is intended to authenticate this writing and to have the same force and effect as a manual signature; (ii) intended to be bound by the signatures (whether original, faxed, or electronic) on any document sent or delivered by facsimile or electronic mail or other electronic means; (iii) are aware that the other party(ies) will rely on such signatures; and, (iv) hereby waive any defenses to the enforcement of the terms of this Contract based on the foregoing forms of signature. If this Contract has been executed by electronic signature, all parties executing this document are expressly consenting, under the United States Federal Electronic Signatures in Global and National Commerce Act of 2000 ("E-SIGN") and the California Uniform Electronic Transactions Act ("UETA") (California Civil Code §1633.1 et seq.), that a signature by fax, e-mail, or other electronic means shall constitute an Electronic Signature to an Electronic Record under both E-SIGN and UETA with respect to this specific transaction.

1. VENDOR IDENTIFICATION FORM

The Vendor ID form requires general information about a bidder/proposer's business as well as the Seller's Permit and the Business Tax Registration Certificate (BTRC) numbers, Payment Terms, Equal Employment Opportunity Officer contact information, and data on the firm's City of Los Angeles contracts (if applicable).

- **Seller's Permit Number**

The Seller's Permit Number is required if the vendor is engaged in business in California; intends to sell or lease tangible personal property that would ordinarily be subject to sales tax if sold at retail; will make sales for a temporary period, normally lasting no longer than 30 days at one or more locations. The enforcing agency for this requirement is the Board of Equalization, the Sales and Use Tax Department. Additional information regarding this requirement can be found at <http://www.cdtfa.ca.gov/services/permits-licenses.htm>.

- **Payment terms**

Payment terms represent LAWA's conditions under which the vendor will be reimbursed for his/her services or sold goods. Typically, these terms specify the period allowed to a buyer to pay off the amount due.

- **Business Tax Registration Certificate**

Pursuant to the LAMC, Chapter 2, Article 1, Section 21.03, persons engaged in any business or occupation within the City of Los Angeles are required to register and pay the required tax. Businesses, including vendors, subject to this tax are issued a Business Tax Registration Certificate (BTRC) or a Vendor Registration Number (VRN).

Information regarding this requirement may be obtained at Office of Finance, Tax & Permit Division, 200 N. Spring St., Room 101, Los Angeles, CA 90012, Phone: (844) 663-4411, Web: <http://finance.lacity.org>.

- **List of Other City of Los Angeles Contracts (during previous ten years)**

Bidders/Proposers must submit a list of all City of Los Angeles contracts held within the last ten (10) years.

For additional information regarding all LAWA administrative requirements, please contact Procurement Services at (424) 646-5380 or visit our website at <https://www.lawa.org/en/lawa-businesses/lawa-administrative-requirements>.

- **Out-of-state Vendors**

The State of California requires the City of Los Angeles (City) to withhold income taxes from payments to out-of-state vendors for services performed within California unless the vendor submits one of the required forms. The tax withholding rate is seven percent (7%) of payments subject to withholding.

If you are out-of-state vendor, please return one of the following forms to help the City clarify your nonresident tax withholding status:

- Form 590, Withholding Exemption Certificate, certifying exemption from the withholding requirement.
- Form 587, Nonresident Income Allocation Worksheet, which allocates the expected income under the City contract for work completed within and outside of California
- Notice from the CA Franchise Tax Board (CAFTB) that a withholding waiver was authorized (you must first file CA Form 588, Nonresident Withholding Waiver Request to the CAFTB)

- Notice from CAFTB that a reduced withholding request was authorized (you must first file CA Form 589 Nonresident Reduced Withholding Request to CAFTB)

2. AFFIDAVIT OF NON-COLLUSION

Pursuant to the LAAC, Division 10, Chapter 1, Article 2, Section 10.15, each bid/proposal must include the attached affidavit of the Bidder/Proposer that the bid/proposal is genuine, and not a sham or collusive, or made in the interest or on behalf of any person, and that the Bidder/Proposer has not directly or indirectly induced or solicited any other Bidder/Proposer to submit a sham bid, or any other person, firms, or corporation to refrain from bidding, and that the Bidder/Proposer has not sought by collusion to secure for himself/herself an advantage over any other Bidder/Proposer.

Bidders/Proposers must complete, notarize, and submit the attached "Affidavit to Accompany Proposals or Bids" with the bid/proposal.

Failure to include an Affidavit with the bid/proposal will render the bid/proposal non-responsive and will result in its rejection.

They are also required to disclose their identities and the identities of their subcontractors and principals. Form 55 must be used for that purpose, and these instructions provide information about how to complete the form.

BIDDER RESPONSIBILITIES

A bidder is any person who bids on or submits a proposal or other response to a City contract solicitation, whether it involves a competitive or a non-competitive selection process.

You are a bidder required to complete Form 55 when all of the following apply:

- You submit a response or proposal for an RFP (request for proposals), RFQ (request for qualifications), RFB (request for bids), or any other written or verbal request to enter into a competitive or non-competitive City contract; and
- The contract is expected to be valued at \$100,000 or more; and
- The contract must be approved by an elected office (City Council, Mayor, City Controller, or City Attorney).

For purposes of Form 55, a **contract** is any agreement, franchise, lease, non-regulatory permit, land use license or easement, or concession with the City that meets the qualifications listed above. This includes an agreement for the performance of any work, service, or construction; the provision of any materials, goods, or equipment; the sale or purchase of property; and the making of grants. This also includes the selection of a pre-qualified list of persons to contract with the City if the RFQ's not-to-exceed amount is at least \$100,000 and the list selection requires approval by an elected City office. The definition does *not* include a contract with another government agency or a contract between a City proprietary department and an underwriting firm for a noncompetitive sale of revenue bonds.

Form 55 is used to disclose information about the following individuals and entities:

- You (the bidder);
- Your principals;
- Your subcontractors with subcontracts valued at \$100,000 or more; and
- The principals of those subcontractors.

