Comments for Public Posting: Let me get this right: You are trying to let the police pay more police for the investigation into police behavior during the protests. I am embarrassed to be leaving a comment about this because it is so clear that City Council refuses to listen to the residents of LA. I am begging the council to NOT authorize this donation. Do not authorize a 350,000 donation from the LAPF to fund a report by the National Police Foundation on the LAPD's brutal and violent response to protestors in May, April, and June 2020. This is the definition of corruption and bias within police ranks. Please don't insult the public with this. They do not need more money to give to the National Police Foundation to spread more lies about their own brutality. There are thousands of video and anecdotal testimony available from the hundreds of thousands of protestors who were subject, and continue to be subjected to, to LAPD's violence during protests. To my council member David Ryu, please reject Monica Rogriquez and Gilbert A. Cedillo's motion. This motion is making a mockery of your governing body.

Comments for Public Posting: My name is Samantha Smart and I would like to point out that POLICE CANNOT RELIABLY INVESTIGATE THEMSELVES. This is an absolutely ridiculous proposal and should not be authorized.
