BACKGROUND

Child Passenger Safety Program

Over the last fourteen years, the City has been implementing the Child Passenger Safety Program with grant funds from the OTS. The program, administered by HCIDLA, provides child passenger safety education classes and free car and booster seats to low income residents of Los Angeles. HCIDLA employees are trained and certified as Child Passenger Safety Technicians. They educate parents on the proper selection, use, and installation of car and booster seats, measure children for booster seats, and provide a limited number of free or replacement car and booster seats to eligible low-income parents and caregivers. HCIDLA's child passenger safety team works through the FSCs, libraries, recreation centers, child care centers and other non-profit health and welfare agencies to present two-hour educational classes for parents of newborns and children who have reached the height of 4'9". Additional activities of this program include participation in community events and health fairs, where booster seats may be distributed to eligible low income residents who participate in 15-20 minute presentations regarding booster seat compliance with current child safety seat legislation.

In 2018-2019, the City received \$150,000 in OTS grant funds. By the end of the grant term, HCIDLA staff had conducted over 125 car seat safety education classes for 1,500 people, participated in 17 community events citywide that were attended by 8,400 residents, and distributed 280 free child safety seats to low-income program participants. Additionally, HCIDLA staff evaluated and corrected the installation of car seats through safety check-up events and conducted two surveys of cars and vans traversing city streets to determine if children were properly secured in safety seats. The car seat check-ups were held in conjunction with LAPD Traffic Division.

OTS requires that grant recipients apply for funding each year to continue delivering services. On January 1, 2019, OTS announced grant opportunities for the program year 2019-2020 to be awarded on a competitive basis to state and local jurisdictions.

Pedestrian and Bicycle Safety Program

The program design for the Pedestrian and Bicycle Safety Program utilizes existing Community and City department relationships to deliver program services to city residents in their respective communities. Program services include providing training workshops and presentations, community outreach events, traffic safety fairs as well as the distribution of related safety equipment and supplies to program participants. This effort is responsive to Mayor Eric Garcetti's directive to create safer streets with the focus on protecting the most vulnerable, including children, senior adults, pedestrians and cyclists. This is the third year for this program.

HCIDLA has an existing formal partnership with the FSCs as well as access to a consortium of community-based agencies. The FSCs and the network of community-based agencies are committed to providing social services programs to residents across the city and have successfully cultivated levels of trust with prospective participants. Since the program is not mandatory to the FSC agencies, contractual services will be provided by five of the six agencies who provided services in the 2018-2019 program year. HCIDLA will execute PSAs with the five FSCs for the provision of the Pedestrian and Bicycle Safety Program. HCIDLA staff will deploy targeted outreach methods in low-income neighborhoods as well as coordinate activities with the funded agencies.

FISCAL IMPACT STATEMENT

The General Fund will be reimbursed \$64,590 for fringe benefits.

1. PROBLEM STATEMENT

The number and increase in numbers of pedestrians and bicyclists in the City of Los Angeles has grown over the last several years. The increase of those injured has also risen. The City of Los Angeles, while working to increase and expand its public transportation above and below ground, has also worked to encourage the use of bicycles to reduce its carbon foot print. That encouragement has included neighborhood and citywide bicycling events, increase in road and sidewalk signage, and bicycle rentals. Education on pedestrian and bicycle safety includes both the driver and the those using the roadway in other than cars. Senior citizens walking to their neighborhood grocery stores and gathering places, and those walking their grandchildren home from school or to their recreation sites are especially vulnerable as they cross streets not sufficiently labeled, lighted or not allowing sufficient time for safe crossing. This program joins the efforts of the City of Los Angeles Department of Transportation and the Mayor's Vision Zero plan to contracts with six community based organizations to greatly expand the knowledge base and support of a more walk able and safe city. The use of community based organizations also expands the outreach to non-English speaking (or reading) communities whose language may not be included in local signage. Common misunderstandings about the "rights" or pedestrians and bicyclist also contribute to fatalities and injuries. Educating community residents about pedestrian and bicycle safety methods and laws may also increase support for City efforts such as "road diets" that engender hostility among drivers. The numbers available regarding injuries and fatalities do not give a complete picture as to where education is most needed. One of the outcomes of this grant may be to provide the information to help each collaborator to best target their unique resources.

CERTIFICATION REGARDING FEDERAL LOBBYING

(applies to subrecipients as well as States)

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

RESTRICTION ON STATE LOBBYING

(applies to subrecipients as well as States)

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

(applies to subrecipients as well as States)

Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency may terminate the transaction for cause or default.

BUY AMERICA ACT

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

LAW ENFORCEMENT AGENCIES

All subrecipient law enforcement agencies shall comply with California law regarding profiling. Penal Code section 13519.4, subdivision (e), defines "racial profiling" as the "practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped." Then, subdivision (f) of that section goes on to provide, "A law enforcement officer shall not engage in racial profiling."