The campaign finance restrictions and requirements in Los Angeles City Charter § 470(c)(12) and Los Angeles Municipal Code § 49.7.35 apply to all of those individuals and entities. They are subject to the laws because of the positions they hold in relation to a City bid, not because they are disclosed on your Form 55. See section G for more information.

You are required to do all of the following:

1. **Submit** a completed Form 55 with your bid or proposal documents to the City department awarding the contract.
2. **Amend** your Form 55 within 10 business days if the information in the form changes after you submit it with your bid or proposal.
3. **Notify** your principals and subcontractors of the campaign finance restrictions and requirements that apply to them.

PAGE 1: COVER PAGE AND BIDDER INFORMATION

You must complete all sections on the cover page.

A. ORIGINAL OR AMENDED FILING

ORIGINAL FILING

Check this box if this is the first time you are submitting a Form 55 in connection with the City contract that you are currently seeking or have been awarded.

AMENDMENT

Check this box if you are making changes to a Form 55 that you previously submitted in connection with the same City contract that you are seeking or have been awarded. For an amended filing, you must provide the later of:

- The date that your original Form 55 submission was signed; or
- The date that your most recent amendment was signed.

Example 1: *Your law firm submitted a Form 55 last month when responding to an RFP from the City Attorney's Office for legal services. Your law firm is now responding to an RFP with the Port of Los Angeles for a different contract to provide legal services. Check the "Original Filing" box on the Form 55 submitted to the Port, because this is the first time your firm is submitting Form 55 in connection with the contract with the Port.*

Example 2: *Your company submitted a Form 55 last week when responding to an RFP from the Department of Water and Power (DWP) for construction services. This week, your company moved its offices to a new location. Your company is required to update its contact information on the Form 55 submitted with its proposal. On a new Form 55, check the "Amendment" box, because your company is submitting an updated version of the Form 55 that was already submitted in connection with the construction services contract.*

B. REFERENCE NUMBER

If applicable, provide the bid number, contract number, RAMP ID, or other identifying number or code assigned to the bid or contract that you seek. You can usually find this number on the City solicitation package (e.g., the RFP documents). However, not all solicitations have a reference number.

G. SCHEDULE SUMMARY

ITEM 1: BIDDER'S PRINCIPALS

Indicate whether you have one or more principals. Check only one box ("Yes" or "No").

A **principal** is any of the following:

- Board chair;
- President;
- Chief executive officer;
- Chief operating officer;
- An individual who serves in the functional equivalent of any of the above positions;
- An individual who holds an ownership interest of 20% or more; or
- An employee authorized to represent you before the City regarding this contract.

Example 1: You are putting together a proposal for a City contract on behalf of your employer, ABC, Inc. The proposal must include a Form 55. Because ABC, Inc. is an entity, you must check the "Yes" box and disclose ABC, Inc.'s principals on attached Schedule A pages.

Example 2: You are an individual submitting a proposal for a City contract and must complete a Form 55. You have two employees who are authorized to represent you before the City on this proposal. You must check the "Yes" box and disclose yourself and those employees as your principals on attached Schedule A pages.

All bidders who are entities are required to complete Schedule A. Most bidders are entities, so most bidders must check the "Yes" box and attach Schedule A pages to the cover page.

Attach to the cover page as many Schedule A pages as necessary to identify all of your principals.

ITEM 2: SUBCONTRACTORS AND THEIR PRINCIPALS

Indicate whether you have one or more subcontractors with subcontracts valued at \$100,000 or more on the City contract you seek. Check only one box ("Yes" or "No").

Example 1: Your construction company is submitting a response to a City RFP to provide construction services on a development project and must submit a Form 55. For the proposed project, you expect to hire ABC Company as a subcontractor that will perform \$50,000 worth of work and XYZ Corporation as another subcontractor that will perform \$200,000 worth of work. Check the "Yes" box and attach Schedule B pages to disclose XYZ Corporation and its principals.

Example 2: Your architecture firm is submitting a response to a City RFP to provide landscape design services at a new park, and a Form 55 is required. For the proposed project, you expect to hire two subcontractors: More Sunshine, Inc., which will provide consulting services worth \$30,000; and Beautiful Parks Company, which will perform \$85,000 worth of the work. Check the "No" box, indicating that you do not have any subcontractors with subcontracts valued at \$100,000 or more.

Attach to the cover page as many Schedule B pages as necessary to identify all of your subcontractors and their principals.

ITEM 3: TOTAL NUMBER OF PAGES SUBMITTED

Enter the total number of Form 55 pages that you are submitting, including the cover page and all attached Schedule A and B pages.

H. CERTIFICATION

Form 55 must be signed by an authorized representative of the bidder. By signing this section, you are certifying under penalty of perjury all of the following:

If you need more space, mark the box indicating that you are attaching additional Schedule A pages. You may attach as many additional Schedule A pages as necessary to disclose all of your principals.

Remember to include all Schedule A pages in the total page count on your cover page and attach them to the cover page.

PAGE 3: SCHEDULE B – SUBCONTRACTORS AND THEIR PRINCIPALS

You must complete this section if you will have subcontractors with subcontracts worth \$100,000 or more. You must disclose the names and business addresses of those subcontractors and the names, titles, and business addresses of their principals. For a definition of "principal", see the instructions for Page 1, Section G.

You must submit at least one Schedule B page for each subcontractor. Provide the name and business address of the subcontractor, and then mark the appropriate box to indicate whether the subcontractor has principals.

If a subcontractor has more principals than will fit on one page—or if you have multiple subcontractors to disclose—mark the box indicating that you are attaching additional Schedule B pages. Contractor Responsibility Program

EXHIBIT A

**LOS ANGELES WORLD AIRPORTS
CONTRACTOR RESPONSIBILITY PROGRAM
QUESTIONNAIRE**

On December 4, 2001, the Board of Airport Commissioners adopted Resolution No. 21601, establishing LAWA's Contractor Responsibility Program (CRP). The intent of the program is to ensure that all LAWA contractors have the necessary quality, fitness and capacity to perform the work set forth in the contract. To assist LAWA in making this determination, each bidder/proposer is required to complete and submit with the bid/proposal the attached CRP Questionnaire. If a non-competitive process is used to procure the contract, the proposed contractor is required to complete and submit the CRP Questionnaire to LAWA prior to execution of the contract. Submitted CRP questionnaires will become public records and information contained therein will be available for public review for at least fourteen (14) calendar days, except to the extent that such information is exempt from disclosure pursuant to applicable law.

