Comments for Public Posting: Please extend the ruling to Lincoln Heights as well as Boyle Heights! So many tenants have been displaced by building at the brine, across from Lincoln Parks, not to mention the Avenue 34 project (which is in CD 1 but still part of the split Lincoln heights by Martinez, de Leon, and cedillo). Lincoln Heights needs protection from the advances of USC and from predatory builders! We cant displace people to make more housing nor can the residents of Lincoln Heights often afford even “affordable” options because we are making on average around \$30k a year. Boyle Heights absolutely needs this protection and, as a resident of Lincoln Heights, I ask you add Lincoln Heights to your motion.

Comments for Public Posting: Lincoln Heights is the eldest suburb in Los Angeles, with an immense amount of richness in both history & culture and deserves to be preserved from demolitions along with Boyle Heights. Please protect our historic community.
