Honorable Karen Bass, Mayor  
City of Los Angeles

Los Angeles, CA 90012  
Att: Heleen Ramirez, Legislative Coordinator

Honorable City Council  
City Hall c/o: Office of the City Clerk  
200 N. Spring St., Room 395  
Los Angeles, CA 90012

Honorable Mayor and Members of the City Council:

**SUBJECT: REQUEST TO ESTABLISH FOUR APPROPRIATION ACCOUNTS WITHIN THE  
CLIMATE EQUITY FUND NO. 65K FOR ENVIRONMENTAL STRINGENT PROJECTS**

**SUMMARY:**

The Board of Public Works (BPW) requests the establishment of four new appropriation accounts, including increase appropriation authority, within the Climate Equity Fund No. 65K from monies set aside to implement environmental stringent projects. Original funding into the new Climate Equity Fund (CF 22-0600-S90; Ordinance No. 187634) was received from Southern California Gas Company Franchise agreement/ordinance as negotiated and subsequently adopted by the City Council in March 2022 (CF No. 21-1267; Ordinance No. 187354). Per the adopted FY 2022/23 budget, funds were transferred to the General City Purposes (CF No. 22-0600) yet reverted back to the Climate Equity Fund per Charter Section 344(a) due to program development and implementation delays. This report requests to appropriate said funds and then transfer and appropriate funds to lead departments for the implementation of four of seven programs totaling \$8,350,000. Funding for the remaining three programs (\$2,150,000) will stay in the Climate Equity Fund until they are ready to launch.

**RECOMMENDATIONS:**

That the Los Angeles City Council, subject to the approval of the Mayor:

1. APPROVE the transfer of appropriation of \$8,350,000 within the Climate Equity Fund No. 65K, Dept. No. 50, Appropriation Account 50W156, into four newly established appropriation accounts (TBD), as follows and referenced in Fiscal Year 2022/2023 budget:
  - a) Air Purifier Giveaway Program \$ 1,200,000
  - b) Climate Vulnerability Assessment \$ 150,000
  - c) Heat Mitigation Home Improvement Program \$ 2,000,000
  - d) LA's Building Jobs Pilot \$ 5,000,000

2. AUTHORIZE the Board of Public Works, Director of Accounting to transfer from the Climate Equity Fund 65K, Dept. 50, Appr. TBD to the following:
  - a) \$1,200,000 – Board of Public Works (Fund 100, Dept. 74, Appropriation 003040) to procure equipment for the Air Purifier Giveaway Program;
  - b) \$150,000 - Board of Public Works (Fund 100, Dept. 74, Appropriation 003040) to assist in the launch of the Climate Vulnerability Assessment;
  - c) \$2,000,000 – Department of Water and Power (Fund 704, Dept. 98, Revenue Source Code 5166 to fund the Heat Mitigation Home Improvement Program; and
  - d) \$5,000,000 - Department of Water and Power (Fund 704, Dept. 98, Revenue Source Code 5166) to fund the LA's Building Jobs Pilot Program.
3. AUTHORIZE the Board of Public Works to make technical corrections or clarification as necessary to the above fund transfer instructions in order to implement Mayor and Council intentions.

## **BACKGROUND**

In 2021, the City of Los Angeles (City) negotiated a new franchise agreement with the Southern California Gas Company (SCG) (CF 21-1267; Ordinance No. 187354). This updated agreement/ordinance includes significant increases in environmental stringency, such as required air quality monitoring and reporting at sites and increased fees. It also required SCG to pay a total of \$21 million in two installments into a newly created Climate Equity Fund (65K) to provide for mitigation measures in neighborhoods that suffer disproportionately from climate impacts. The first payment of \$10.5 million was received in FY 2022/23 and City Council adopted the creation of this new fund in October 2022 with a November 9, 2022 effective date (Transmittals 1-3).

On November 30, 2022, in accordance with Council File No. 22-0600-S90 approved by the City Council on September 23, 2022 and Mayor on September 29, 2022 (Ordinance No. 187634 effective November 9, 2022), the Board of Public Works (BPW) requested the Office of the Controller to establish a new interest bearing "Climate Equity Fund" (Fund No. 65K/Dept. 50). The Climate Equity Fund is used for the receipt, retention, and disbursement of funds from the Southern California Gas Company Franchise (Ordinance No. 187354) for mitigation measures in low-income neighborhoods or populations that suffer disproportionately from climate impacts. The Climate Equity Fund was also created to ensure that funds received are: not commingled; used for the activities consistent with the purpose of the fund; not reverted back, lost, or mixed with general funds; and most importantly, managed by the BPW or designee.