The signatory of this questionnaire guarantees the truth and accuracy of all statements and answers to the questions herein. Failure to complete and submit this questionnaire may make the bid/proposal non-responsive and result in non-award of the proposed contract. During the review period if the bidder/proposer or contractor (collectively referred to hereafter as "bidder/proposer") is found non-responsible, he/she is entitled to an Administrative Hearing if a written request is submitted to LAWA within ten (10) working days from the date LAWA issued the non-responsibility notice. Final determination of non-responsibility will result in disqualification of the bid/proposal or forfeiture of the proposed contract.

All Questionnaire responses must be typewritten or printed in ink. Where an explanation is required or where additional space is needed to explain an answer, use the CRP Questionnaire Attachment A. Submit the completed and signed Questionnaire and all attachments to LAWA. Retain a copy of this completed questionnaire for future reference. Contractors shall submit updated information to LAWA within thirty (30) days if changes have occurred that would make any of the responses inaccurate in any way.

Iran Contracting Compliance Affidavit

EXHIBIT A

IRAN CONTRACTING ACT OF 2010 COMPLIANCE AFFIDAVIT

(California Public Contract Code Sections 2200-2208)

The California Legislature adopted the Iran Contracting Act of 2010 to respond to policies of Iran in a uniform fashion (PCC § 2201(q)). The Iran Contracting Act prohibits bidders engaged in investment activities in Iran from bidding on, submitting proposals for, or entering into or renewing contracts with public entities for goods and services of one million dollars (\$1,000,000) or more (PCC § 2203(a)). A bidder who "engages in investment activities in Iran" is defined as either:

1. A bidder providing goods or services of twenty million dollars (\$20,000,000) or more in the energy sector of Iran, including provision of oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or
2. A bidder that is a financial institution (as that term is defined in 50 U.S.C. § 1701) that extends twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created by the California Department of General Services (DGS) pursuant to PCC § 2203(b) as a person engaging in the investment activities in Iran.

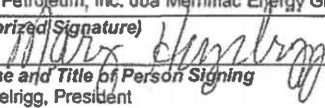

The bidder shall certify that at the time of submitting a bid for new contract or renewal of an existing contract, the bidder is not identified on the DGS list of ineligible businesses or persons and that the bidder is not engaged in investment activities in Iran in violation of the Iran Contracting Act of 2010.

California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts (PCC § 2205).

To comply with the Iran Contracting Act of 2010, the bidder shall provide its vendor or financial institution name, and City Business Tax Registration Certificate (BTRC) if available, in completing ONE of the options shown below.

OPTION #1: CERTIFICATION

I, the official named below, certify that I am duly authorized to execute this certification on behalf of the bidder or financial institution identified below, and that the bidder or financial institution identified below is **not** on the current DGS list of persons engaged in investment activities in Iran and is **not** a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person or vendor, for 45 days or more, if that other person or vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current DSG list of persons engaged in investment activities in Iran.

Insurance

Contractor shall procure at its own expense, and keep in effect at all times during the term of this Agreement, the types and amounts of insurance specified herein. The specified insurance shall also, either by provisions in the policies or by endorsement attached to such policies, specifically name the City of Los Angeles, Los Angeles World Airports, its Board of Airport Commissioners (hereinafter referred to as "Board"), and all of its officers, employees, and agents, their successors and assigns, as additional insureds, against the area of risk described herein as respects Contractor's acts or omissions in its operations, use and occupancy of the premises hereunder or other related functions performed by or on behalf of Contractor on Airport.

With respect to Workers' Compensation, the Contractor shall, by specific endorsement, waive its right of subrogation against the City of Los Angeles, Los Angeles World Airports, its Board, and all of its officers, employees and agents, their successors and assigns.

Each specified insurance policy (other than Workers' Compensation and Employers' Liability and fire and extended coverages) shall contain a Severability of Interest (Cross Liability) clause which states, "It is agreed that the insurance afforded by this policy shall apply separately to each insured against whom claim is made or suit is brought except with respect to the limits of the company's liability," and a Contractual Endorsement which shall state, "Such insurance as is afforded by this policy shall also apply to liability assumed by the insured under this Agreement with the City of Los Angeles."

All such insurance shall be primary and noncontributing with any other insurance held by City's Department of Airport where liability arises out of or results from the acts or omissions of Contractor, its agents, employees, officers, assigns, or any person or entity acting for or on behalf of Contractor.

Such policies may provide for reasonable deductibles and/or retentions acceptable to the Chief Executive Officer of the Department of Airport (hereinafter referred to as "Chief Executive Officer") based upon the nature of Contractor's operations and the type insurance involved.

City shall have no liability for any premiums charged for such coverage(s). The inclusion of City, its Department of Airports, its Board, and all of its officers, employees and agents, and their agents and assigns, as insureds, is not intended to, and shall not, make them, or any of them a partner or joint venture with Contractor in its operations at Airport.

In the event Contractor fails to furnish City evidence of insurance and maintain the insurance as required, City, upon ten (10) day prior written notice to comply, may (but shall not be required to) procure such insurance at the cost and expense of Contractor, and Contractor agrees to promptly reimburse City for the cost thereof plus fifteen percent (15%) for administrative overhead.

At least ten (10) days prior to the expiration date of any of the above policies, documentation showing that the insurance coverage has been renewed or extended shall be filed with City. If such coverage is canceled or reduced, Contractor shall, within fifteen (15) days of such cancellation or reduction of coverage, file with City evidence that the required insurance has been reinstated or provided through another insurance company or companies.

