**CF 22-0120 - ELECTRIC VEHICLES CHARGING STATIONS / EXPEDITE
PERMITTING PROCESS / AB 1236 / AB 970**

Dear Honorable Councilmembers,

The Department of Building and Safety, in consultation with the City Attorney's Office and the Department of City Planning are still in the process of drafting the required Ordinance for compliance with the requirements of Government Code Sections 65850.7 and 65850.71 (AB 1236 and AB 970), relative to streamlining and expediting the permitting process for electric vehicle charging stations (EVCS).

The required Ordinance and Council File report back are forthcoming and will be submitted to the Council File once completed. Per the Council File Management System, however, the expiration date of the Council File is March 1, 2024. The Ordinance will not be completed by that date and an extension for the Council File is necessary.

Should you have any further questions, please contact Celeste Morris Nguyen at 213-482-6855 or via email at Celeste.Nguyen@lacity.org.
