Summary:

On November 29, 2023, your Committee considered a October 6, 2023 LAHD report relative to the establishment of a Right to Counsel Ordinance and program. According to the LAHD, adoption of an RTC ordinance would establish Eviction Defense Program/Stay Housed LA (EDP/SHLA) as a permanent program, codify services, and ensure that eligible tenants living in the City have a right to access critical legal services to prevent displacement and homelessness by increasing the availability of legal representation services for low-income renters facing eviction citywide.

In its report, the LAHD has also discussed a framework for implementing a phased-in EDP/RTC program citywide. Adoption of an RTC ordinance would establish EDP/SHLA as a permanent program, codify services, and ensure that eligible tenants living in the City have a right to access critical legal defense services. Eviction defense services have proven to be a critical resource for vulnerable tenants during the pandemic and an effective tool that prevents homelessness. The LAHD will continue monitoring the EDP services, as currently implemented, and prepare to scale up operations when continued ULA funding is assured.

The LAHD will improve EDP/SHLA services by leveraging existing City programs, expanding on tenant outreach and legal assistance programs to widen the programs' reach and effectiveness further; and, building strategic partnerships with community-based organizations to expand the education and awareness campaign on tenant rights in the City of Los Angeles. Lastly, the LAHD recommends an annual reporting requirement on the households/individuals served, case outcomes, and engagement/educational efforts. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the

recommendations contained in the LHD report, as amended. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Housing and Homelessness Committee