Contractor shall provide proof of all specified insurance and related requirements to City either by production of the actual insurance policy(ies), by a broker's letter acceptable to the Chief Executive Officer in both form and content in the case of foreign insurance syndicates, or by other written evidence of insurance acceptable to the Chief Executive Officer. The documents evidencing all specific coverages shall be filed with City prior to commencement of this contract. The documents shall contain the applicable policy number, the inclusive dates of policy coverages and the insurance carrier's name, shall bear signature and the typed name of an authorized representative of said carrier, and shall provide that such insurance shall not be subject to cancellation, reduction in coverage or nonrenewal except after written notice by certified mail, return receipt requested, to the City Attorney of the City of Los Angeles at least thirty (30) days prior to the effective date thereof.

City and Contractor agree that the insurance policy limits specified herein shall be reviewed for adequacy annually throughout the term of this Agreement by Chief Executive Officer, who may thereafter require Contractor to adjust the amounts of insurance coverage to whatever amount Chief Executive Officer deems to be adequate. City reserves the right to have submitted to it, upon request, all pertinent information about the agent and carrier providing such insurance.

City Held Harmless

To the fullest extent permitted by law, Contractor shall defend, indemnify and hold harmless City and any and all of City's Boards, officers, agents, employees, assigns and successors in interest from and against any and all suits, claims, causes of action, liability, losses, damages, demands or expenses (including, but not limited to, attorney's fees and costs of litigation), claimed by anyone (including Contractor and/or Contractor's agents or employees) by reason of injury to, or death of, any person(s) (including Contractor and/or Contractor's agents or employees), or for damage to, or destruction of, any property (including property of Contractor and/or Contractor's agents or employees) or for any and all other losses, founded upon or alleged to arise out of, pertain to, or relate to the Contractor's and/or Sub-Contractor's performance of the Contract, whether or not contributed to by any act or omission of City, or of any of City's Boards, officers, agents or employees. Provided, however, that where such suits, claims, causes of action, liability, losses, damages, demands or expenses arise from or relate to Contractor's performance of a "Construction Contract" as defined by California Civil Code section 2783, this paragraph shall not be construed to require Contractor to indemnify or hold City harmless to the extent such suits, causes of action, claims, losses,

demands and expenses are caused by the City's sole negligence, willful misconduct or active negligence. Provided further that where such suits, claims, causes of action, liability, losses, damages, demands or expenses arise from Consultant's design professional services as defined by California Civil Code section 2782.8, Consultant's indemnity obligations shall be limited to allegations, suits, claims, causes of action, liability, losses, damages, demands or expenses arising out of, pertaining to, or relating to the Consultant's negligence, recklessness or willful misconduct in the performance of the Contract.

In addition, Contractor agrees to protect, defend, indemnify, keep and hold harmless City, including its Boards, Departments and City's officers, agents, servants and employees, from and against any and all claims, damages, liabilities, losses and expenses arising out of any threatened, alleged or actual claim that the end product provided to LAWA by Contractor violates any patent, copyright, trade secret, proprietary right, intellectual property right, moral right, privacy, or similar right, or any other rights of any third party anywhere in the world. Contractor agrees to, and shall, pay all damages, settlements, expenses and costs, including costs of investigation, court costs and attorney's fees, and all other costs and damages sustained or incurred by City arising out of, or relating to, the matters set forth above in this paragraph of the City's "Hold Harmless" agreement.

In Contractor's defense of the City under this Section, negotiation, compromise, and settlement of any action, the City shall retain discretion in and control of the litigation, negotiation, compromise, settlement, and appeals there from, as required by the Los Angeles City Charter, particularly Article II, Sections 271, 272 and 273 thereof.

Survival. The provisions of this section shall survive the expiration or earlier termination of this Agreement.

Hazardous and Other Regulated Substances

(a) Contractor's performance under this Contract and/or occupancy or use of any LAWA property shall be in full compliance with any and all applicable present and future rules, regulations, restrictions, ordinances, statutes, laws and/or other orders of any governmental entity regarding the use, storage, handling, distribution, processing and/or disposal of hazardous wastes, extremely hazardous wastes, hazardous substances, hazardous materials, hazardous chemicals, toxic chemicals, toxic substances, pollutants, contaminants or other similarly regulated substances (hereinafter referred to as "hazardous substances"). Said hazardous substances shall include, but shall not be limited to, mold, gasoline, aviation, diesel and jet fuels, lubricating oils and solvents. Contractor agrees that any damages, penalties or fines levied on City and/or Contractor as a result of Contractor's noncompliance with any of the above shall be the sole responsibility of Contractor and further, that Contractor shall indemnify and pay and/or reimburse City for any damages, penalties or fines that City pays as a result of noncompliance with the above.

(b) In the case of any hazardous substance spill, contamination, leak, discharge or improper storage affecting LAWA property caused or contributed to by Contractor or its employees, servants, agents, contractors or subcontractors, Contractor agrees to make or cause to be made any necessary repairs or corrective actions as well as to clean up and remove any leakage, contamination or contaminated ground to the satisfaction of Chief Executive Officer. If Contractor fails to repair, cleanup, properly dispose of or take any other corrective actions as required herein, City may (but shall not be required to) take all steps it deems necessary to properly repair, clean up or otherwise correct the conditions resulting from the spill, leak or contamination. Any such repair, clean-up or corrective actions taken by City shall be at Contractor's sole cost and expense and Contractor shall indemnify and pay for and/or reimburse City for any and all costs (including any administrative costs) City incurs as a result of any repair, clean-up or corrective action it takes.

(c) Contractor shall promptly supply City with copies of all notices, reports, correspondence and submissions made by Contractor to any governmental entity regarding any hazardous substance spill, leak, discharge or clean-up including all test results.

(d) The provisions of this section shall survive the expiration or earlier termination of this Agreement.

1. **When should I comply with the Insurance Requirements?** The Risk Management Division's Insurance Compliance section is the first place to start if your proposal has been accepted or you have been awarded the bid. You cannot perform any work for the Department without approved evidence of insurance. Please be aware that if current evidence of insurance is not on file with the Insurance Compliance Section, invoices cannot be processed, badges cannot be issued and permits cannot be processed.

