Item Number: 9.c.i.

Summary: The BABENC SUPPORTS the motion introduced by Councilmember Ryu that the Planning Department prepare and present an amendment to the Hillside Construction Regulation Supplemental Use District that will standardize the definition and comprehensively map all recommended locations for the HCR SUD Citywide, and, that the Planning Department prepare and present an amendment to the Hillside Construction Regulation Supplemental Use District to include the HCR overlay in all Council District 4 hillsides which feature high concentrations of active construction, substandard streets, restricted ingress and egress, below average emergency response times, lack of pedestrian infrastructure and location in Very High Fire Hazard Severity Zones; specifically including, but not limited to the communities of Bowmont Hazen, and Coldwater Canyon. We further support that the City Council instruct the Planning Department to add the HCR SUD to all hillside and VHFSZ parcels to the map of proposed zoning changes as part of Hollywood Community Plan Update.
