A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Statement in Support of Council File 24-0562: Bus Driver / Transit Rider / Safety / Protection / Assessment

Northridge West Neighborhood Council is writing to express our strong support for Council File 24-0562, which calls on the Los Angeles Department of Transportation (LADOT), in coordination with the Los Angeles Police Department, the City Attorney's Office, MV Transportation, and Teamsters Local 572, to conduct a thorough assessment of safety concerns impacting our city's bus drivers and transit riders. This initiative reflects a proactive approach to address urgent safety issues, ensuring that those who keep our city moving feel secure and protected in their essential roles.

Our bus drivers face significant risks daily, and it is crucial to identify and implement effective safeguards to ensure their safety, as well as the safety of the public they serve. The proposed assessment will bring forward clear insights into current safety measures, highlight potential gaps, and offer actionable recommendations with associated costs and timelines.

We strongly urge the Council to advance this measure swiftly. Protecting our transit workforce and riders aligns with our commitment to public safety and to the well-being of those who rely on and contribute to our transit systems.

Thank you for considering this important step toward a safer transit environment for all.

Jorge Antonio Jimenez

President, Northridge West Neighborhood Council
