There are too many projects going on concurrently in Doheny Estates and the infrastructure cannot handle any more traffic right now. There is only one road leading into and out of the neighborhood and due to major construction project at 9210 Robin the access to the neighborhood is already severely compromised. There are so many worker cars lining both sides of the streets in the neighborhood that most roads have been reduced to a single lane. We have already had several "near miss" accidents and another project will only further endanger both vehicular and pedestrian traffic. If you truly value safety, please do not approve any more haul routes in the neighborhood (Swallow, Marcheeta, Nightingale, Robin and Doheny) until an assessment of the neighborhood can done.

Thank you for submitting your comment.
