JUSTIFICATION FOR CEQA EXEMPTION

The Department of City Planning has determined, based on the whole of the administrative record, that the proposed Processes and Procedures Maintenance Ordinance (Maintenance Ordinance) is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines, Section 15061(b)(3) and Section 15378(b)(5). The proposed Maintenance Ordinance solely modifies administrative procedures for the processing of entitlement requests and has no effect on the physical environment.

Pursuant to Section 15061(b)(3), the proposed Maintenance Ordinance is not a project under CEQA, because the “activity is covered by the common sense exception that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.”

The proposed Maintenance Ordinance is also not a project under CEQA pursuant to Section 15378(b)(5) because “organization or administrative activities of governments that will not result in direct or indirect physical changes in the environment” are not considered a project. The proposed Maintenance Ordinance does not change any discretionary actions into non-discretionary actions. Further, the proposed Maintenance Ordinance does not change the zoning of any properties. The proposed changes are limited to technical corrections and clarifications of administrative procedures and will not have an effect on the physical environment. As such, the proposed Maintenance Ordinance does not have the potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment and is not considered a “project” under CEQA.