During budget deliberations of the proposed FY 2022/23 budget, City Council adopted a series of amounts to be appropriated totaling \$10.5 Million from the Climate Equity Fund and transferred said amount to the General City Purposes as one-line budget item (Transmittal 4). Since funds were not used in FY 2022/23, the Controller's Office reverted these funds

back from the General City Purposes (Fund 100, Dept. 56, Account 000933) to Climate Equity Fund (Fund 65K, Dept. 50, Account 50W156). From this amount of \$10.5 million, seven (7) pre-identified Programs/Initiatives are to be funded as follows (Note: lead department identified for reference purposes and may be modified by Mayor/City Council):

<b><u>NAME/TITLE</u></b>	<b><u>AMOUNT</u></b>	<b><u>LEAD DEPT.</u></b>
1. Air Purifier Giveaway Program	\$ 1,200,000	BPW
2. Air Quality Monitoring at Oil Drilling Sites	\$ 1,250,000	BPW
3. Climate Vulnerability Assessment	\$ 150,000	BPW
4. Oil & Gas Record Compliance Clearinghouse	\$ 600,000	BPW
5. Heat Mitigation Home Improvement	\$ 2,000,000	DWP
6. LA's Building Jobs Pilot	\$ 5,000,000	DWP
7. Grants Officer Support	\$ 300,000	BPW

At this time, the BPW requests the creation/establishment of four new appropriation accounts within the Climate Equity Fund (Fund 65K/Dept. 50) from the initial payment of \$10,500,000 received via the Southern California Gas Company franchise negotiations, which was originally appropriated in account 50W156, to fund four (4) implementation-ready programs as referenced in the in the FY 2022/23 adopted budget.

### **IMPLEMENTATION READY PROGRAMS**

#### **Air Purifier Giveaway Program: \$1,200,000**

The Mayor's Office, BPW, Climate Emergency Mobilization Office (CEMO), Housing Authority of Los Angeles (HACLA), and Community Investment for Families Department (CIFD) have developed an Air Purifier Distribution program that addresses the disproportionate impact of poor air quality on low-income and disadvantaged populations. The Board of Public Works will expend the funds through a requisition process to purchase Energy Star and CARB Certified air purifier units, with HACLA and Family Source Centers serving as distribution centers to households in close proximity to highways, industrial centers, and the Port of Los Angeles. Lastly, CEMO will develop an outreach and education program to advertise the eligibility of residents for the program, as well as to educate them on the risk of air pollution, and how to effectively use their air purifier units. In addition, CEMO will also plan to store additional units (up to 1,000) to deploy in an air quality emergency event (wildfire, severe smog event, and the like). Therefore, this report proposes to appropriate and transfer \$1,200,000 from the Climate Equity Fund No. 65K to the BPW (Fund 100, Dept. 74, Appropriation 003040 Contractual Services) to procure the air purifiers and then deploy to HACLA and Family Source Centers for final distribution.

#### **Climate Vulnerability Assessment (CVA): \$150,000**

In March 2023, the Board of Public Works, CEMO released a Task Order Solicitation (TOS) utilizing an existing Pre-Qualified On-Call Consultant list managed by the Bureau of Engineering to hire a consultant for Strategic Consulting and Advisory Services, via Contract No. C-129643 TOS No. 81, to start discovery, engagement, and develop of framework in the analysis, outreach, design, consulting, and long-term strategic planning towards the development (co-creation) of an Equitable Building De-carbonization, Cooling Center, and Integrated Climate Adaptation and Heat Plan Strategy Report to fulfill City Council's direction and to advance CEMO's CVA objectives. This solicitation may be modified to include work towards moving forward on the CVA needed to

identify areas that are most vulnerable to climate change and promote climate equity in future climate planning, assess extreme heat and climate hazard risk, address health risks, intervene and/or mitigate extreme heat and climate hazards, and inform the City's Local Hazard Mitigation Plan. CEMO will also continue to work with the City Planning Department on its Environmental Justice Policy Program via the CVA. Therefore, this report proposes to appropriate and transfer \$150,000 from the Climate Equity Fund 65K to BPW (Fund 100, Dept. 74, Appropriation 003040 Contractual Services) to assist in the deployment/launch of its Climate Vulnerability Assessment.

