Dear city council members

I am a concerned citizen who wants who wants to be engaged civilly but i am scared and discouraged by the language and conduct during council meetings i've witnessed ranging from hate speech to peoples disturbing antics which creates a hostile environment that defeats the purpose of these forums instead of problem solving people's time are being wasted and it's disrespectful.

How much longer do we have to go through this? Council Chambers should be where our voices are heard and our time is not wasted. This is our space, a space for the people. we deserve better.

Councilmembers need to take action by setting and enforcing a more respectful dialogue and a more professional conduct. Our community deserves a public forum where everyone feels empowered to contribute, free from hostility and intimidation.

Sincerely,

malcolm mckay
