DISCUSSION:

The preliminary map of Parcel Map L.A. No. 2023-2791 was conditionally approved by the Deputy Advisory Agency on August 25, 2023, for the subdivision of one (1) lot for the conversion of an existing four-unit residential apartment building into a four-unit residential condominium development.

The Advisory Agency has determined that this project will not have a significant effect on the environment.

The conditions of approval for the parcel map have been fulfilled including payment of the Recreation and Parks Fee. Transmitted Subdivision Improvement Agreement and Contract with

security documents guarantee construction of the required public improvements.

Pursuant to California Government Code Section 66458, Council shall, at its next regular meeting after it receives the map, approve the map if it conforms to all the conditions of approval of the tentative map. If the map does not conform, Council shall disapprove the map. If Council does not approve or disapprove the map within the prescribed time, or any authorized extension thereof, and the map conforms to all requirements and rulings, it shall be deemed approved, and the clerk of the legislative body shall certify or state its approval thereon. Upon approval by the Council, the final map will be transmitted to the County Engineer for filing with the County Recorder.

The expiration date of the tentative map approval is August 25, 2026.
