**Comments for Public Posting:** Displacing unhoused people during a pandemic is incomprehensible. The lack of care and concern for our unhoused population is already to the point of being inhumane but this continued displacement during the peak of this pandemic is dangerous if not criminal. Mayor Garcetti has shown that no movement towards public interests even after months of protests and people are suffering severely from his blatant neglect and self serving practices. Let's not add more suffering to a demographic that is already underserved at every level. WE DEMAND SERVICE NOT SWEEPS!
