**Comments for Public Posting:** Your sheer hatred and vitriol for the houseless is disgusting. Anyone who votes for this measure should be ejected from their home and it be offered to houseless people.

**Comments for Public Posting:** As I have stated before, several times at length. We need to aggressively deal with this ongoing travesty of the tents and filth and trash ruining our communities making it unsafe and expanding on an already horrible situation. I am not sure why the homeless advocates want to keep these people out there in dangerous situations. In my opinion, they are unkind if not evil by letting people remain sick, in danger and potentially allowing them to die. Not very moral in my book. Enough is enough. Do something now!!!!

**Comments for Public Posting:** Every life is precious, not a statistic. Consider the immediate needs of the homeless on the street with food, water, winter clothing and temporary shelter during these wet/cold winter months during this COVID 19 pandemic. I thank you.
