Item Number:

Summary: The Arroyo Seco Neighborhood Council (ASNC) strongly opposes this counterproductive motion, which would displace and criminalize our unhoused neighbors. As the homelessness crisis continues to worsen, exacerbated by a deadly pandemic, the City Council should prioritize tangible solutions. Instead, this motion will only make matters worse, accomplishing nothing more than forcibly moving unhoused Angelenos from one part of the city to another, disrupting their lives and increasing their interactions with law enforcement and the criminal legal system. The ordinance proposed by this motion would make illegal the basic activities of unhoused people's daily lives across broad swaths of our city, despite the fact that there are not enough available shelter beds for them. This would not only be inhumane, it would also open up the City to further litigation, which our taxpayer funds will be spent defending. We understand the desire for clean streets and unobstructed sidewalks. But this is not the way to get there. Improve service delivery. Increase the number of shelter beds. Invest in affordable and supportive housing. Do not waste time and resources on this short-sighted motion. Councilmember Bonin's substitute motion offers an alternative path—one that is more just, humane, and productive. We urge you to adopt it instead and take a step towards a better Los Angeles for all residents.

Statement:

The Arroyo Seco Neighborhood Council (ASNC) strongly opposes this counterproductive motion, which would displace and criminalize our unhoused neighbors. As the homelessness crisis continues to worsen, exacerbated by a deadly pandemic, the City Council should prioritize tangible solutions. Instead, this motion will only make matters worse, accomplishing nothing more than forcibly moving unhoused Angelenos from one part of the city to another, disrupting their lives and increasing their interactions with law enforcement and the criminal legal system. The ordinance proposed by this motion would make illegal the basic activities of unhoused people's daily lives across broad swaths of our city, despite the fact that there are not enough available shelter beds for them. This would not only be inhumane, it would also open up the City to further litigation, which our taxpayer funds will be spent defending.

We understand the desire for clean streets and unobstructed sidewalks. But this is not the way to get there. Improve service delivery. Increase the number of shelter beds. Invest in affordable and supportive housing. Do not waste time and resources on this short-sighted motion. Councilmember Bonin's substitute motion offers an alternative path—one that is more just, humane, and productive. We urge you to adopt it instead and take a step towards a better Los Angeles for *all* residents.
