Comments for Public Posting: As a longtime downtown resident, I see cars illegally blocking bus lanes every single day. I support the City making use of AB-917 and working with Metro to install cameras on buses to automatically ticket parked cars. This is by far the most effective AND most cost-effective means to keep scofflaw drivers accountable, and encourage more people to take public transit as travel times decrease. I encourage the City to work as quickly as possible to implement this sorely needed measure.

Comments for Public Posting: Bus lanes that aren't enforced with cameras aren't taken seriously by drivers. I see cars illegally using bus lanes all the time, and for bus lanes to work, we need to get cars out of them. I support the City making use of AB-917 and working with Metro to install cameras on buses to automatically ticket parked cars. I encourage the City to work as quickly as possible to implement this sorely needed measure.

Comments for Public Posting: I see cars illegally using bus lanes all the time, particularly along Wilshire Blvd. For bus lanes to work, we need to get cars out of them. I support the City making use of AB-917 and working with Metro to install cameras on buses to automatically ticket parked cars. I encourage the City to work as quickly as possible to implement this sorely needed measure.

Comments for Public Posting: I enthusiastically support the creation of a permanent slow streets program in the City of Los Angeles! Slow Streets are one of the most popular programs the city has ever created. By making the program permanent, giving it a framework for expansion (including synching with our Mobility Plan), and properly funding it, we can make our neighborhood streets much safer and quieter. Please support this item!