THE ACCOUNTING DIVISION HAS BEEN INSTRUCTED BY THE CITY CONTROLLER NOT TO PROCESS INVOICES UNLESS CURRENT EVIDENCE OF INSURANCE IS IN PLACE.
2. **What does LAWA consider as Acceptable Evidence of insurance?** The only evidence of insurance acceptable is either a Certificate of Insurance and/or a True and Certified copy of a policy. The following items must accompany the form of evidence provided:
 - a. A copy of the Waiver of Subrogation Endorsement **specifically** naming Los Angeles World Airports on the schedule is required for Workers' Compensation. **A BLANKET ENDORSEMENT AND/OR LANGUAGE ON A CERTIFICATE OF INSURANCE IS NOT ACCEPTABLE.**
 - b. A copy of the Additional Insured Endorsement (CG 20 10 11 85 or similar) **specifically** naming Los Angeles World Airports on the schedule is required for General Liability. **A BLANKET ENDORSEMENT AND/OR LANGUAGE WRITTEN ON A CERTIFICATE OF INSURANCE IS NOT ACCEPTABLE UNLESS YOU HAVE A DIRECT CONTRACT WITH LAWA.**
 - c. The Certificate of Insurance and/or the True and Certified copy of the policy must be signed by the Authorized Representative.
 - d. A copy of the Schedule of Underlying Coverage/Insurance is required for the Excess policy.
3. **Is there an added cost to add Los Angeles Worlds Airports as Additional Insured?** Possibly; there usually is an added cost to doing this. This fact should be considered when you are formulating your costs for the bid or proposal. Check with your insurance agent or broker as .
4. **How can I obtain information on your Insurance Requirements?** An Insurance Requirement Sheet is included in the Proposal/Bid Package, which specifically outlines the types and amounts of coverage required. This Requirement Sheet should be passed on to your authorized agent/broker for their review. You may also contact us at (424) 646- 5480.
5. **Do I need to prepare more forms if I already have LAWA's evidence of insurance?** No. If you already have current evidence of insurance on file with our Risk Management's Insurance Compliance Section, it is not necessary to complete a new set of forms. Once documentation is in place, you do not need to go through the process for each project. **However**, if the documents submitted are project specific, you will need to submit forms for each project. Therefore it is suggested that forms submitted indicate they are for the maximum coverage required and all LAWA projects. Please check with our office to be sure that all coverages are current. Your contract administrator can do this for you as well. Our office maintains a computerized record of your evidence of insurance.

6. **What insurance companies are acceptable to LAWA?** Insurance companies must have an A- or better rating and have a financial size of at least IV to be acceptable to LAWA. We use the A.M. Best Key Rating Guide as our reference.
7. **How long will I need the insurance coverage?** If you are awarded a contract, there will be a provision in your contract which specifically states that it is your responsibility to maintain current evidence of insurance in our files for the contract period.
8. **How long does it take LAWA to process my evidence of insurance?** Evidence of Insurance is processed upon receipt by LAWA. Please submit your evidence of insurance documents to the Risk Management Division's Insurance Compliance Section at riskinsurance@lawa.org, as soon as you are awarded the contract.
9. **When should I complete the evidence of insurance?** Prior to the commencement of this contract, the successful bidder must provide proof of insurance. Do not spend any money to meet the insurance requirements until you are awarded the contract by LAWA. Get an estimate or quote from your insurance agent or broker and factor that into the bid/proposal you are preparing. Enclose a statement, provided on your company letterhead, which states you have reviewed the insurance requirements and that you will provide the required evidence of insurance if you are awarded the contract.

Note for Prime Contractors: Prime Contractors are responsible for ensuring that their Sub-contractors have adequate evidence of insurance coverage appropriate to the work to be performed. At a minimum, if airfield access is involved, the sub- contractor must show \$10 million in coverage, plus endorsements. If no airfield access is involved in the work, the minimum threshold is \$1 million, plus endorsements. In rare cases, if the work is performed entirely off site, there may be no need for evidence of insurance coverage.

MANDATORY LOCAL BUSINESS PREFERENCE PROGRAM (LBPP) FOR USE ON LAWA-FUNDED CONTRACTS GREATER THAN \$150,000.00

A. General

This program is subject to the policies and requirements established by the Board of Airport Commissioners (BOAC). LAWA established the LBPP as part of its commitment to help local businesses participation in LAWA contracts. The LBPP seeks to leverage funds expended under contracts to stimulate local business activities, encourage businesses to set up operations locally, and to augment local job creation efforts. It will also lay a foundation for a sustainable local economic development by promoting the creation, expansion, and retention of local businesses. **LAWA shall opt out when the contract is funded by a grant or is federally-funded and funding regulations prohibit the funding recipient from implementing the LBPP on the resulting contract. Secondly, LAWA can opt out of the program when full and open competition is limited because of a sole source vendor, provider, or supplier. Failure to comply shall result in investigations by the Bureau of Contract Administration/ Office of Contract Compliance (BCA/OCC) in its role as the Designated Administrative Agency. However, LAWA is entitled to determine at anytime that it is not in LAWA's best interest to grant a Bid preference to a qualifying Local Business, Local Subcontractor, or Provisionally Qualified Local Business.**

B. Participation Criteria for Local Business Preference Program

To be eligible for participation in this program, LAWA requires that the prospective local business submit an affidavit attesting as such on the Regional Alliance Marketplace for Procurement (RAMPLA) website. An affidavit form is attached and is also available to be downloaded on the RAMPLA website at rampla.org. Determination of qualification as a local business by any other entities, other than BCA/OCC, or by any other means other than submission of an affidavit on RAMPLA shall not be accepted for purposes of participation in the LBPP. Affidavit forms are prioritized according to the date they are received. The local business must be listed on RAMPLA as such prior to the bid due date in order to participate in the LBPP. In cases where the affidavit was submitted prior to the proposal deadline but has not been verified by BCA/OCC and the local business designation would result in a change of award recommendation, status as a local business will be based on the date it was submitted.

