

Dear Council Members of the Planning Land-Use and Management Committee,

I am a Westlake resident, and am concerned about all the development in my community. I am writing to ask you to vote NO on the final approval for the hotel project proposed at 2005 James M. Wood Blvd.

At a time when many in our City cannot find decent affordable housing, the project will be a hotel for out of town visitors. Instead of benefiting the community, the proposed hotel could negatively impact our neighborhood by generating more traffic, and air quality issues both during construction and once the hotel opens.

In addition, Many of us also walk or use public transportation to get around and would be affected by the increased traffic around the project site. We need to protect our families, build more housing, and ensure development that doesn't damage our quality of life, clog our streets, and further poison our air.

I ask that you stand up for our neighborhood, and all Los Angeles residents. Stand with me and my family by voting NO on the proposed hotel project!

Sincerely,

*Michelle Pet*
