Subject: LA council vote on eviction moratorium

To: cityclerk@lacity.org <cityclerk@lacity.org>

You must vote NO on an eviction moratorium citywide due to the fires!! There is no reason that people living in Chatsworth or Hollywood or Marina Del Rey should be able to stop paying their rent--saying that they have a hardship from fires! These fires are NOT like COVID...they simply don't impact most people in the city---or their ability to continue to work and pay their rents!

Thank you,
Amy Klein