C. Definitions

1. "Awarding Authority" means the Board of Airport Commissioners, or any employee or officer of Los Angeles World Airports (LAWA) authorized to award or enter into any contract on behalf of LAWA.
2. "Contract" means a written agreement involving consideration in excess of \$150,000.00 for the purchase of goods, equipment or services, including construction, by or for the benefit of LAWA.
3. "Contractor" means the person, business or entity awarded the Contract by LAWA.
4. "Bid Price" means the dollar amount after the bidder's quoted price is adjusted for evaluation in accordance with applicable provisions. For procurement contracts, this may include, but not be limited to Cash Discount, or Combined Award Discount.

5. "Cash Discount" means a reduction in the full cost of a good or service when payment is made within a specified period of time: e.g. 2% 10 net 30.
6. "Combined Award Discounts" (CAD) means the discount terms offered by a supplier and are usually expressed in percentages taken directly from the pricing totals of the bidders offering such a discount. CADs are applicable if the specification or bidding document includes the CAD provision clause, it is applicable to more than one item or more than one group of items, and if the items included for CAD purposes are not cherry picked from a predefined group of items as set forth by the specifications or bid document.
7. "Local Business" means a business entity that occupies work space within the County of Los Angeles and is in compliance with all applicable City or county licensing and tax laws, and can demonstrate one of the following: (1) it is headquartered in the County and physically conducts and manages all of its operations from a location in the County; (2) that at least 50 of its full-time employees perform work within the boundaries of the County at least 60 percent of their total regular hours worked on an annual basis; or (3) that at least half of the full-time employees (50%) of the business work within the boundaries of the County at a minimum of 60 percent of their total, regular hours worked on an annual basis.
 - a. A business entity with multiple locations within the County can aggregate 50 of its full-time employees working at least 60% of their regular hours from its different locations within the County to qualify as a Local Business.
 - b. A business entity awarded a LAWA contract under the LBPP must carry out the services of the contract using employees whose exclusive, primary working location is in Los Angeles County.
8. "Local Subcontractor" means a contractor that meets the same qualification as a local business.
9. "Provisionally Qualified Local Business" means a business entity that is yet to establish operations within the County, and does not immediately qualify as a local business under the Los Angeles Administrative Code. However, the business is provisionally qualified as a local business because it is undertaking imminent steps to qualify as a local business as defined by Article 21, Section 10.47.3. No later than 60 days after the date on which the Contract with LAWA is awarded, but prior to execution of the contract, the Provisionally Qualified Local Business must become a qualified Local Business.
10. "Supplier" and/or "Regular Dealer" means a business that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. Additionally, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as previously described if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers'

own distribution equipment shall be by a long-term lease agreement and not on and ad hoc or contract-by-contract basis.

D. Local Business Preference Program Participation Recognition

1. Qualifying contractors who participate in the LBPP by qualifying as a local business will receive an 8% preference credit to their bid in excess of \$150,000.00 or bids in excess of \$1,000,000.00 if a Provisionally Qualified Local Business.
2. Qualifying contractors who participate in the LBPP but do not qualify as a local business, but however are qualified because they identify a qualified local subcontractor to perform the work under the contract will receive up to a 5% preference credit to their bids.
 - a. LAWA shall provide a 1% preference, up to a maximum of 5%, to the proposal price for every 10% of the cost of the proposed work to be performed by the local subcontractor. This rule applies to a local subcontractor or local subcontractors; provided that the work performed is of a commercially useful purpose in execution of the contract and/or performed in the subcontractor's normal course of business. The work performed and all costs of each local subcontractor or subcontractors should be clearly specified in the proposal.
3. Preferences shall only be awarded to a Local Business or Local Subcontractor when the services provided under the contract are directly provided by its employees whose primary work location is in Los Angeles. Preferences shall only be awarded for equipment, goods or materials when the Local Business or Local Subcontractor acts as a supplier or dealer (not less than two thirds of the time), or designs, manufactures, or assembles the equipment, goods or materials (not less than two thirds of the time), at a business location in the City.
4. A Provisionally Qualified Local Business who participates in the LBPP by qualifying as a local business will receive an 8% preference credit to its bids, as long as the proposed contract between the business and LAWA involves consideration no less than \$1,000,000.00 and has duration of no less than three (3) years.
 - a. To participate in the program a proposed Provisionally Qualified Local Business must download and complete a Provisionally Qualified Local Business affidavit form at www.bca.lacity.org, which it shall attach and submit with its bid documents to LAWA.
5. A Provisionally Qualified Local Business shall lose its status as such when it fails to fully comply as a local business within 60 days after the date on which the Contract with LAWA is awarded. LAWA shall notify the Provisionally Qualified Local Business thirty (30) days to the anniversary of the second month notifying the business that it comply as a local business or contract award will be rescinded. Loss of status as a Provisionally Qualified Local Business is permanent; closure forbids a business from qualifying as a Provisionally Qualified Local Business in the future for purposes of bidding on LAWA Contracts.
6. Once a Provisionally Qualified Local Business is notified by LAWA of its intent to award a contract, the Provisionally Qualified Local Business shall submit all of the following; (1) an enforceable, contractual right to occupy commercial space within the County, which shall commence no later than 60 days after the date of the execution of the contract; (2)

a business plan on its ability to become a Local business; (3) any other sufficient documentation required by LAWA.

All required supporting documentation/ evidence demonstrating qualification as a Provisionally Qualified Local Business must be submitted to LAWA within 30 days of request.