#### Heat Mitigation Home Improvement Program: \$2,000,000

The Mayor's Office, BPW, Climate Emergency Mobilization Office (CEMO), Housing Authority of Los Angeles (HACLA), and LA Department of Water and Power (LADWP) have developed a Heat Mitigation pilot program that prioritizes the most heat vulnerable individuals and neighborhoods across Los Angeles. The LADWP will expend the funds through their marketplace to purchase and deliver free wall mounted air conditioning units for vulnerable residents at HACLA properties. The units will be purchased in bulk and utilize LADWP's Cool LA rebate program. HACLA will be responsible for storing and installing the units. BPW, CEMO, in collaboration with HACLA, will also develop a program to educate residents on the ways to maximize the benefits of their AC unit while minimizing costs. Opportunities to sign up for LADWP "Level Pay" billing to smooth out costs over 12 months will be offered along with other programs and information when residents sign up to receive an AC unit. Therefore, this report proposes to appropriate and transfer \$2,000,000 from the Climate Equity Fund 65K to LADWP (Fund 704, Dept. 98, Revenue Source Code 5166).

#### LA's Building Jobs Pilot: \$5,000,000

LADWP will expend the funds through the Comprehensive Affordable Multifamily Retrofits (CAMR) program which assists L.A.'s low income, multifamily property owners through no-cost property assessments to identify efficiency opportunities to help owners and their residents to save energy and reduce costs. Specifically, eligible properties will receive funding from the Pilot, in addition to existing LADWP incentives and grants, for eligible energy improvements. Eligibility for CAMR includes strict affordability criteria including: at least 66% of households at or below 80% of Area Median Income and be located in a Disadvantaged Community (DAC). Properties located outside of a DAC may be eligible to participate with proof of rent regulatory agreement or provision of public assistance program documentation.

In addition, project contractors must meet prevailing wage, skilled and trained workforce, and licensing requirements. The full terms and conditions can be found at the following link: [https://ladwpcamr.com/wpcontent/uploads/2022/04/2022\\_CAMR\\_Terms\\_and\\_Conditions\\_Multi\\_Rev1.pdf](https://ladwpcamr.com/wpcontent/uploads/2022/04/2022_CAMR_Terms_and_Conditions_Multi_Rev1.pdf). The timeline for completion of the retrofits depends on building size, age of the building, and workforce availability. However, based on the existing CAMR pipeline of projects, it is expected that 1,100 units will receive energy efficiency measures in the coming years. Lastly, LADWP will engage with academic partners to develop industry-relevant curriculum to advance the workforce needs of building de-carbonization efforts and to conduct evaluative research on the work accomplished through this Pilot to determine impacts to tenants, including short- and long-term displacement pressures, impact to utility costs, and health improvements. Therefore, this report proposes to appropriate and transfer \$5,000,000 from the Climate Equity Fund 65K to LADWP (Fund 704, Dept. 98, Revenue Source Number: 5166).

## FISCAL IMPACT STATEMENT

Approval will transfer and appropriate \$8,350,000 to BPW and LADWP. In addition, creation/establishment of new appropriation accounts totaling \$8.35 million within the Climate Equity Fund No. 65K, Department 50, will not have a general fund impact pursuant to CF Nos. 21-1267, 22-0600 and 22-0600-S90. Any unused funds will remain in the Climate Equity Fund No. 65K pursuant to Charter Section 344(a) until those programs are ready to be implemented.

An ordinance adding Chapter 193 to Division 5 of the Los Angeles Administrative Code to establish a special fund to be known as the "Climate Equity Fund".

**THE PEOPLE OF THE CITY OF LOS ANGELES  
DO ORDAIN AS FOLLOWS:**

Section 1. A new Chapter 193 is added to Division 5 of the Los Angeles Administrative Code read as follows:

**CHAPTER 193  
CLIMATE EQUITY FUND**

**Sec. 5.599. Climate Equity Fund.**

(a) There is hereby created and established in the Treasury of the City of Los Angeles a special fund to be known as the "Climate Equity Fund" (Fund).

(b) The purpose of the Fund shall be for the receipt, retention, and disbursement of funds from the Southern California Gas Company franchise, Ordinance No. 187354, for mitigation measures in low-income neighborhoods or populations that suffer disproportionately from climate impacts. Additional deposits into the Fund may be from any other source as directed by the City Council.

(c) All monies in the Fund shall be expended exclusively for uses consistent with the purpose of the Fund.

