

## Communication from Public

**Name:** Adam

**Date Submitted:** 05/15/2024 11:09 AM

**Council File No:** 23-1352-S1

**Comments for Public Posting:** I urge that this motion be passed. I also suggest that it be amended to apply to any company operating at this site regardless of what company applies for a permit. This site is located in the middle of a residential neighborhood. There have been oil spills and other violations of the law. A site should not exist in this location. The agreement has expired. Do not renew it.