- a. If LAWA is satisfied with documentation submitted by the Provisionally Qualified Local Business, and it determines that it shall award the business the contract, LAWA prior to the execution of the contract shall send BCA a memo stating that the business was able to demonstrate that it qualifies as a Provisionally Qualified Local Business, the memo shall also list the documents received by LAWA, and recommend that BCA determine the business to be a Provisionally Qualified Local Business.
7. The maximum preference for all qualifying local businesses, local subcontractor(s), and provisionally qualified local businesses shall not exceed \$1,000,000.00 for any bid.
8. A bid preference does not reduce the contract amount.
9. In the event where a certified Local business bids on a LAWA contract, and is determined by LAWA after the bid deadline to not qualify as a Local Business, the business will be eligible for a Local Subcontractor Preference of up to 5 percent, if it has identified a qualifying Local Subcontractor(s) to perform work under the contract.
 - a. The above exemption shall only apply where the non-compliance is an error or mistake. It shall not apply to a business that intentionally or fraudulently claims to be a Local Business through misleading or false statements.
 - b. It is the responsibility of the business registered on RAMPLA as a certified Local Business to inform BCA via email at bca.certifications@lacity.org, that it no longer meets the certification criteria within seven days of the change. Failure to do so shall be construed as a misleading and/or false statement.
10. Upon receipt of information believed by LAWA to be reliable and which indicates that the Local Business no longer qualifies as a Local Business for more than 60 days during the entire time of the Contract, LAWA shall withhold or recover funds from the Contractor in an amount that represents the value of the bid preference.
11. Upon receipt of information believed by LAWA to be reliable and which indicates that the Local Subcontractor (s) no longer qualifies as a Local Business, providing the basis for a Local Subcontractor Preference and the Prime Contractor fails to replace the Subcontractor (s) with another Local Subcontractor (s) within 60 days of notification by LAWA. LAWA shall withhold or recover funds from the Contractor in an amount that represents the value of the bid preference.
12. In the event that investigations reveal that a business fraudulently represents itself as a Local Business for the purpose of gaining a preference under the LBPP, the business shall lose its status as such for up to five years. This will also apply to any business that has received a preference, but failed to maintain its Local Business qualification for a cumulative of 60 days during the entire time of the contract.

E. Complaints and Protests

1. All complaints and/or protests regarding qualifying local businesses, provisionally qualified local businesses, and local subcontractors claiming non-compliance by LAWA or its failure to maintain certification criteria, shall be made to the BCA/OCC either in writing or by email for further investigations. Complaints must be accompanied by documentation which substantiates complainant's allegations.
2. Any complaints that meet the criteria of No. 1 shall be investigated by BCA, OCC in its role as the Designated Administrative Agency.

II. Compliance with Nondiscrimination Requirements. During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

1. Compliance with Regulations: The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. Nondiscrimination: The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.
3. Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.
4. Information and Reports: The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by LAWA or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Incorporation of Provisions: The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as LAWA or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request LAWA to enter into any litigation to protect the interests of LAWA. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

ALTERNATIVE FUEL VEHICLE REQUIREMENT PROGRAM (LAX ONLY)

I. Definitions.

The following capitalized terms shall have the following meanings. All definitions include both the singular and plural form.

"Airport Contract" shall mean a contract awarded by LAWA and pertaining to LAX, and subcontracts of any level under such a contract.

"Airport Contractor" shall mean (i) any entity awarded an Airport Contract, and subcontractors of any level working under an Airport Contract; (ii) any contractors that have entered into a contract with an Airport Lessee to perform work on property owned by LAWA and pertaining to LAX, and any subcontractors working in furtherance of such a contract; and (iii) any contractor that have entered into a contract with an Airport Licensee to perform work pertaining to LAX, and any subcontractors working under such a contract.

"Airport Lessee" shall mean any entity that leases or subleases any property owned by LAWA and pertaining to LAX.

"Airport Licensee" shall mean any entity issued a license or permit by LAWA for operations that pertain to LAX.

"Alternative-Fuel Vehicle" shall mean a vehicle that is not powered by petroleum-derived gasoline or diesel fuel. Alternative-Fuel Vehicles include, but are not limited to, vehicles powered by compressed or liquefied natural gas, liquefied petroleum gas, methanol, ethanol, electricity, fuel cells, or other advanced technologies.

"CARB" shall mean the California Air Resources Board.

"Covered Vehicle" is defined in Section II below.

"Compliance Plan" is defined in subsection VII.C. below.

"EPA" shall mean the United States Environmental Protection Agency.

"Independent Third Party Monitor" shall mean a person or entity empowered by LAWA to monitor compliance with and/or implementation of particular requirements in this Requirement.

"LAWA" shall mean Los Angeles World Airports.

"LAX" shall mean Los Angeles International Airport.

"Least-Polluting Available Vehicle" shall mean a vehicle that (a) is determined by an Independent Third Party Monitor to be (i) commercially available, (ii) suitable for performance of a particular task, and (iii) certified by CARB to meet the applicable engines emission standard in effect at the time of purchase. Where more than one vehicle meets these requirements for a particular task, LAWA, working with the Independent Third Party Monitor, will designate as the

Least-Polluting Available Vehicle the vehicle that emits the least amount of criteria air pollutants.

“LEV” shall mean a vehicle that meets CARB’s Low-Emission Vehicle standards for criteria pollutant exhaust and evaporative emissions for medium-duty vehicles at the time of vehicle manufacture.

“LEV II” shall mean a vehicle certified by CARB to the “LEV II” Regulation Amendments that were fully implemented as of 2010. A qualifying “LEV II” vehicle shall meet the least polluting standard in the LEV II category that is available at the time of purchase.

“LEV III” shall mean a vehicle certified by CARB to the increasingly stringent “LEV III” Regulatory Amendments to the California greenhouse gas and criteria pollutant exhaust and evaporative emission standards, test procedures, and on-board diagnostic system requirements for medium-duty vehicles.

“Low-Use Vehicle” shall mean a Covered Vehicle that makes less than five (5) trips per month to LAX.

“Operator” shall mean any Airport Contractor, Airport Lessee, or Airport Licensee.

“Optional Low NOx” shall mean any vehicle powered by an engine that meets CARB’s optional low oxides of nitrogen (NOx) emission standards for on-road heavy-duty engines applicable at the time of purchase.

II. Covered Vehicles.

A. **Covered Vehicles.** These Requirements shall apply to all on-road vehicles, including trucks, shuttles, passenger vans, and buses that are 8,500 lbs gross vehicle weight rating or more and are used in operations related to LAX (“Covered Vehicles”).

