### SUMMARY

On June 15, 2011, Committee Vice-Chair considered a May 25, 2011 Board report and Resolution No. 24422 relative to proposed ten-year lease and license agreement with Alaska Airlines, Inc. (Alaska Airlines) covering demised premises of approximately 67,410 square feet in Terminal 6 at LAX. According to the Board, Alaska Airlines desires to relocate from current facilities in Terminals 2 and 3 for operational reasons. Additionally, Alaska Airlines desires to make significant renovations to the Terminal to include the installation of a new in-bound baggage handling system, building a new premium passenger lounge, providing Federal Inspection Services facilities capability for at least two gates, upgrading Joint Use Areas, and upgrading the US Transportation Security Administration checkpoint areas.

After consideration and having providing an opportunity for public comment, the Committee Vice-Chair moved to recommend approval of the ten-year lease with Alaska Airlines as contained in the May 25, 2011 Board report and detailed in the above recommendations.

This matter is now forwarded to the Council for its consideration.

Respectfully submitted,

COUNCILMEMBER BILL ROSENDAHL, VICE CHAIR