1. PROBLEM STATEMENT

In the City of Los Angeles, there continues to be a high percentage of parents, guardians and caretakers who are unaware, or cannot properly respond to, the current child safety seat laws. Most of these are low wage earners who - while they must secure often unreliable used cars for transportation to work, school, shopping and recreation, -, cannot/will not extend their minimal dollars for one or more proper child safety seats. They transport their children without car seats or secure/borrow used seats that are inappropriate for their child/children. A recent report from the **Centers for Disease Control and Prevention** emphasized that car crashes are the leading cause of death for children older than 3 in the United States. That child safety seats cut death risk by 71 percent for infant passengers and 54 percent for toddlers between the ages of 1 and 4 - if they are used properly. The report states that "The most important finding from this study is that, while age and racial disparities exist, overall few children are using the restraints recommended for their age groups, and many children over five are sitting in the front seat...." Within each age group, the researchers found minority children were less likely to use the guideline-recommended safety measures for car restraints....Those disparities ranged from black and Hispanic infants being 10 times more likely to be unrestrained in a car compared with their white counterparts to older black and Hispanic children being up to 20 times more likely to be improperly seated in a car, driven by a higher propensity to be transitioned to a seat belt at an earlier age. Fewer than 2 percent of kids over 7 used a booster seat as recommended. In California we have been well aware of these statistics and work each day to reduce the impact. Although the passage of AB 60 provided an opportunity to receive a California Driver's License, those parents had been driving before the law passed. The DMV, however, may be a viable location for recruiting parents into nearby workshops and classes. We have over 200,000 children under the age in the City of Los Angeles. Our contribution in offering information, education and training, may be minimal but it is vital.

2. PERFORMANCE MEASURES

A. Goals:

1. Reduce the number of persons killed in traffic collisions.
2. Reduce the number of persons injured in traffic collisions.
3. Reduce the number of vehicle occupants killed under age eight.
4. Reduce the number of vehicle occupants injured under age eight.
5. Increase child safety seat usage.

B. Objectives:

	Target Number
1. Issue a press release announcing the kick-off of the grant by November 15. The kick-off press releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov , and copied to your OTS Coordinator, for approval 14 days prior to the issuance date of the release.	1
2. Participate in National Child Passenger Safety Week.	1
3. Conduct pre and post-grant child safety seat usage surveys during the months of October (start of the grant) and September (end of the grant).	1
4. Conduct highly publicized child safety seat checkups to promote correct usage at community locations, including shopping centers, car dealerships or preschools, with an effort to reach parents or caregivers. Note: Car seat checkers must: be NHTSA-certified Child Passenger Safety Technicians (CPST); use proper forms for documentation; have complete car seat instructions and resource materials available; and have on-site supervision by a NHTSA CPST as a lead checker.	2
5. Provide child safety seat education classes with an effort to reach low-income residents.	30
6. Participate in traffic safety fairs and/or community events with an effort to reach individuals.	12
7. Distribute no-cost child safety seats to low-income residents who complete a child safety seat class.	107
8. Recognize people "saved by the child safety seat or seat belt." OTS will be notified of all cases that involve an OTS funded child safety seat.	1
9. Work closely with community-based organizations at both the neighborhood and community level with an effort to reach individuals.	16
10. Hold quarterly meetings with countywide child passenger safety stakeholders to collaborate on events, share best practices, and leverage resources.	4

11. Collaborate with law enforcement agencies to increase knowledge and awareness of child passenger safety.

Media Requirements

The kick-off press releases and any related media advisories, alerts, and materials must be emailed for approval to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, 14 days prior to the issuance date of the release.

Media Requirements

- Send all grant-related activity press releases, media advisories, alerts and general public materials to the OTS Public Information Officer (PIO) at pio@ots.ca.gov, with a copy to your OTS Coordinator. The following requirements are for grant-related activities and are different from those regarding any grant kick-off release or announcement.
- If an OTS-supplied, template-based press release is used, there is no need for pre-approval, however, the OTS PIO and Coordinator should be copied when at the same time as the release is distributed to the press.
- If an OTS-supplied template is not used, or is substantially changed, a draft press release shall be sent to the OTS PIO for approval. Optimum lead-time would be 10 days prior to the release distribution date, but should be no less than 5 working days prior to the release distribution date.
- Press releases reporting the immediate and time-valued results of grant activities such as enforcement operations are exempt from the recommended advance approval process, but still should be copied to the OTS PIO and Coordinator when the release is distributed to the press.
- Activities such as warrant or probation sweeps and court stings that could be compromised by advanced publicity are exempt from pre-publicity, but are encouraged to offer embargoed media coverage and to report the results.
- Use the following standard language in all press, media, and printed materials: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 30 days in advance, a short description of any significant grant-related traffic safety event or program so OTS has sufficient notice to arrange for attendance and/or participation in the event.
- Submit a draft or rough-cut of all printed or recorded material (brochures, posters, scripts, artwork, trailer graphics, etc.) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval 14 days prior to the production or duplication.
- Space permitting, include the OTS logo, on grant-funded print materials; consult your OTS Coordinator for specifics and format-appropriate logos.
- Contact the OTS PIO or your OTS Coordinator, sufficiently far enough in advance of need, for consultation when deviation from any of the above requirements might be contemplated.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

- Invoice Claims (due January 30, April 30, July 30, and October 30)
- Quarterly Performance Reports (due January 30, April 30, July 30, and October 30)
 - Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
 - Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
 - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
 - Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

(applies to subrecipients as well as States)

Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. BUY AMERICA ACT

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

LAW ENFORCEMENT AGENCIES

All subrecipient law enforcement agencies shall comply with California law regarding profiling. Penal Code section 13519.4, subdivision (e), defines "racial profiling" as the "practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped." Then, subdivision (f) of that section goes on to provide, "A law enforcement officer shall not engage in racial profiling."