B. **Exemptions.** The following vehicles are exempt from this Requirement:

- i) Public safety vehicles.
- ii) Previously approved vehicles. Vehicles previously approved under the 2007 LAX Alternative Fuel Vehicle Requirement Program are exempt from the Maximum Allowable Vehicle Age Requirement, Section III, but are subject to the Annual Reporting Requirement, Section VI.
- iii) Low-Use Vehicles. Low-use vehicles are exempt from the Compliance Schedule, Section IV, the Maximum Allowable Vehicle Age Requirement, Section III, but are subject to the Annual Reporting Requirement, Section VI.

III. Maximum Allowable Vehicle Age Requirement. In accordance with the Compliance Schedule dates outlined in Section IV, no Covered Vehicle equipped with an engine older than thirteen (13) model years or that has 500,000 or more miles, whichever comes first, shall operate at LAX.

IV. Compliance Schedule.

- A. By April 30, 2019, one hundred percent (100%) of the Covered Vehicles operated by a Covered Vehicle Operator shall be (a) Alternative-Fuel Vehicles, (b) Optional Low NOx vehicles or (c) LEV II standard vehicles through 2019 or LEV III standard vehicles thereafter.
- B. A new Covered Vehicle Operator who plans to begin operations at LAX prior to April 30, 2019, must comply with the requirement set forth in Section III and subsection IV.A. prior to commencing operations at LAX.

V. Least-Polluting Available Vehicles. In cases where an Operator cannot comply with the requirements established pursuant to Sections III and IV above because neither Alternative-Fuel Vehicles, Optional Low NOx standard vehicles, or LEV II standard vehicles through 2019 and LEV III standard vehicles thereafter, are commercially available for performance of particular tasks, LAWA will instead require Operators to use the Least-Polluting Available Vehicles for such tasks. An Independent Third Party Monitor will determine whether Alternative-Fuel Vehicles, Optional Low NOx standard vehicles, or LEV II standard vehicles through 2019 and LEV III standard vehicles thereafter are commercially available to perform particular tasks, and, in cases where neither Alternative-Fuel Vehicles, Optional Low NOx standard vehicles, nor LEV II standard vehicles through 2019 and LEV III standard vehicles thereafter are commercially available for performance of a particular task, will identify the Least-Polluting Available Vehicle for performance of that task.

VI. Annual Reporting Requirement.

- A. By January 31st of each calendar year, Covered Vehicle Operators must submit to LAWA the vehicle information required on the reporting form accessible online at <https://online.lawa.org/altfuel/> for the prior calendar year.
- B. Low-Use Vehicles shall be included in the annual reporting. Where monthly trip data is used to establish low-use, the operator must provide proof such as transponder data records or an attestation acceptable to LAWA.
- C. A Covered Vehicle Operator who plans to begin operations at LAX must comply with this reporting requirement prior to commencing operations, and thereafter comply with the annual reporting deadline of January 31st of each calendar year.

VII. Enforcement.

- A. **Non-Compliance.** The following circumstances shall constitute non-compliance for purposes of this Section VII:
 - i) Failure to submit an annual report pursuant to Section VI above.
 - ii) Failure to use an Alternative Fuel Vehicle, an Optional Low NOx vehicle, a vehicle meeting LEV II standards prior to December 31, 2019, or LEV III standards thereafter, an approved Least-Polluting Available Vehicle, or a vehicle approved under LAWA's former Alternative Fuel Vehicle Requirement, including approved comparable emissions vehicles.

- iii) Failure to submit a Compliance Plan as defined in subsection VII.C. below within 30 days of notice of non-compliance from LAWA.
 - iv) Failure to adhere to an approved Compliance Plan as defined in subsection VII.C. below.
- B. Notice of Non-Compliance.** Covered Vehicle Operators found not to be in compliance with the Alternative Fuel Vehicle Requirement as set forth in subsection VII.A. above will be given a notice of non-compliance. Covered Vehicle Operators will have 30 days to correct the deficiencies documented in the notice of non-compliance by completing the annual report as defined in Section VI or submitting a Compliance Plan as defined in subsection VII.C. below, as applicable to the reason cited for non-compliance.
- C. Compliance Plan.**
- i) Operators shall transition to compliant vehicles as soon as practicable.
 - ii) Non-compliant Covered Vehicle Operators will be required to submit a Compliance Plan indicating the disposition (salvage, replace, remove from service, etc.) date for each non-compliant vehicle ("Compliance Plan") within 30 days of receiving a notice of non-compliance for a vehicle in the Operator's fleet. The Compliance Plan shall provide dates by which the non-compliant vehicle or vehicles in the Operator's fleet will meet the requirements of the LAX Alternative Fuel Vehicle Requirement and a justification for the new date. The Compliance Plan shall be signed under attestation.
 - iii) LAWA's Chief Executive Officer or his/her designee shall review the Operator's Compliance Plan and justification to determine its acceptability and authorize approval or disapproval.
 - iv) Covered Vehicle Operators shall have 30 days to seek review of LAWA's rejection of a Compliance Plan or any parts thereof by LAWA's Chief Executive Officer or his/her designee.
- D. Default.** Three or more instances of non-compliance with the LAX Alternative Fuel Vehicle Requirement as defined in subsection VII.A above within two years shall be considered a default of the applicable LAX permit, license, contract, lease, Non-Exclusive License Agreement (NELA), concessionaire agreement, and/or Certified Service Provider (CSP) Program. LAWA's Chief Executive Officer or his/her designee may, pursuant to the applicable terms provided therein, suspend or cancel a permit, license, contract, lease, NELA, concessionaire agreement or certified provider certification of non-compliant Covered Vehicle Operators who are not in compliance with this Alternative Fuel Vehicle Requirement. In addition, LAWA's Chief Executive Officer or his/her designee may seek to recoup LAWA's administrative costs from non-compliant operators.

IX. Periodic Review. This Requirement will be reviewed and updated periodically as deemed necessary by LAWA.