(d) The Fund shall be administered by the Board of Public Works or its designee. Expenditures from the Fund shall be authorized by the Board of Public Works or its designee, subject to the approval of the City Council.

(e) All interest and earnings attributable to the monies in the Fund shall be credited to the Fund and shall be devoted to the purposes of the Fund.

(f) Pursuant to Charter Section 344(a), at the close of each fiscal year, monies not expended from the Fund shall remain in the Fund and shall not revert to the Reserve Fund.

Sec. 2. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

### GENERAL CITY PURPOSES

As detailed below, for items in the General City Purposes Budget, administering departments and the City Clerk's Office jointly prepare contracts, administering departments handle contract monitoring and approve payments, and the City Clerk's Office handles the payments and final close-out of contracts.

Inclusion of all items requiring contracts in General City Purposes shall, at the time of final action on the Budget, constitute an acceptance by the City of the offer made by each of the applicants and an instruction to the City Clerk's Office and the administering department to draft, subject to approval of the City Attorney, the appropriate contracts and present them to the applicants for execution except as detailed below. The Mayor, unless otherwise specified, is authorized and directed to execute such contracts on behalf of the City. The administering departments will monitor the contractor and authorize all payments. Upon written authorization for payment by the administering departments, the City Clerk's Office will prepare all documents required by the Controller for payment. The administering departments will perform initial contract close-out reviews to ensure any funds not used by the contractor or used for items not authorized are refunded to the City. Upon completion of their close-out review and any necessary action, the administering departments will forward written contract close-out statements with supporting documentation to the City Clerk's Office for final contract close-out. Subsequent to the adoption of the Budget, appropriations to General City Purposes that require contracts are directed to be handled in a like manner.

1. The Controller shall transfer the following items to departments on July 1, 2022:

*City of Los Angeles*  
*FY 22-23*  
**BUDGET  
SUMMARY**

*As presented by  
Mayor Eric Garcetti*

In 2021, the City negotiated a new franchise agreement with the Southern California Gas Company (SCG). This updated agreement includes significant increases in environmental stringency, such as required air quality monitoring and reporting at sites and increased fees. It also requires SCG to pay a total of \$21 million over two installments into a newly created

## *Climate Equity Fund*

to provide for mitigation measures in neighborhoods that suffer disproportionately from climate impacts. The first payment of \$10.5 million will be received in FY 22-23 and will launch:

### **L.A.'S BUILDING JOBS PILOT**

\$5 million to launch a pilot to address the city's largest GHG emitting sector and major consumer of natural gas – buildings – and demonstrate that the transition away from oil and gas can bring job opportunities for historically disadvantaged communities. The pilot will conduct building retrofit upgrades in five community-serving buildings and will include workforce training and placement for disconnected workers.

### **AIR PURIFIER GIVEAWAY PROGRAM**

\$1.2 million to distribute air purifiers to households in neighborhoods that bear a disproportionate burden of air pollution each day and in particular on high heat days and days of wildfire smoke exposure.

### **REBATES FOR HEAT MITIGATION HOME IMPROVEMENTS**

\$2 million to provide additional incentives for the installation of new insulation, cool roofs, and other heat mitigation home improvements for housing in low-income areas with high heat index scores.

### **AIR QUALITY MONITORING AT OIL DRILLING SITES**

\$1.25 million for the installation of air quality monitoring at all 17 drill sites in the city to increase accountability of drill site operations.

### **CLIMATE VULNERABILITY ASSESSMENT & OIL AND GAS RECORD COMPLIANCE CLEARINGHOUSE**

\$750,000 to support the identification and mapping of where cooling centers are most needed as well as a citywide inventory of oil and gas compliance to increase accountability and transparency for constituents regarding oil wells in their neighborhoods.

### **GRANTS OFFICER FOR THE CLIMATE EMERGENCY MOBILIZATION OFFICE & OFFICE OF PETROLEUM & NATURAL GAS**

\$300,000 to hire a Grants Officer to research and apply for grants focused on climate mitigation, resilience, and environmental justice to ensure the City receives its fair share of related state and federal funding opportunities.

#### ALLOCATIONS FROM OTHER GOVERNMENTAL AGENCIES AND SOURCES

The City receives funds from private agencies, citizens, and various County, State and Federal programs for engineering design, fire protection, acquiring rights of way, construction, and for various other programs. These funds are deposited into various special funds that are managed by City departments. Appropriations to departments are authorized based on the criteria in which the funds are received.
