**Comments for Public Posting:** I'm writing in support of the ULA income support program. Every day more and more older adults are falling into homelessness. 1,000 people each year for the last year countywide, a total of 18,000 unhoused people over the age of 55, primarily here in the city of LA. The City has to begin to support these elders, otherwise they will quite literally die on city streets. Please pass these interim guidelines now and without amendment.
