## SUMMARY

The Los Angeles Police Department (LAPD) is seeking retroactive approval to apply for and accept a \$6,650,000 grant award for the 2024-25 Selective Traffic Enforcement Program (STEP) and to execute a grant award agreement between the City and the State of California, Office of Traffic Safety (OTS) for the period of October 1, 2024, through September 30, 2025. Grant funds will provide support for the implementation of the STEP to address traffic safety issues. There are no matching funds required.

The LAPD reports that since 2022, citywide traffic congestion has increased, as the City recovered from the 2020 pandemic. This has resulted in an uptick in various crash categories:

- Fatal traffic crashes increased 6%, from 294 in 2021 to 312 in 2022;
- Pedestrian fatal traffic crashes increased 21%, from 131 in 2021 to 159 in 2022;
- Bicyclists fatal traffic crashes increased 18%, from 17 in 2021 to 20 in 2022; and
- Driving under the Influence (DUI)-related fatal traffic crashes increased 6%, from 18 in 2021 to 19 in 2022.

Illegal street racing, sideshows, and intersection takeover incidents have decreased in 2022, primarily due to increased enforcement. However, these incidents continue to pose a serious public safety problem for the City. Fatal and suspected serious injury traffic crashes will continue to increase, absent a dedicated effort by the Department to enforce and curtail these activities. Accordingly, the Department pursues and utilizes grant funding award resources to enhance its enforcement capabilities in addressing these dangerous traffic-related incidents.

In the City of Los Angeles, the leading primary crash factors (PCF) identified in traffic collisions were DUI, speed, right-of-way, and pedestrian violations. Funding from the FY 2023-24 STEP Grant will help reduce the number of fatalities and injuries in traffic collisions by utilizing enforcement and innovative strategies. The State of California, OTS, awarded the LAPD \$6,650,000 in grant funds to focus on DUI and traffic enforcement.

The FY 2024-25 STEP Grant funds will be managed and coordinated through the LAPD's Traffic Coordination Section, Traffic Group, within the Transit Services Bureau, and utilized primarily to deploy police officers on an overtime basis in an effort to reduce the number of fatalities and personal injuries due to traffic collisions. Overtime funding will be utilized to support the following activities:

- DUI/Driver License Checkpoints;
- DUI Saturation Patrols;
- Alcoholic Beverage Control (ABC) Establishment Business Outreach;
- Collaborative DUI Enforcement;
- Distracted Driver Enforcement Details;
- Motorcycle Safety Details;
- Pedestrian and Bicycle Safety Details;
- Street Racing and Sideshow Enforcement Operations;
- Illegal Street Racing Vehicle Seizures;
- Pacific Coast Highway (PCH) Traffic Enforcement;
- Primary Collision Factor Enforcement Details;
- Traffic Safety Presentations.

Under the grant agreement, the State of California, OTS, will reimburse the City based on the expense categories shown in the chart on the next page.

Expense Category	Amount
Overtime Sworn	\$ 5,604,423
Overtime General	320,000
Fringe Benefits	559,266
In-State Travel	9,999
Out-of-State Travel	6,000
Contractual Services	70,000
Other Direct Costs	80,312
<b>Total</b>	<b>\$ 6,650,000</b>

A Professional Services Agreement will be executed to provide phlebotomist services at DUI checkpoints and assist with DUI investigations during the grant performance period, for an amount not to exceed \$70,000. The Department will procure bids and select a vendor for this contract. The FY 2024-25 STEP Grant will also fund in-state and out-of-state travel expenses for personnel to attend the following events: the State of California OTS Traffic Safety Law Enforcement Forum; the Lifesavers Conference in Long Beach, California; and the Governors Highway Safety Association in Pittsburgh, Pennsylvania.

Key performance measures include, but are not limited to, persons, pedestrians, bicyclists, and motorcyclists killed or injured in various traffic crash categories; the reduction in alcohol and drug involved crashes, the reduction in hit & run fatal and injury crashes; and the reduction in nighttime fatal and injury crashes.

## FISCAL IMPACT STATEMENT

Approval of the recommendations within this report will allow for the expenditure of the FY 2024-25 STEP grant award totaling \$6,650,000 from the State of California Office of Traffic Safety. There is no impact to the General Fund as a result of these recommendations. No matching funds are required for this grant.

## FINANCIAL POLICIES STATEMENT

The recommendations provided in this report are in compliance with the City's Financial Policies in that one-time grant funding will be utilized for one-time program expenditures.
